IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Reorganisation of the Efficiency Audit and Anti-Corruption Department, and Machinery to deal with the representations to Government.

ORDER NO. GAD 43 BAC 59, DATED BANGALORE, THE 10TH AUGUST 1959 (SHRAVANA 19, SAKA ERA 1881).

At present, a large number of representations received by the Government from the public are referred to the officer concerned for enquiry and report. This procedure results in overcentralisation and clogs the whole Government machinery. Owing to the large number of these representations and the time taken for investigation, the disposal is not as speedy as would be desirable. In order to give quick relief to the aggrieved members of the public, a suitable machinery has to be devised for this purpose.

2. The representations which contain complaints regarding corruption are referred to the Special Officer, Efficiency Audit and Anti-Corruption, for

investigation. Apart from this, the Efficiency Audit Department is also expected to inspect the subordinate offices of the various Departments and to suggest improvements in their method of working.

3. In order to speed up the work in connection with the investigation into the representations from the public and to ensure quick disposal of the allegations about corruption, the Government have decided to re-organise the Department of Efficiency Audit and Anti-Corruption with a decentralised divisional set-up.

4. Henceforth, the Special Officer, Efficiency Audit and Anti-Corruption, will be called the Director, Efficiency Audit and Anti-Corruption, and the department as the "Directorate of Efficiency Audit and Anti-Corruption".

5. At the State level, the Directorate of Efficiency Audit and Anti-Corruption will exclusively look after—

(1) investigation into inefficiency and corruption charges against the Gazetted Officers; [It will also handle cases where Gazetted Officers and non-Gazetted officials are involved together], and

(2) inspection of the offices of Heads of Departments (excluding the offices of the Deputy Commissioners of Districts).

6. At present, there is no machinery for the regular inspection of the offices of the Heads of Departments. The Director, Efficiency Audit and Anti-Corruption will inspect the offices of the Heads of Departments in a cycle so as to inspect each office at least once in three years. The responsibility for the inspection of the subordinate offices of the various Departments can be properly left to the Heads of Departments themselves.

7. At the Divisional level, every Divisional Commissioner will be given a staff of one Assistant Commissioner and a Deputy Superintendent of Police, assisted by subordinate staff to deal with representations from the public and corruption charges against non-Gazetted officers.

8. The representations received from the public can be broadly divided into the following categories:—

(a) Corruption charges containing specific allegations;

(b) Corruption charges made in a vague and in a general manner, but with no specific instances;

(c) Requests for relief at the hands of Government:

(i) where the appropriate Government officer has passed an order and the party is aggrieved;

(ii) where the appropriate Government official has not passed orders and the case is delayed;

(iii) where requests for facilities are made (*e.g.*, demand to open a new School or a new Road, etc.).

9. The Assistant Commissioner, who will work directly under the Divisional Commissioner, will in respect of (a) above send the case to the Deputy Superintendent of Police for investigation if it relates to a non-Gazetted officer, and to the Director, Efficiency Audit and Anti-Corruption, if it relates to a Gazetted Officer; in respect of (b) merely file the communication and in respect of (c) (i) advise the party to appeal to the proper authority (if the order is final, the order must stand and the party will be informed accordingly).

10. Where it is clear from the application or facts ascertained from the applicant that Government cannot grant any relief, *e.g.*, civil disputes, or where Government has already passed final orders or no relief under the rules is permissible, the party will be informed accordingly.

11. In cases where the representation received shows that the individual is not getting relief from the Department concerned, the Assistant Commissioner will further investigate into the matter. It is an essential feature of this scheme that the Assistant Commissioner should meet the officers concerned and settle matters by personal discussion and not by writing notes or letters. The results of

such discussions should be recorded by the Assistant Commissioner in writing. Where the Assistant Commissioner finds that he cannot make such progress, he will place the case before the Divisional Commissioner.

12. The Assistant Commissioner should also help persons who approach him and are suffering from a genuine grievance to approach the proper officer.

13. The remaining representations are those which contain requests for facilities. Directions for detailed investigation in such cases do not fit in with the 'Plan' and create a heavy load of work on Departments, particularly like the Public Works Department. The requests should be sent to the Heads of Departments for disposal and could also be processed in the District Development Committees or Block Committees. Only those Schemes which are likely to secure a high priority may be investigated in detail.

14. Government wishes to emphasise that the Assistant Commissioner at the Divisional level will be a Public Relations Officer and will do his utmost to expedite the disposal of delayed cases and redress the grievances from the members of the public. For this purpose he can fruitfully utilise the monthly Co-ordination Committee meetings held by the Deputy Commissioners every month.

15. The Police staff at the Divisional level, though under the administrative control of the Divisional Commissioner, will, for purposes of technical control, work under the Superintendent of Police in the Directorate of Efficiency Audit and Anti-Corruption at the headquarters at Bangalore.

16. The staff as shown below is sanctioned for the Directorate of Efficiency Audit and Anti-Corruption, for a period of one year in the first instance :—

	State level	*Divisional level*	*Total*
(1) Director (Senior I.A.S. Scale) ...	1	...	1

17. The staff mentioned above includes a Reserve at Headquarters under the Director, consisting of one Inspector, three Sub-Inspectors, two Head Constables and four Constables, for investigating into the complaints against the offices of the Heads of Departments.

18. Government are pleased to sanction two vans (jeep-station-wagons) for the Department, to assist in the investigation of corruption cases. One of the vans will be in replacement on the existing one, which should be disposed of in accordance with the existing rules.

19. If the officers of the Department of Efficiency Audit and Anti-Corruption have been appointed as Enquiry Officers in any departmental proceedings and the cases have come up to the stage of oral enquiry, they should be continued to be heard and completed by the officers concerned, unless orders to the contrary are communicated by Government.

20. This Order comes into force from the 1st of September 1959.

By Order and in the name of the Governor of Mysore,

COMMERCE AND INDUSTRIES SECRETARIAT

Purchase of Handloom Cloth for Government requirements.

OFFICIAL MEMORANDUM

No. CI 81 MSP 59, DATED BANGALORE, THE 14TH AUGUST 1959
(SHRAVANA 23, SAKA ERA 1881).

In Official Memorandum No. CI 89 SPC 57, dated the 15th January 1958, it is ordered that Government Departments should purchase their requirements of cloth in Khadi only, the only exception being the Police Department. In exceptional circumstances and after obtaining prior sanction, it is permissible for a Government Department to buy Handloom cloth when Khadi is considered unsuitable for any special reasons or is not available.

Since the issue of the abovementioned Official Memorandum, representatives of the handloom industry have been urging that as a result of Government Policy in favour of Khadi, large stocks of handloom cloth are remaining unsold and this is causing great hardship to the handloom industry. They have pointed out that for many years past they had been supplying handloom cloth to meet the requirements of Government Departments and that their reasonable expectations have been frustrated owing to the decision of Government. They represent that stocks valued at Rs. 4·00 lakhs manufactured solely for supply to Government Departments have accumulated and are remaining unsold. They also point out that Khadi cloth is not suitable for use in Hospitals and that handloom cloth is cheaper than Khadi. They, therefore, request that the policy of Government may be revised, at any rate, for the current year, so that the accumulated stocks may be disposed of and some relief afforded to the handloom industry.

While Government's decision regarding purchase of Khadi was taken in January 1958, the rate contract for handloom goods was continued till 30th June 1958. The handloom industry, therefore, cannot claim that they had no notice of change of policy. However, it is seen that the handloom industry possibly not being able to foresee a change of policy, have manufactured some stocks of cloth to meet the requirements of some of the Government Departments, which they are now holding as dead stock without any demand for these goods in the open market. Having regard to this factor, Government are of the opinion that it would be reasonable to show some consideration in respect of the accumulated stocks, so that the same may be cleared and accordingly decided that handloom cloth be purchased to the extent of 50 per cent of the cloth required for Hospitals, Guest Houses and other Government Departments, except for uniforms of Class IV servants. This modification of the previous decision to purchase Khadi will hold good for the current year only and is made in order to assist the disposal of the already accumulated stocks of handloom cloth in the Apex Society.

All the Heads of Departments are requested to see that the above decision of Government is implemented.

S. N. KALABHAIRAVAN,
Under Secretary to Government,
Commerce and Industries Department.

Inspection of Records during enquiry—Claim to T.A. by delinquent Officers.

READ—

Letter No. G-69-910/59-60, dated 24th July 1959, from the Special Officer, Efficiency Audit.

Article 569(4) and 570 of M.C.S.R., 1958 provide for T.A , to a delinquent officer charged for corruption and facing enquiry. A question has been raised whether such officers who are required to go to the Head Office of the Special Officer, Efficiency Audit, or other offices in connection with examination of records should also be entitled for the grant of T.A. and other Allowances for their journey to the place where records are made available. The existing practice, according to the Special Officer, Efficiency, Audit is to allow T.A. in such cases by granting a certificate of attendance. He therefore recommends that T.A. may be allowed in such cases treating such journeys as duty and to avoid unnecessary stay during such journeys, to limit the halts to a maximum of three days

ORDER No. GAD 14 OSR 59, DATED BANGALORE, THE 21ST AUGUST 1959 (SHRAVANA 30, SAKA ERA 1881).

Government approve the proposal of the Special Officer, Efficiency Audit and direct that all delinquent officers facing Departmental enquiries or enquiries by the Anti-corruption Department can claim T.A. and D.A. according to the scale admissible to them from their usual places of official duty to the place where records of enquiry are made available as on duty on condition that the halts at such places do not exceed three days. The Enquiry Officer should decide the number of days required for the purpose and certify that the stay was necessary for the purpose.

READ—

Letter No. HD 54 EST 57, dated the 22nd April 1957, from the Secretary to Government, Home Department, to the Inspector General of Police, Mysore State, calling for proposals for Re-organising the Police Department in order to secure all possible economy in expenditure.

2. Correspondence ending with letter No. 160/RA/57 (Bangalore District), dated 15th September 1958, from the Inspector General of Police, Mysore State, forwarding Re-organisation proposals of the District Police in Bangalore District.

ORDER No. HD 180 EHT 58, DATED BANGALORE, THE 13TH AUGUST 1959 (SHRAVANA 22, SAKA ERA 1881).

The Inspector General of Police has sent proposals for the Re-organisation of the Police Force in the Bangalore District in pursuance of the instructions issued by Government.

In these proposals, he has adopted a definite basis keeping in view the local, economic and geographical conditions of the District, the incidence of crime, communal clashes and other special problems of the area.

The existing and proposed set up of the Police Force are set out in Appendix "A" and "B" respectively.

The salient features of the proposals are :—

1. Formation of five circles as indicated in Appendix "C", the Doddaballapur and Hosakote Circles being placed under the direct charge of the District Superintendent of Police and the Chennapatna, Nelamangala and Kanakapura Circles under the charge of the Deputy Superintendent of Police.

2. Setting up of the following 5 New Police Stations :—

(a) Doddaballapur
(b) Vijayapura
(c) Whitefield
(d) Bidadi
(e) Sathnur

3. Abolition of the following ten Out-posts :—

(a) Vijayapura and Vishwanathapura in Devanahalli Taluk
(b) Whitefield in Bangalore South Taluk
(c) Kadagodi and Devanagondi in Hoskote Taluk
(d) Chennapatna Town Bazaar Outpost in Chennapatna Taluk
(e) Bidadi in Ramanagaram Taluk
(f) Sathnur, Chikkamudavadi and Doddalahally in Kanakapura Taluk

4. Formation of the "District Special Branch" with a strength of 1 Sub-Inspector and 3 Head Constables.

5. Formation of the "District Intelligence Bureau" with a strength of 1 Sub-Inspector and 2 Head Constables.

No. HD 180 EHT 58, DATED 13TH AUGUST 1959.

6. Reconstitution of the "Armed Police into a "District Armed Reserve" consisting of 1 Headquarters Platoon and one Active Platoon, as shown in Appendix "D" with Headquarters at Chennapatna under the direct charge of the Deputy Superintendent of Police subject to the overall control of the District Superintendent of Police.

7. Provision of a vacancy Reserve at 10 per cent of the total strength of the Head Constables and Police Constables in the Civil and Armed Police.

8. Provision of a permanent staff for the enforcement of Prohibition in place of the temporary staff existing hitherto.

The proposals involve extra cost to the extent of Rs. 16,203·48 nP. (Rupees sixteen thousand two hundred and three and naye paise forty-eight only) per annum.

After careful consideration Government are pleased to sanction the proposals of the Inspector General of Police, Appendix "E" indicates the existing distribution of the Police Force and Appendix "F" shows the re-organised distribution.

In working out the net financial effect of these proposals, the revised pay scales have been taken into account for the surplus and additional posts required. Separate orders will issue regarding the continuance, rationalisation or otherwise of the allowances. The present Re-organisation order fixed only the strength of the Police Personnel in each category. As regards the incumbents that occupy these posts their pay scales will depend on whether or not they opt to the new scales.

As some time lag is involved in the sanction of the Re-organisation proposals of all the Districts the incumbents of the surplus posts will continue as supernumeraries from the date of this order till the Re-organisation of the entire Department is completed.

The Inspector General of Police is requested to send a statement of re-distribution of Forces of the entire State for the information of Government when all the proposals are finalised and also the necessary proposition statement.

A notification indicating the changes in the existing jurisdiction of Police Stations and Out-posts will be issued separately.

By Order and in the name of the Governor of Mysore,

K. NARAYANASWAMY,
Secretary to Government,
Home Department.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Issues instructions prescribing the procedure regarding preparation of pension applications by Gazetted Officers.

OFFICIAL MEMORANDUM

No. GAD 1 SIS 59, DATED BANGALORE, THE 28TH AUGUST 1959 (BHADRAPADA 6, SAKA ERA 1881).

As per the practice in this State, Gazetted Officers who proceed on retirement from service are themselves required to prepare their pension applications in the prescribed form (Form 7) including the statement of service, calculation of average emoluments, the proposed pension and gratuity, etc. This invariably causes

inconvenience and difficulty to the officer concerned as he will not have the necessary material with him for the preparation of pension papers. In order to obviate this difficulty, the following procedure is prescribed :—

As per Rule 327 of the M.C.S. Rules, a Gazetted Officer retiring from service is required to submit a formal application for pension to the Head of the Department through his official superior and if the officer himself is the Head of the Department, he should submit his application to the Chief Secretary to Government through the Audit Officer. The authority receiving the application should then draw up the application in the prescribed form, *viz.*, Form 7 of the M.C.S. Rules. The Head of the Department (or General Administration Department in respect of Heads of Departments themselves) will also prepare the statement of service, calculation of average emoluments, the proposed pension and gratuity, etc., of the retiring officer, with reference to the printed History of Services, which is revised triennially and the addenda published in the intervening years. If however, in specific cases, the particulars of service of the Gazetted Officers relating to the terminal periods of the service are not available from the published material, the required information may be obtained from the Accountant General, Mysore, by the Heads of the Departments concerned.

K. MUHAMMAD BEARY,
Under Secretary to Government,
General Administration Department
(*Services*-2).

PUBLIC WORKS AND ELECTRICITY SECRETARIAT.

Sanctions the Re-allocation of Staff for the Offices of the Chief Engineers of the Public Works Department.

READ—

1. Government Order No. PWD 450 EWG 57, dated 18th November 1957 constituting a Committee for a comprehensive examination of the question of reorganisation of the departmental set up in the Public Works Department.

2. Para 113 of the Report of the Committee constituted in the Government Order dated 18th November 1957 read above.

3. Government Order No. PWD 6 SCO 59, dated 3rd March 1959 according sanction to re-allocation of charges of the three Chief Engineers, *viz.*, Chief Engineer (General), Chief Engineer (Irrigation and Public Health) and Chief Engineer (Irrigation Projects).

4. Government Order No. PWD 88 ORG 58, dated 29th April 1959 directing the reconstitution of Public Works Department Circles in the State, the abolition *inter alia* of the Sanitary Circle, Bangalore, with effect from 16th May 1959 and further directing that the staff attached to the Circle Office will, after that date and until further orders, be attached to and form part of the Office of the Chief Engineer (Irrigation and Public Health).

5. Government Order No. PWD 99 SPG 59, dated 8th May 1959 according sanction to the setting up of two fullfledged Designs Units—one for Roads, Buildings and Bridges, to be attached to the Office of the Chief Engineer (General), under an Executive Engineer and the other for Public Health Engineering to be attached to the Office of the Chief Engineer (Irrigation and Public Health), under a Superintending Engineer.

6. Government Order No. PWD 63 SCO 59, dated 22nd July 1959 sanctioning the reorganisation of the non-Project Divisions and Sub-Divisions in the Public Works Department.

7. Letter No. 627-29/S/62, dated 20th May 1959 from the Chief Engineer, (General), submitting *inter alia* proposals for sanction of Gazetted and Non-gazetted staff for the Office of the Chief Engineer, (General) including the Designs Unit of the Office, consequent on the reallocation of the Chief Engineers' charges.

following instructions for the guidance of officers dealing with land acquies are issued regarding the need for depositing award amounts in Courts ely to prevent the liability of Government for payment of accumulated

Under the scheme of the Land Acquisition Act, once the award is declared ession is taken, it is necessary to make payment of the award amount. 8 of the Land Acquisition Act, 1894, provides for payment of interest on d amount from the date on which the possession of the land is taken. e, in all cases, where possession is taken before the award is passed, it is that the amount is paid or deposited immediately after the award, t accumulation of interest.

Normally, four types of cases arise in matters where awards are passed in quisition cases and payments are required to be made by Government behalf of some departments or local bodies. Such cases are—

(1) Where an award is passed by the Land Acquisition Officer and the valuation is accepted by the owner of the land ;

(2) Where the award is not acceptable to Government ;

(3) Where the award is not acceptable to the owner of the land ;

(4) Where the title to the land is in dispute or the question of apportionment of the compensation is in dispute.

first category of cases does not present any difficulty, as the owner of the ots the award. In such cases payment should be made to the owner ng possession.

In the second category of cases, where Government does not accept the award, the only course of action is to withdraw from acquisition, unless possession of the land has been taken prior to the award. Where possession has been already taken, the award amount must be paid forthwith.

In the third category of cases, the owner of the land does not accept the award and challenges the quantum of compensation. In such cases, he is normally reluctant to accept the amount. So, the amount can be deposited in Court and the Court may be moved to notify to the owner the fact of such deposit. If the owner allows the amount to remain in Court, the Government will not be liable for interest. Section 32 empowers the Court to invest the amount so deposited in some Government securities. If the deposit is made in such cases, then even if the amount of compensation is enhanced, Government would be saving interest on the amount deposited.

The fourth category of cases relates to award where there is dispute about the title to the land or about the apportionment. There may be also cases where the owner of the land is either a minor or a person of unsound mind, etc., prohibiting immediate payment to him. In such cases, Government would be exonerated from payment of interest if the amount is deposited in Court.

3. The position is different when the Court awards enhanced compensation on a reference made to it under Section 18. In such cases, Government may—

(i) accept the enhancement *in toto*,

or

(ii) accept it in part,

or

(iii) contest it *in toto*.

In the first case, the amount due should be deposited as early as possible. In the second case, the amount which Government does not contest should be deposited in Court and expeditious action taken to file an appeal to the High Court in respect of the balance and to move for stay of execution to recover such balance. In the third category of cases also, an appeal should be preferred expeditiously and action taken to move the High Court to stay recovery, pending disposal of the appeal.

4. Government desire to impress upon all officers that they are liable to be held responsible for any failure to deposit the proper amount as indicated above, which would make Government liable for payment of interest and consequent loss to Government.

3. Letter No. DA 8D/VI/23(2)/149-152, dated 10th July 1959 from the Accountant General, Mysore, Bangalore.

ORDER No. ED 36 SES 57, DATED BANGALORE, THE 4TH SEPTEMBER 1959 (BHADRAPADA 13, SAKA ERA 1881).

The Accountant General, Mysore, Bangalore, requested for clarification in his letter, dated 17th January 1958 read above regarding payment of T.A. and D.A. to the non-official members of the Secondary Education Board constituted by

Government. He wanted clarification as to whether the members of the Board who are employees of the Educational Institutions managed by the District Boards and Municipalities in the integrated areas of the State are to be treated as official or non-official members of the Board. If in case they are treated as non-official members, they are entitled to T.A. at the rates applicable to such members according to the classification of the Board or Committee. If not, their claims for T.A. for journeys in connection with meetings of the Board will be regulated under the rules applicable to official members.

2. The payment of T.A. and D.A. to the non-official members of the Committees, etc., constituted by Government have to be given as per rules prescribed under Government Notification No. Cod. 1168-57, dated 23rd August 1957 according to which these Committees are to be listed under "A", "B" or "C" according to the importance of the Committee. At present service conditions of the employees in the Local Bodies in the different integrated areas of this State are governed by different laws. The Government of Madras have intimated in their letter No. 176583 E5/59-2-Education, dated 9th March 1959 that the Board of Secondary Education is classified as First Class Committee for the purposes of T.A. and D.A. to its non-official members and that Head Master of the District Board High School is treated as non-official member of the Board.

3. Government were considering the question of issuing general orders regulating the payment of T.A. and D.A. to the staff employed in the District Board, Municipalities and other Local Bodies who are attending the meetings connected with Government work. As the employees of the Local Bodies when selected for the Membership for Committees constituted by Government would be representing particular interest, they will be non-official members of such Committees, and as such they will have to be treated on par with non-official members on the panel of such Committees. Government are, therefore, pleased to direct that the employees of the District Boards, Municipalities and other Local Bodies who are appointed as members of the Committees, Boards, etc., constituted by the Education Department be treated as non-official members for the purposes of payment of T.A. and Daily Allowance as prescribed under Government Notification, Finance Department No. Cod. 1168-57, dated 23rd August 1957.

CHIEF SECRETARIAT

Mysore Government Servants' Medical Attendance Rules—Facilities for free medical aid outside the State.

CIRCULAR

No. GAD 17 ORR 59, DATED BANGALORE, THE 4TH SEPTEMBER 1959 (BHADRAPADA 13, SAKA ERA 1881).

Under Rules 2(c), 3 and 6 of the Mysore Government Servants' Medical Attendance Rules, a Government servant is entitled to medical treatment, free of charge, by the authorised medical attendants within the State of Mysore. The only exception to this rule is under proviso to Rule 3 which lays down that in the case of a Government servant stationed in or travelling on duty or on leave in any place outside Mysore State but in the territory of India receives medical attendance for himself or for the members of his family. Even in such cases, only a reasonable amount paid by him on account of treatment shall on production of a certificate in writing of the medical attendant be reimbursed to him after obtaining sanction of Government in the Finance Department.

2. Government servants are thus eligible to avail free of charges only such medical facilities as are available within the State. The question of consulting experts outside the State, at Government cost, for any particular disease regardless of the availability or otherwise of such a specialist for that ailment within the State, does not therefore arise. Individual recommendations are being received by Government from the Medical Department suggesting that consultation of experts in Vellore, etc., is necessary. Such recommendations are beyond the scope of the Medical Attendance Rules and are therefore not in order.

3. As regards cases of Government servants who are on duty, deputation, leave or travelling in any place outside the State but within the territory of India who suddenly fall ill and have to receive urgent medical attendance, they will be entitled for reimbursement of the cost of the medical attendance to the same extent and to the same scale as the Government servants would have been eligible had they at the time of illness, been within the State. Even in such cases the patient should get himself discharged as soon as he is certified fit to travel and undertake or continue the treatment within the State.

4. The claim for reimbursement should be supported by proper receipts and vouchers countersigned by the authorised medical attendant to the effect that the treatment was necessary and the charges are reasonable having regard to the circumstances of the case, and sanction of Government obtained in the Finance Department.

Requirement to pass Examination in General Law by Government Servants.

Government Order No. OSD 1 RDE 57, dated 31st October 1957.

ORDER No. GAD 150 SRR 59, DATED BANGALORE, THE 10TH SEPTEMBER 1959 (BHADRAPADA 19, SAKA ERA 1881).

According to Government Order No. OSD 1 RDE 57, dated 31st October 1957, an examination in General Law has been prescribed consisting of 3 papers—Paper I on "Civil and Criminal Law", Paper II on "Police Act and Land Laws" and Paper III on the "Constitution of India". All Gazetted officers, except those belonging to certain technical Departments are required to pass the examination in General Law, including Paper III. With the exception of one or two categories of posts, as for instance Superintendents of the Mysore Government Secretariat, a pass in Paper III is not required for holders of non-gazetted posts. Thus it will happen in the majority of cases that a non-gazetted Government servant will have to complete only Paper III, for being eligible for promotion to a gazetted post. In view of these circumstances, it is felt that the examination in General Law may be split up into two distinct parts—Part I consisting of the present Papers I and II and Part II consisting of the present Paper III. The Mysore Local Services Examination Board is in favour of such a change.

2. Government are pleased to direct that the examination in General Law be hereafter split up into 2 parts—Part I comprising of Paper I on "Civil and Criminal Law" and Paper II on "Police Act and Land Laws", and Part II consisting of a paper on "Constitution of India". The examination fee will, however, be the same, irrespective of whether a candidate takes the two parts together at the same examination or only one of the parts.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Recruitment through Employment Exchanges.

OFFICIAL MEMORANDUM

No. GAD (S-1) 140 RSR 58, DATED BANGALORE, THE 2ND JULY 1959.

In Official Memorandum No. GAD (S-1) 140 RSR 58, dated the 18th December 1958, it is directed that Classes III and IV vacancies of short duration up to a month may be filled up by local candidates without reference to the Employment Exchange. It is now brought to the notice of Government that some of the appointing authorities have made appointments of local candidates from the open market even in the case of Classes III and IV vacancies which are likely to last for more than one month and have later approached the Employment Exchanges for re-nomination of the candidates so employed by them when the period of vacancy extends beyond one month. This practice is very irregular and is opposed to the

accepted principle of National Employment Service. The appointing authorities are, therefore, requested to see that the instructions issued in the Official Memorandum dated the 18th December 1958 cited above are not violated and they are informed that severe notice will be taken of any default in this respect.

L. A. DHAMANIGI,
Under Secretary to Government,
General Administration Department,
(Services-1).

ORDER No. FD 192 SRS 59, DATED BANGALORE, THE 18TH AUGUST 1959 (SHRAVANA 27, SAKA ERA 1881).

The period for exercising option to the Mysore Leave Rules, 1957 (Part III of the Mysore Civil Service Rules, 1958) expired on the 31st August 1958. It has been brought to the notice of Government that there are cases wherein persons allotted or reallotted to this State under the States Reorganisation Act, 1956, have joined duty in this State subsequent to 31st August 1958, and such persons do not have a chance to opt for the Mysore Leave Rules, 1957, due to the expiry of the date fixed for exercising option thereto. Government feel that in all equity they should be given a chance to come over to the Mysore Leave Rules, 1957, and therefore, direct that such of the Government servants, who have joined duty in this State consequent on their allotment or reallotment under the provisions of the States Reorganisation Act, 1956, between the periods 1st September 1958 and 31st March 1959, be permitted to opt for the said Leave Rules before the 1st day of October 1959.

PLANNING AND DEVELOPMENT SECRETARIAT

Drinking Water Wells for the use of Scheduled Castes and Scheduled Tribes.

CIRCULAR

No. P & D 71 SEA 59, DATED BANGALORE, THE 4TH SEPTEMBER 1959.

Government is receiving a number of representations from the Scheduled Castes people in the rural areas for providing Drinking Water facilities, as in a number of villages the existing facilities are quite inadequate. While all wells constructed

or maintained from the public funds are required to be kept open for the use of Harijans, it is necessary to sink wells in all the villages for the use of the villagers in general and Harijans in particular, wherever the existing drinking water facilities are inadequate, by pooling together all the available funds from the following sources :—

(i) the funds available under the Development Block Budgets ;
(ii) the funds released under the Local Development Works Programme ;
(iii) the funds provided for the Amelioration of Scheduled Castes and Scheduled Tribes.

2. Attempts have been made to make the process of execution of works under these programmes as uniform as possible. No work, be it under any programme, can be executed in a Development Block without public contribution. However, when there are two alternatives open to a village, *viz.*, to participate in the scheme entailing public contribution or another scheme wherein no contribution is required from the village, the village is likely to choose the latter alternative. At the same time, Government is anxious that no village should be denied the provision of a drinking water well, irrespective of the basic requirement of public participation in any work. Government is, therefore, pleased to direct that the following order of priority should be laid down in taking up of drinking water well works :—

(i) the villages where there is no source of drinking water supply at all. In this category would be included the villages where sources of drinking water supply are inconveniently situated, although the sources may be perennial ;
(ii) villages where at present there are step wells, but which require to be converted into draw wells from the hygienic and sanitation point of view ;
(iii) villages where a well or wells do exist but these are so situated that they do not serve the Harijan population or serve it only inadequately ;
(iv) villages where a fairly adequate sources of water supply exist and where the people are desirous of augmenting it or improving it with their efforts.

In the case of last category, normally, wells should be taken up only with the requisite popular contribution.

3. However, whenever representations are received by Government direct from the Harijans about the lack of facilities of drinking water, the representations will be brought to the notice of the Deputy Commissioners for taking suitable action in consultation with the Taluka Advisory Committees.

4. The Director of Social Welfare, Divisional Commissioners and the Deputy Commissioners are requested to dispose of all representations for providing facilities of Drinking Water in the villages in the light of the above instructions.

MANI NARAYANSWAMI,
Deputy Secretary to Government,
Planning and Development Department.

OFFICIAL MEMORANDUM.

No. CI 65 MSP 59, DATED BANGALORE, THE 25TH AUGUST 1959
(BHADRAPADA 3, SAKA ERA 1881).

The Madras Government have informed this Government that as part of the programme for the development of small scale industries, they have sanctioned a scheme in February 1956 for starting a Galvanising Plant at Mettur Dam, Salem District. The object of the scheme is to galvanise steel structures and angles required for the construction of transmission lines and to serve as a servicing centre for galvanising fabricated articles like buckets, drums, bath tubs, pots, etc. This plant has started functioning from the first week of October 1958. This Plant is stated to be the biggest Plant in the four States of South India and the most up to date one, when compared to the plants established at Bombay and Calcutta. In order to keep the Plant fully engaged, the Madras

Government have requested that the various Departments of this Government, including the Electricity Department, be addressed in the matter of utilising the services of these galvanising works, Mettur Dam in respect of their needs.

Government Order No. LLH 122 CRB 57, dated 8th June 1959 sanctioning the proposal of the Bangalore Corporation to amend bye-law No. 30(2) of the Bye-laws for the regulation of traffic in Public Streets, etc.

In view of this position the Government Order cited above is therefore cancelled.

REVENUE SECRETARIT

Depositing the Award amounts in Courts in land acquisition cases.

CIRCULAR

No. RDH 11 LQM 59, DATED BANGALORE, THE 11TH AUGUST 1959 (SHRAVANA 20, SAKA ERA 1881).

The following instructions for the guidance of officers dealing with land acquisition cases are issued regarding the need for depositing award amounts in Courts immediately to prevent the liability of Government for payment of accumulated interest.

1. Under the scheme of the Land Acquisition Act, once the award is declared and possession is taken, it is necessary to make payment of the award amount. Section 28 of the Land Acquisition Act, 1894, provides for payment of interest on the award amount from the date on which the possession of the land is taken. Therefore, in all cases, where possession is taken before the award is passed, it is essential that the amount is paid or deposited immediately after the award, to prevent accumulation of interest.

2. Normally, four types of cases arise in matters where awards are passed in Land Acquisition cases and payments are required to be made by Government either on behalf of some departments or local bodies. Such cases are—

(1) Where an award is passed by the Land Acquisition Officer and the valuation is accepted by the owner of the land ;
(2) Where the award is not acceptable to Government ;
(3) Where the award is not acceptable to the owner of the land ;
(4) Where the title to the land is in dispute or the question of apportionment of the compensation is in dispute.

The first category of cases does not present any difficulty, as the owner of the and accepts the award. In such cases payment should be made to the owner while taking possession.

In the second category of cases, where Government does not accept the award, the only course of action is to withdraw from acquisition, unless possession of the land has been taken prior to the award. Where possession has been already taken, the award amount must be paid forthwith.

In the third category of cases, the owner of the land does not accept the award and challenges the quantum of compensation. In such cases, he is normally reluctant to accept the amount. So, the amount can be deposited in Court and the Court may be moved to notify to the owner the fact of such deposit. If the owner allows the amount to remain in Court, the Government will not be liable for interest. Section 32 empowers the Court to invest the amount so deposited in some Government securities. If the deposit is made in such cases, then even if the amount of compensation is enhanced, Government would be saving interest on the amount deposited.

The fourth category of cases relates to award where there is dispute about the title to the land or about the apportionment. There may be also cases where the owner of the land is either a minor or a person of unsound mind, etc., prohibiting immediate payment to him. In such cases, Government would be exonerated from payment of interest if the amount is deposited in Court.

3. The position is different when the Court awards enhanced compensation on a reference made to it under Section 18. In such cases, Government may—

(i) accept the enhancement *in toto*,

or

(ii) accept it in part,

or

(iii) contest it *in toto*.

In the first case, the amount due should be deposited as early as possible. In the second case, the amount which Government does not contest should be deposited in Court and expeditious action taken to file an appeal to the High Court in respect of the balance and to move for stay of execution to recover such balance. In the third category of cases also, an appeal should be preferred expeditiously and action taken to move the High Court to stay recovery, pending disposal of the appeal.

4. Government desire to impress upon all officers that they are liable to be held responsible for any failure to deposit the proper amount as indicated above, which would make Government liable for payment of interest and consequent loss to Government.

M. VENKATAGIRIRAJU,
Under Secretary to Government,
Revenue Department.

EDUCATION SECRETARIAT

Admissibility of Travelling Allowance to members of the Boards and Committees constituted by the Education Department and employees of the District Boards and Municipalities, treating them as non-officials.

READ—

Letter No. DA VIII-D/Edn. V. 375, dated 17th January 1958 from the Accountant General, Mysore, Bangalore.

2. Government letter No. ED 36 SES 57, dated 24th April 1959 addressed to the Accountant General, Mysore, Bangalore.

3. Letter No. DA 8D/VI/23 (2)/149-152, dated 10th July 1959 from the Accountant General, Mysore, Bangalore.

ORDER No. ED 36 SES 57, DATED BANGALORE, THE 4TH SEPTEMBER 1959 (BHADRAPADA 13, SAKA ERA 1881).

The Accountant General, Mysore, Bangalore, requested for clarification in his letter, dated 17th January 1958 read above regarding payment of T.A. and D.A. to the non-official members of the Secondary Education Board constituted by

Government. He wanted clarification as to whether the members of the Board who are employees of the Educational Institutions managed by the District Boards and Municipalities in the integrated areas of the State are to be treated as official or non-official members of the Board. If in case they are treated as non-official members, they are entitled to T.A. at the rates applicable to such members according to the classification of the Board or Committee. If not, their claims for T.A. for journeys in connection with meetings of the Board will be regulated under the rules applicable to official members.

2. The payment of T.A. and D.A. to the non-official members of the Committees, etc., constituted by Government have to be given as per rules prescribed under Government Notification No. Cod. 1168-57, dated 23rd August 1957 according to which these Committees are to be listed under "A", "B" or "C" according to the importance of the Committee. At present service conditions of the employees in the Local Bodies in the different integrated areas of this State are governed by different laws. The Government of Madras have intimated in their letter No. 176583 E5/59-2-Education, dated 9th March 1959 that the Board of Secondary Education is classified as First Class Committee for the purposes of T.A. and D.A. to its non-official members and that Head Master of the District Board High School is treated as non-official member of the Board.

3. Government were considering the question of issuing general orders regulating the payment of T.A. and D.A. to the staff employed in the District Board, Municipalities and other Local Bodies who are attending the meetings connected with Government work. As the employees of the Local Bodies when selected for the Membership for Committees constituted by Government would be representing particular interest, they will be non-official members of such Committees, and as such they will have to be treated on par with non-official members on the panel of such Committees. Government are, therefore, pleased to direct that the employees of the District Boards, Municipalities and other Local Bodies who are appointed as members of the Committees, Boards, etc., constituted by the Education Department be treated as non-official members for the purposes of payment of T.A. and Daily Allowance as prescribed under Government Notification, Finance Department No. Cod. 1168-57, dated 23rd August 1957.

By Order and in the name of the Governor of Mysore,

CHIEF SECRETARIAT

Mysore Government Servants' Medical Attendance Rules—Facilities for free medical aid outside the State.

CIRCULAR

No. GAD 17 ORR 59, DATED BANGALORE, THE 4TH SEPTEMBER 1959 (BHADRAPADA 13, SAKA ERA 1881).

Under Rules 2(c), 3 and 6 of the Mysore Government Servants' Medical Attendance Rules, a Government servant is entitled to medical treatment, free of charge, by the authorised medical attendants within the State of Mysore. The only exception to this rule is under proviso to Rule 3 which lays down that in the case of a Government servant stationed in or travelling on duty or on leave in any place outside Mysore State but in the territory of India receives medical attendance for himself or for the members of his family. Even in such cases, only a reasonable amount paid by him on account of treatment shall on production of a certificate in writing of the medical attendant be reimbursed to him after obtaining sanction of Government in the Finance Department.

2. Government servants are thus eligible to avail free of charges only such medical facilities as are available within the State. The question of consulting experts outside the State, at Government cost, for any particular disease regardless of the availability or otherwise of such a specialist for that ailment within the State, does not therefore arise. Individual recommendations are being received by Government from the Medical Department suggesting that consultation of experts in Vellore, etc., is necessary. Such recommendations are beyond the scope of the Medical Attendance Rules and are therefore not in order.

3. As regards cases of Government servants who are on duty, deputation, leave or travelling in any place outside the State but within the territory of India who suddenly fall ill and have to receive urgent medical attendance, they will be entitled for reimbursement of the cost of the medical attendance to the same extent and to the same scale as the Government servants would have been eligible had they at the time of illness, been within the State. Even in such cases the patient should get himself discharged as soon as he is certified fit to travel and undertake or continue the treatment within the State.

4. The claim for reimbursement should be supported by proper receipts and vouchers countersigned by the authorised medical attendant to the effect that the treatment was necessary and the charges are reasonable having regard to the circumstances of the case, and sanction of Government obtained in the Finance Department.

Requirement to pass Examination in General Law by Government Servants.

READ—

Government Order No. OSD 1 RDE 57, dated 31st October 1957.

ORDER No. GAD 150 SRR 59, DATED BANGALORE, THE 10TH SEPTEMBER 1959 (BHADRAPADA 19, SAKA ERA 1881).

According to Government Order No. OSD 1 RDE 57, dated 31st October 1957, an examination in General Law has been prescribed consisting of 3 papers—Paper I on "Civil and Criminal Law", Paper II on "Police Act and Land Laws" and Paper III on the "Constitution of India". All Gazetted officers, except those belonging to certain technical Departments are required to pass the examination in General Law, including Paper III. With the exception of one or two categories of posts; as for instance Superintendents of the Mysore Government Secretariat, a pass in Paper III is not required for holders of non-gazetted posts. Thus it will happen in the majority of cases that a non-gazetted Government servant will have to complete only Paper III, for being eligible for promotion to a gazetted post. In view of these circumstances, it is felt that the examination in General Law may be split up into two distinct parts—Part I consisting of the present Papers I and II and Part II consisting of the present Paper III. The Mysore Local Services Examination Board is in favour of such a change.

2. Government are pleased to direct that the examination in General Law be hereafter split up into 2 parts—Part I comprising of Paper I on "Civil and Criminal Law" and Paper II on "Police Act and Land Laws", and Part II consisting of a paper on "Constitution of India". The examination fee will, however, be the same, irrespective of whether a candidate takes the two parts together at the same examination or only one of the parts.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Recruitment through Employment Exchanges.

OFFICIAL MEMORANDUM

No. GAD (S-1) 140 RSR 58, DATED BANGALORE, THE 2ND JULY 1959.

In Official Memorandum No. GAD (S-1) 140 RSR 58, dated the 18th December 1958, it is directed that Classes III and IV vacancies of short duration up to a month may be filled up by local candidates without reference to the Employment Exchange. It is now brought to the notice of Government that some of the appointing authorities have made appointments of local candidates from the open market even in the case of Classes III and IV vacancies which are likely to last for more than one month and have later approached the Employment Exchanges for re-nomination of the candidates so employed by them when the period of vacancy extends beyond one month. This practice is very irregular and is opposed to the

accepted principle of National Employment Service. The appointing authorities are, therefore, requested to see that the instructions issued in the Official Memorandum dated the 18th December 1958 cited above are not violated and they are informed that severe notice will be taken of any default in this respect.

L. A. DHAMANIGI,
Under Secretary to Government,
General Administration Department,
(Services-1).

To call for a statement of movable and immovable property—Delegation of powers to the Director of Efficiency Audit and Anti-Corruption.

ORDER No. GAD 51 SSR 59, DATED BANGALORE, THE 11TH SEPTEMBER 1959 (BHADRAPADA 20, SAKA ERA 1881).

In exercise of the powers conferred by sub-rule (5) of Rule 17 of the Mysore Government Servants' Conduct Rules, 1957, the Government of Mysore hereby empowers the Director, Efficiency Audit and Anti-Corruption and the Divisional Commissioners to exercise the powers under said sub-rule in the case of Government Servants of State Civil Service Classes III and IV.

By Order and in the name of the Governor of Mysore,

Under Secretary to Government,
General Administration Department
(Services-1).

REVENUE SECRETARIAT

Sanctions the territorial jurisdiction and creation of the Mangalore Sub-Division and Buntwal Taluk in South Kanara District.

READ—

Correspondence resting with letter No: A 12 PR 124 C 7686-56, dated the 14th July 1959 from the Divisional Commissioner, Mysore Division.

ORDER No. RD 43 LRD 59, DATED BANGALORE, THE 3RD SEPTEMBER 1959 (BHADRAPADA 12, SAKA ERA 1881).

Representations have been made to Government that in the interest of expeditious disposal of work, it is quite necessary to revise the existing jurisdiction of Revenue divisions in South Kanara District and to revive the old Mangalore Division. In the light of the representations made by the Deputy Commissioner, South Kanara District, who has examined the question in detail has made the following recommendations for sanction of Government:—

(1) Transfer of Haledy village of Udipi taluk to Coondapur taluk.
(2) Transfer of Hejmady village of Mangalore taluk to Udipi taluk.
(3) Transfer of villages of Inne, Mulladka and Mundkur of Mangalore taluk to Karkal taluk.
(4) Transfer of Venur Firka of Karkal taluk to Belthangady taluk.

(5) Formation of a new taluk namely Buntwal taluk with Buntwal and Panemangalore firkas of the present Belthangady taluk and Vittal firka (excluding the villages of Bellipady, Nekkilady and Kodimbady) of Puttur taluk.

(6) The addition of Bellipady, Nekkilady and Kodimbady villages to Puttur Firka of Puttur Taluk.

(7) Formation of three Sub-Divisions, namely :—

(i) Coondapur division consisting of the taluks of Coondapur, Udipi and Karkal.

(ii) Puttur Division consisting of the taluks of Puttur and Belthangady.

(iii) Mangalore Division consisting of Mangalore taluk and the proposed Buntwal taluk.

It has been pointed out by the Deputy Commissioner that the revival of Mangalore Sub-Division and the formation of a new taluk at Buntwal will not nvolve in any heavy financial commitment to Government as required buildings are already available both at Mangalore and Buntwal and that alternative accommodation has to be provided to the District Magistrate (Judicial) who is occupying the former Sub-Division Office, Mangalore and the Sub-Magistrate (Judicial) who is occupying the former Sub-Division Office, Buntwal.

The expenditure for the Assistant Commissioner's Office, Mangalore, will be Rs. 19,380 recurring per annum and Rs. 6,000 non-recurring while for the taluk office at Buntwal, it would be Rs. 33,200 recurring per annum and Rs. 5,000 non-recurring.

The Deputy Commissioner has also pointed out that the expenditure involved by the formation of the Mangalore Sub-Division is more than off-set by the savings effected by the retrenchment of extra staff under the Assistant Commissioners Puttur and Coondapur and Headquarters Assistant to the Deputy Commissioner.

In these circumstances, the proposals of the Deputy Commissioner, South Kanara District, which are supported by the Divisional Commissioner are sanctioned. The territorial changes will take effect from 1st October 1959.

Orders regarding creation of new posts, etc., will issue separately.

By Order and in the name of the Governor of Mysore,

M. VENKATAGIRI RAJU,
Under Secretary to Government,
Revenue Department.

6. Letter from the Joint Director, Rural Industrialisation No. RIFB-P.R. 4/59-60, dated 17th August 1959.

ORDER No. CI 158 RIS 58, DATED BANGALORE, THE 10TH SEPTEMBER 1959 (BHADRAPADA 19, SAKA ERA 1881).

Consequent on the extension of the jurisdiction of the Rural Industries Financing Bank to the integrated areas of the State, a question has arisen as to the pattern of organisation in the different areas for channelising the activities of the Bank. In the old Mysore area the existing primary Rural Industrial Co-operative Societies and urban industrial Co-operative Societies affiliated to the Bank, through which loans are being issued to artisans and industrialists, are being amalgamated into Taluk Rural Industrial Co-operative Societies. In South Kanara District also Taluk Rural Industrial Co-operative Societies have been formed on the model of Old Mysore Area and registered. These Societies are proposed to be got affiliated to the Rural Industrial Financing Bank. Similarly for Coorg one Primary Society at Mercara is proposed to be formed to cater to the needs of the entire District.

2. As regards Hyderabad Karnatak area, the Joint Director of Industries and Commerce, who had discussions in the matter with representatives of the District Central Co-operative Banks of Raichur and Gulbarga and other local officers concerned reports that these Banks are not in favour of undertaking the task of distributing industrial loans. It is therefore proposed that Primary Rural Industrial Co-operative Societies at Taluk level, may be organised in this area also on the pattern of the Old Mysore Area, and that the Rural Industries Financing Bank may channelise its activities through these primary societies.

3. As regards the Bombay Karnatak Area, however, the consensus of opinion is that the existing District Industrial Banks of Dharwar, Belgaum and Bijapur Districts would undertake the responsibility of distributing loans to the Small Scale and Rural Industrialists and that there is no need to have any other agencies at any lower level in these districts.

4. As for the North Kanara District there is no Industrial Bank in the District nor is it likely that the Reserve Bank will permit one to be formed. The leading Co-operators and industrialists of the District are in favour of having taluka Rural Industrial Co-operative Societies as in the Old Mysore Area to Channelise the loans from the Rural Industries Financing Bank. Hence it is proposed to form primary societies at the taluka level in this District also for that purpose.

5. It is, therefore, directed that the pattern of agencies for the channelising of loans from the Rural Industries Financing Bank to artisans and small scale and rural industrialists shall be as follows :—

Area	*Agency*
Old Mysore Area Hyderabad Karnatak Area North Kanara District South Kanara District Coorg District Kollegal Taluk	The Primary Rural Industrial Co-operative Societies of the Taluks.
Bombay-Karnatak Area excluding North Kanara District.	The District Industrial Banks.

The Joint Director of Industries and Commerce (Rural Industrialisation), should take steps accordingly to organise Primary Rural Industrial Co-operative Societies at the Taluk level wherever they are required and get them affiliated to the Rural Industries Financing Bank.

By Order and in the name of the Governor of Mysore,

S. N. KALABHAIRAVAN,
Under Secretary to Government,
Commerce and Industries Department.

PLANNING AND DEVELOPMENT SECRETARIAT

Lays down principles regarding the naming of the works and recognition of donations.

READ—

Government letter No. LB. 6316-252 LDW 1-55-57, dated the 24th September 1955, addressed to the Commissioner for Local Self-Government and the Deputy Commissioners of Districts regarding naming of works after persons suggested by the donors.

2. Resolution No. 1056, dated July 2, 1956, of the Government of Bombay, issuing instructions on the subject.

PREAMBLE—

In the Government Order first cited, it was laid down that works could be named after the persons desired by the Donors in all cases where the donations were equal at least to 33 1/3 per cent of the cost subject to a minimum of Rs. 5,000. The resolution of the Government of Bombay second cited contemplates that the works could be named after the persons desired by the Donors if the full cost of the work is forthcoming or half the cost subject to the condition that equipment cost and maintenance charges for a period of five years are met by the donors. The Bombay resolution provides also for recognition by putting up commemorative tablets of donations not less than Rs. 500.

ORDER No. P & D 211 PLD 59, DATED BANGALORE, THE 12/14TH SEPTEMBER 1959 (BHADRAPADA 21-23, SAKA ERA 1881).

Many works of public utility are undertaken in various parts of the State for which donations are received from members of the public. There are however no uniform principles governing the recognition of these donations.

With a view to adopt a uniform procedure throughout the State, the following principles governing the acceptance and recognition of donations from private persons are laid down. These principles will apply in the case of all works, under any scheme or programme of development. These provisions supersede all previous instructions on the subject :—

(1) All local contributions and donations, of whatever amount, deserve to be encouraged and welcomed ;

(2) Different kinds of work involve different amounts. It is difficult to prescribe a monetary limit which will apply equally in the case of all works. At the same time, it is necessary to insist that some minimum participation is essential ;

(3) All donations of amounts Rs. 500 and above, whatever the nature of work for which the donations are made may be recognized, subject to the following :—

(i) The work may be named after the donor(s) or any other person suggested by him provided that the full cost of the work, subject to the amount of donation being not less than Rs. 5,000 is paid by the donor(s);

(ii) In the case of works, costing less than Rs. 5,000, if the Donor contributes the entire cost, a Plaque or a Commemorative tablet may be put up indicating the Donation;

Note.—Paras (i) and (ii) cover the cases of works where the Donor(s) pays the entire cost of the work.

(iii) Where the donor contributes only a part of the cost of the work, it may be named after him or any other person suggested by him provided that the amount of donations is not less than 50 per cent of the cost, subject to the amount of donation being not less than Rs. 5,000.

(4) If the donation is less than 50 per cent of the estimated cost of the work or less than Rs. 5,000 as the case may be, only a Plaque or a Commemorative tablet may be put up indicating the donation.

Note.—For determining the proportion which the donation bears to the cost of the work, only the cost as originally estimated need be taken into consideration. If the estimate is revised during construction, it shall not be necessary to insist on the donor paying any additional amount.

(5) In cases where the contribution by the donor does not cover the entire cost of the work but, would be sufficient to meet the cost of an independent unit forming part of the big work such as, a ward, a hall, etc., such units may be named after the names suggested by the donor subject to the condition that the donation is not less than half the cost of the independent unit subject to minimum of Rs. 5,000. In all other cases, where the Donation is less than Rs. 5,000 a Commemorative tablet may be put up.

(6) Donations of/or towards equipment such as, an almirah or a cot, etc., may be recognised by putting up a Brass Plaque.

Exception.—Village Chavadies should in no case be named after the individuals in view of the fact that they symbolise association of the State in the village. However, donation of Rs. 500 and more towards constructions of Chavadi building may be acknowledged by means of a Plaque fixed on the buildings.

(7) Donations for road works need not be recognised by Commemorative tablet.

(8) The cost of putting up Commemorative tablets or inscriptions or Plaque should be borne by the donors themselves.

By Order and in the name of the Governor of Mysore,

G. V. K. RAO,
Secretary to Government,
Planning and Development Department.

1. Government Order No. Fl. (B) 10175-78/Bud. 92-56-1, dated the 12th October 1956.

3. Correspondence ending with letter No. WM.I/GC.V/XIII/2/39, dated the 18th July 1959, from the Accountant-General, Mysore, Bangalore.

ORDER No. FD I BIR. 59, DATED BANGALORE, THE 16TH SEPTEMBER 1959.

In Government Order No. Fl.(B) 10175-78/Bud. 92-56-1, dated 12th October 1956 (*see* Annexure B to this Government Order) orders were issued laying down rules for the preparation of Capital and Revenue Accounts of Irrigation Works and also the procedure for adjustment of land revenue due to irrigation works and interest on capital outlay on works for which Capital and Revenue Accounts are kept. The question of extending these provisions to all the integrated areas has been under the consideration of the Government. In the meantime the Accountant-General, Mysore, Bangalore brought to the notice of Government that progress had not been secured in the compilation of the above accounts as the particulars required were not promptly furnished by the Departmental Officers uniformly; that there were some difficulties in implementing the instructions contained in the Government Order dated 12th October 1956 which required to be remedied and that some of the points needed further elucidation. With a view to expediting the disposal of the case, the points raised by the Accountant-General were discussed in two meetings of officers of the State Government and the Senior Deputy Accountant-General (representative of the Accountant-General) and certain conclusions arrived at.

2. After considering the proceedings of the meetings of officers, Government direct that the Capital and Revenue Accounts should be compiled in respect of all Irrigation Works costing Rs. 5 lakhs and more and treated as 'Commercial'. Government are also pleased to amplify their orders contained in the Government Order dated 12th October 1956 to the extent indicated below :—

(*a*) These accounts should be compiled from the year 1954-55 in case of works of ex-Mysore areas completed on or after 1951-52 and also in the case of certain important projects mentioned in the Government Order, dated 12th October 1956 which were completed and started yielding revenue before the year 1951-52.

(*b*) These accounts should continue to be maintained in the case of projects costing Rs. 5 lakhs and more transferred from the integrated areas if such accounts were already maintained prior to 1st November 1956; and in respect of other projects from the year when they started yielding revenue after 1st November 1956.

(*c*) These accounts should, in future, be compiled as soon as any section of the project is completed and begins to yield revenue. An up-to-date list of works for which Capital and Revenue Accounts have to be maintained will, however, be issued separately.

(*d*) The capital outlay incurred on the projects in progress should be detailed by minor heads in relaxation of Rule 4 of Appendix 5 of the Mysore Public Works Account Code. This relaxation has been approved as a special case since the details of the capital outlay prior to 1950-51 are not readily available in certain cases.

(*e*) The Chief Engineers should arrange to furnish copies of the completion reports immediately to the Accountant-General, if not already done :

(i) In respect of completed works on which there has been no outlay since 1951-52 so that the capital expenditure may be detailed in the Capital and Revenue Accounts for and to end of the year 1954-55; and

(ii) in respect of works, even though stated to be completed, on which capital expenditure is still being incurred under the provisions contained in paragraph 689 of the Mysore Public Works Account Code so that the Capital outlay may be separated in respect of closed sanctions and current sanctions for projects.

(*f*) Audit and Accounts charges should be calculated at the rates prescribed in the Mysore Public Works Account Code and adjusted *pro forma* in the Capital and Revenue Accounts from the year 1954-55 even though the outlay shown in these accounts may exceed the provision in the estimates of the works and projects concerned.

(*g*) Leave and pensionary charges should be calculated at such percentage rates as may be fixed by the Government. Orders as regards rates and mode of adjustment of these charges will issue separately.

(*h*) Direct receipts representing miscellaneous revenue and water rates where such receipts have been distinctly assessed and are also collected accordingly and the penal water rate, if any, should be credited to the head "XVII. Irrigation, Navigation, Embankment and Drainage Works—(Commercial)" by opening a suitable detailed head for each project or work. To enable the Deputy Comissioners to recover the amount of water rates distinctly and separately fixed, the Executive Engineers should, from the records of their offices, frame a statement of demands for water rates to be collected by the Revenue Department in Form A'* and forward the same quarterly to the Deputy Commissioners and the Accountant-General by 15th of October, January, April, July of each year for the quarters immediately preceding these months. On receipt of these statements the Deputy Commissioner should issue instructions to his subordinate officers to effect necessary recoveries from the parties concerned. On receipt of the particulars of recoveries, the Deputy Commissioner should prepare a statement for each project in 'Form (B)'* showing therein the amount of water rates and other miscellaneous revenue realised in the previous quarter and forward the same to the Accountant-General and the Executive Engineer concerned on 20th November, February, May and August of each year.

(*i*) Indirect receipts constituting portion of land revenue due to Irrigation Works, betterment levy and irrigation cess, which are collected by the Revenue Department should be initially credited to the head "VII. Land Revenue" and subsequently transferred to the Irrigation Revenue Head. This adjustment should be effected by the Accountant-General every year on the basis of details to be furnished by the Deputy Commissioners in the statement 'Form C'* on the 10th August of each year. The share of land revenue due to irrigation works should be calculated in accordance with the procedure laid down in paragraphs 4(1) and (2) of the Government Order of 12th October 1956.

(*j*) In the case of Irrigation Works, for which Capital and Revenue Accounts are not maintained, the water rates collected, if they have been levied distinctly and separately and the penal water rates, if any, collected, are to be credited directly to "XVIII. Irrigation, Navigation, Embankment and Drainage Works (Non-Commercial)"; if the water rate, etc., are merged with land revenue, a prescribed percentage of the land revenue collected, as detailed in the previous sub-paragraph is to be transferred at the end of the year to "XVIII. I.N.E.D. Works (Non-Commercial)." This procedure will apply to works completed after 1st April 1950.

(*k*) The expenditure incurred on the maintenance of the projects for which Capital and Revenue Accounts are kept should be debited to the head "XVII. I.N.E.D. Works—(Commercial)—Deduct working expenses". No adjustment need be made towards collection charges of revenue due to irrigation works. But in cases where any establishment charges are incurred directly, these should be debited to the working expenses of the project or projects concerned.

* *Vide* Annexure A.

(*l*) Interest charges on the capital outlay of the various projects should be calculated at the rate of 4 per cent per annum from the year 1954-55 in case of projects of ex-Mysore areas and from the year 1956-57 (*i.e.*, from 1st November 1956) in the case of projects of the integrated areas. The Accountant-General should adjust the interest charges in the regular accounts at the end of each year adopting the above rate. Interest charges in the case of projects of ex-Mysore areas for the period 1954-55 to 1957-58 should be adjusted *pro-forma* only in the Capital and Revenue Accounts.

3. Government have also decided that the progressive figures of gross receipts, gross working expenses (both direct and indirect) and accumulated arrears of interest to end of the year 1953-54 be omitted in the opening balance for 1954-55 accounts, thus virtually treating the net revenue accrued as set off against the accumulated interest. In pursuance of this decision the Capital and Revenue Accounts of Irrigation Works of ex-Mysore areas should be compiled taking the opening balance as 'nil'.

4. The Accountant-General, Mysore, Bangalore, has repeatedly brought to the notice of Government that prompt action has not been taken by the officers of the Revenue Department to furnish the particulars for effecting the adjustment of portion of land revenue due to irrigation works, even though Government issued orders laying down the procedure of arriving at the figures as far back as 12th October 1956. The Deputy Commissioners and those of the ex-Mysore areas particularly should see that the forwardal of the necessary particulars to the Accountant-General in the case of projects in their jurisdiction receive their constant and unrestricted attention. The Deputy Commissioners of ex-Mysore areas should make every effort to work out the particulars for and from the year 1954-55 and furnish the same to the Accountant-General to enable him to adjust these receipts *pro forma* in the Capital and Revenue Accounts for the years 1954-55 to 1958-59.

By Order and in the name of the Governor of Mysore,

N. S. BHARATH,
Deputy Secretary to Government,
Finance Department (Budget).

Capital and Revenue Accounts and Annual Adjustment of Land Revenue

Instructions for the preparation of —— due to XVII or XVIII I.N.E.D. Works by debit to Land Revenue.

READ—

Government Order No. Fl. (B) 631-34—Bud. 5-51-2, dated 30th June 1951 laying down detailed classification and procedure in respect of expenditure pertaining to irrigation works.

ORDER No. FL. (B) 10175-78—BUD. 92-56-1, DATED BANGALORE, THE 12TH OCTOBER 1956.

The preparation of Capital and Revenue Accounts of residential buildings and annual adjustment of land revenue due to be credited to "XVII or XVIII Irrigation" by debit to "Land Revenue" and

the adjustment of interest on Capital Outlay on Irrigation Works for which Capital and Revenue accounts are kept by credit to "22 Interest on Debt and Other Obligations" have not been carried out so far, for various difficulties experienced by the Chief Engineer and the Revenue Commissioner in Mysore, in this behalf. The question was discussed at a meeting held on 6th July 1955 in the chambers of the Financial Secretary to Government when the Accountant General, Mysore, was also present by invitation.

2. On a consideration of all aspects and practical difficulties in regard to matters referred to above, Government are pleased to lay down the following rules for the preparation of Capital and Revenue Accounts and the Adjustment of Land Revenue due to Irrigation and of Interest on Capital Outlay on Irrigation Works for which capital accounts are kept:

I. Capital and Revenue Accounts of Residential Buildings and Irrigation Works.

Capital and Revenue Accounts should be maintained in respect of irrigation works costing Rs. 5 lakhs and more that were completed on or after 1951-52 and also in the case of important projects completed before that year, *viz.*, K.R.S. Irrigation Works, Vanivilas Sagar, Chamarajasagar Water Works, K.G.F. Water Works, Marconahally, Anjanapura, Kanva and Byramangala Reservoirs. In respect of all these works, the Chief Engineer should take immediate action to compile Capital and Revenue Accounts from the year 1954-55. No Capital and Revenue Accounts need however be kept for residential buildings. Up-to-date list of capital cost of residential buildings will however be maintained for purposes of calculating rent.

II. Annual adjustments relating to Land Revenue due to Irrigation and Interest on Capital Outlay of Irrigation Works for which Capital and Revenue Accounts are kept.

3. According to G.O. No. Fl. (B) 631-34/Bud. 5-51-2, dated 30th June 1951 referred to above, the following two adjustments should be effected by the Accountant General every year on the basis of details to be furnished by the Revenue Commissioner in Mysore and the Chief Engineer of Mysore:

(*a*) Portion of Land Revenue to be credited to "XVII or XVIII Irrigation" by debit to Land Revenue;

(*b*) Interest on Capital Outlay on Irrigation Works for which Capital and Revenue Accounts are kept by credit to "22 Interest on Debt and Other Obligations."

4. These adjustments have not been effected from the year 1952-53 as no details were furnished by the Revenue Commissioner in Mysore and the Chief Engineer of Mysore. The Revenue Commissioner has pointed out the following practical difficulties, *viz.*, (i) that the collection of wet and garden assessment is not being recorded in the khirdies separately and that except in the case of a few irrigation works water rate is not separately levied; (ii) that even the demand under wet assessment is not available readily in the revenue accounts tankwise or irrigation workwise unless separately compiled as the present demand includes both rainfed and bagayet. In view of the decision to maintain Capital and Revenue Accounts only for works costing Rs. 5 lakhs and above completed on or after 1951-52 and important projects completed before that year, the difficulties pointed out by the Revenue Commissioner would not arise

now. The Revenue Commissioner is therefore requested to furnish the requisite details to the Accountant General, by adopting the following procedure:

(1) In the case of Irrigation Works for which Capital and Revenue Accounts are required to be maintained, the Land Revenue due to irrigation in the form of water rate if it has been distinctly and separately fixed and is also collected accordingly and penal water rate, if any, recovered may be directly credited to the head "XVII. Irrigation, Navigation, Embankment and Drainage Works (Commercial)" by opening suitable detailed heads for each work. In other cases, where the revenue due to Irrigation is merged under Land Revenue and the Accounts cannot be separated, three fourths of the average wet assessment and garden assessment under demand as intimated by the Revenue Commissioner in Mysore may be transferred at the end of the year to the detailed heads.

(2) In the case of Irrigation Works for which Capital Accounts are not required to be maintained wherever water rate is levied distinctly and collected accordingly and penal water rates collected may be credited to "VII Land Revenue" in the first instance and at the end of the year the total amount so collected shall be intimated to the Accountant General by the Revenue Commissioner in Mysore for adjustment to "XVIII I.N.E. and D. Works (Non-Commercial)". In respect of other works, three-fourths of the average total Garden and Wet assessment under demand for the whole State *minus* (i) assessment due to Works adjusted to "XVII I.N.E. and D. Works—Commercial" as indicated in the previous paragraph; and (ii) assessment in respect of rainfed areas shall be intimated by the Revenue Commissioner to the Accountant General at the end of the year for transfer from "Land Revenue" to "XVIII I.N.E. and D. Works—Non-Commercial."

5. The average of total assessment for the State for any year shall be arrived at by taking the average for three consecutive years, the adjusting year being the last in the series. The year mentioned in this Order is the financial year, *i.e.*, from April to March. The Revenue Commissioner in Mysore will furnish the requisite data to the Accountant General at the latest by 1st June of each year following the year of adjustment to admit of adjustments in accounts.

6. The rate of interest to be levied on the work for which Capital and Revenue Accounts are maintained will be four per cent and the same may be adjusted from the year 1956-57. The Chief Engineer of Mysore will furnish this figure also to the Accountant General by the 1st June of each year.

3. Letter No. PC/LB 1(gl) 151, dated 6th June 1959, from the Accountant-General, Mysore, Bangalore.

PREAMBLE—

According to the Government Order dated 25th October 1951 cited above, the distribution of the work relating to the pension contributions payable by the Local Bodies in the Old Mysore Area between the offices of the Accountant-General and the Controller, State Accounts Department, is as shown below:—

Accountant-General's Office.	*Controller's Office.*
1. Calling for annual establishment returns from the Local Bodies and fixing the pensionary contributions payable by them.	1. Verification of payment of pension contribution during Local Audit.
2. Maintaining contribution registers and watching recoveries.	2. Checking the accuracy of certificates of the Presidents that pension contributions due for a year have been credited to Government.
	3. Checking the office copy of the Annual Establishment Returns sent to the Accountant-General, with Baraward Registers, containing the sanctioned pensionable appointments, maintained by the Local Body and intimating discrepancies, if any, to the Accountant-General.
	4. Bringing to the notice of the Presidents of Local Bodies any defaults on the part of the Local Bodies in communicating any change in the strength of the pensionable establishment.

It is found that the procedure relating to the check of Annual Returns of Establishments and Pensionary Contributions due from the Local Bodies in the merged areas is not uniform and it is, therefore, necessary to prescribe a uniform procedure applicable to the entire new Mysore State to ensure quick despatch of work connected with the verification of Annual Returns of Establishments and Pensionary Contributions due from the Local Bodies.

ORDER NO. FD 14 SAD 58, DATED BANGALORE, THE 1ST SEPTEMBER 1959 (BHADRAPADA 10, SAKA ERA 1881).

On a careful consideration of the proposals submitted by the Controller, State Accounts Department and in consultation with the Accountant-General, Mysore, Government direct that the procedure detailed in para 1 of the Preamble shall be made applicable to the new Mysore State. All returns pending from Local Bodies in the merged areas shall be dealt with in accordance with the new procedure. The directions regarding the form, preparation and submission of the returns contained in Appendix V, of the Mysore Financial Code, 1958, shall be followed.

Separate orders will issue regarding the rate of contribution payable by the Local Bodies in the Hyderabad-Karnatak Area, pending which, the existing rate will continue in that area.

All the Local Bodies in the State are required to submit annual returns of establishments in accordance with the above instructions, separate returns being sent for pensionable and non-pensionable posts.

W. E. ALBERT,
Under Secretary to Government,

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Recruitment through Employment Exchanges.

OFFICIAL MEMORANDUM

No. GAD (S-1) 140 RSR 58, DATED BANGALORE, THE 2ND JULY 1959.

In Official Memorandum No. GAD (S-1) 140 RSR 58, dated the 18th December 1958, it is directed that Classes III and IV vacancies of short duration up to a month may be filled up by local candidates without reference to the Employment Exchange. It is now brought to the notice of Government that some of the appointing authorities have made appointments of local candidates from the open market even in the case of Classes III and IV vacancies which are likely to last for more than one month and have later approached the Employment Exchanges for re-nomination of the candidates so employed by them when the period of vacancy extends beyond one month. This practice is very irregular and is opposed to the

accepted principle of National Employment Service. The appointing authorities are, therefore, requested to see that the instructions issued in the Official Memorandum dated the 18th December 1958 cited above are not violated and they are informed that severe notice will be taken of any default in this respect.

REVENUE SECRETARIAT

Sanctions the territorial jurisdiction and creation of the Mangalore Sub-Division and Buntwal Taluk in South Kanara District.

READ—

Correspondence resting with letter No. A 12 PR. 124 C 7686-56, dated the 14th July 1959 from the Divisional Commissioner, Mysore Division.

ORDER No. RD 43 LRD 59, DATED BANGALORE, THE 3RD SEPTEMBER 1959 (BHADRAPADA 12, SAKA ERA 1881).

Representations have been made to Government that in the interest of expeditious disposal of work, it is quite necessary to revise the existing jurisdiction of Revenue divisions in South Kanara District and to revive the old Mangalore Division. In the light of the representations made by the Deputy Commissioner, South Kanara District, who has examined the question in detail has made the following recommendations for sanction of Government:—

(1) Transfer of Haledy village of Udipi taluk to Coondapur taluk.
(2) Transfer of Hejmady village of Mangalore taluk to Udipi taluk.
(3) Transfer of villages of Inne, Mulladka and Mundkur of Mangalore taluk to Karkal taluk.
(4) Transfer of Venur Firka of Karkal taluk to Belthangady taluk.

(5) Formation of a new taluk namely, Buntwal taluk with Buntwal and Panemangalore firkas of the present Belthangady taluk and Vittal firka (excluding the villages of Bellipady, Nekkilady and Kodimbady) of Puttur taluk.

(6) The addition of Bellipady, Nekkilady and Kodimbady villages to Puttur Firka of Puttur Taluk.

(7) Formation of three Sub-Divisions, namely :—

(i) Coondapur division consisting of the taluks of Coondapur, Udipi and Karkal.

(ii) Puttur Division consisting of the taluks of Puttur and Belthangady.

(iii) Mangalore Division consisting of Mangalore taluk and the proposed Buntwal taluk.

It has been pointed out by the Deputy Commissioner that the revival of Mangalore Sub-Division and the formation of a new taluk at Buntwal will not involve in any heavy financial commitment to Government as required buildings are already available both at Mangalore and Buntwal and that alternative accommodation has to be provided to the District Magistrate (Judicial) who is occupying the former Sub-Division Office, Mangalore and the Sub-Magistrate (Judicial) who is occupying the former Sub-Division Office, Buntwal.

The expenditure for the Assistant Commissioner's Office, Mangalore, will be Rs. 19,380 recurring per annum and Rs. 6,000 non-recurring while for the taluk office at Buntwal, it would be Rs. 33,200 recurring per annum and Rs. 5,000 non-recurring.

The Deputy Commissioner has also pointed out that the expenditure involved by the formation of the Mangalore Sub-Division is more than off-set by the savings effected by the retrenchment of extra staff under the Assistant Commissioners Puttur and Coondapur and Headquarters Assistant to the Deputy Commissioner.

In these circumstances, the proposals of the Deputy Commissioner, South Kanara District, which are supported by the Divisional Commissioner are sanctioned. The territorial changes will take effect from 1st October 1959.

Orders regarding creation of new posts, etc., will issue separately.

By Order and in the name of the Governor of Mysore,

M. VENKATAGIRI RAJU,
Under Secretary to Government,
Revenue Department.

Details the pattern of set up for extension of the jurisdiction of the Rural Industries Financing Bank to the Integrated Areas.

1. Government Order No. CI 158 RIS 58, dated 27th February 1959.
2. Letter from the Joint Director, Rural Industrialisation, No. SDR/PROC/F. 59, dated 12th June 1959.

6. Letter from the Joint Director, Rural Industrialisation No. RIFB-P.R. 4/59-60, dated 17th August 1959.

ORDER No. CI 158 RIS 58, DATED BANGALORE, THE 10TH SEPTEMBER 1959 (BHADRAPADA 19, SAKA ERA 1881).

Consequent on the extension of the jurisdiction of the Rural Industries Financing Bank to the integrated areas of the State, a question has arisen as to the pattern of organisation in the different areas for channelising the activities of the Bank. In the old Mysore area the existing primary Rural Industrial Co-operative Societies and urban industrial Co-operative Societies affiliated to the Bank, through which loans are being issued to artisans and industrialists, are being amalgamated into Taluk Rural Industrial Co-operative Societies. In South Kanara District also Taluk Rural Industrial Co-operative Societies have been formed on the model of Old Mysore Area and registered. These Societies are proposed to be got affiliated to the Rural Industrial Financing Bank. Similarly for Coorg one Primary Society at Mercara is proposed to be formed to cater to the needs of the entire District.

2. As regards Hyderabad Karnatak area, the Joint Director of Industries and Commerce, who had discussions in the matter with representatives of the District Central Co-operative Banks of Raichur and Gulbarga and other local officers concerned reports that these Banks are not in favour of undertaking the task of distributing industrial loans. It is therefore proposed that Primary Rural Industrial Co-operative Societies at Taluk level may be organised in this area also on the pattern of the Old Mysore Area, and that the Rural Industries Financing Bank may channelise its activities through these primary societies.

3. As regards the Bombay Karnatak Area, however, the consensus of opinion is that the existing District Industrial Banks of Dharwar, Belgaum and Bijapur Districts would undertake the responsibility of distributing loans to the Small Scale and Rural Industrialists and that there is no need to have any other agencies at any lower level in these districts.

4. As for the North Kanara District there is no Industrial Bank in the District nor is it likely that the Reserve Bank will permit one to be formed. The leading Co-operators and industrialists of the District are in favour of having taluka Rural Industrial Co-operative Societies as in the Old Mysore Area to Channelise the loans from the Rural Industries Financing Bank. Hence it is proposed to form primary societies at the taluka level in this District also for that purpose.

2. Government Order No. SRD. II-15 MSP 57, dated 14th October 1957, issuing orders that washing or Dhoby allowance may be treated as compensatory allowance and its continuance should be governed by the direction issued in respect of Compensatory Allowances in para (f) and (h) of Government Order read above.

ORDER No. GAD 10 EBM 59, DATED BANGALORE, THE 21ST SEPTEMBER 1959.

It is observed that Class IV officials of the Mysore Government Secretariat to whom uniforms are supplied free, often attend office in shabby and soiled clothes. In the interest of discipline and neatness and in keeping with the dignity and decorum of the Mysore Government Secretariat it is necessary that they should wear clean uniforms.

After examining the question in detail Government are pleased to direct that the uniforms of Class IV servants of Mysore Government Secretariat, Bangalore, only, should be got washed once a week at Government expense and the work of washing be entrusted to a private contractor after calling for tenders.

With the introduction of this system the washing allowance which was being paid hitherto to some of the Class IV officials allotted to this State from integrated areas will be stopped.

The expenditure on this account will be met out of the provision under "25. General Administration—E. i. Civil Secretariat—I Mysore Government Secretariat—4. Contingencies". Necessary additional provision will be made in the Budget of the current year and in the succeeding years.

Measures to reduce clerical work in Public Works Divisions.

1. Government Order No. Fi.(B) 8936-9 C.R. 13-53-2, dated 21st October 1953.

2. Letter No. WM. I/Gc. I/III-18/53-60/211, dated 22nd June 1959, from the Accountant General, Bangalore.

3. Letter No. 761/AC/59-60, dated 18th August 1959, from the Chief Engineer (General), Bangalore.

It has been pointed out by the Accountant General, that there are different systems of preparing schedules accompanying the monthly accounts of Public Works Divisions in the integrated areas. He has therefore suggested that the procedure of preparing a single schedule docket in respect of works expenditure relating to petty works under each detailed head as laid down in G.O. No. Fl.(B) 8936-9/C.R. 13-53-2, dated 21st October 1953 may be extended to the Transferred Divisions from Bombay, Hyderabad and Coorg areas also. The Chief Engineer (General), Bangalore who was consulted in the matter is of opinion that the above procedure, which has already been incorporated as an exception under clause (a) of paragraph 600 of the Mysore Public Works Account Code in Notification No. FD 28 ACP 57, dated 16th April 1957, may be introduced in the other parts of the State.

ORDER No. FD 40 BAP 59, DATED BANGALORE, THE 22ND SEPTEMBER 1959.

To have uniformity and to reduce clerical work in all Public Works Divisions, it is considered desirable to introduce the above procedure to the other integrated areas of the State also. It is therefore directed that the provisions of the Government Order dated 21st October 1953 referred to above (*see* Annexure to this Order) which have been incorporated as an exception under clause (a) of paragraph 600 of the Mysore Public Works Account Code in Notification No. FD 28 ACP 57, dated 16th April 1957, be extended to all the Public Works Divisions of the integrated areas.

Measures to reduce clerical labour in Public Works Divisions.

READ—

Letter No. 217-WM. GC., dated the 9th September 1953, from the Accountant General, Mysore, Bangalore, suggesting measures to reduce clerical labour in Public Works Divisions.

ORDER No. FL.(B) 8936—9-C.R. 13-53-2, DATED BANGALORE, THE 21ST OCTOBER 1953.

Under the existing system, public works divisions are sending with the monthly accounts a schedule docket for each individual work irrespective of the estimated amount of the work and similarly particulars for each work, for which a schedule docket is sent, are being entered in the schedule of works expenditure. This system is laborious and takes much of the time of the divisional staff. It is considered desirable to devise ways of saving clerical labour in compiling the monthly accounts in the divisions so that the divisional

staff can devote greater attention to the preparation of other schedules, returns, etc., to be sent to the Audit Office. The following procedure is, therefore, laid down for the guidance of the Public Works Officers.

The system of sending with the monthly accounts a schedule docket for each individual work may be dispensed with in the case of works of small magnitude whose estimated cost does not exceed Rs. 1,000 (with the exception of works relating to residential buildings, under all fund heads, Deposit Works, estimate for losses on stock and works of other departments) and they may be treated as petty works and the Divisional Accountant, as Primary Auditor, will be responsible for the issue of necessary objections. The expenditure on such works may be shown in the schedule of works expenditure as "Petty Works" under each detailed head separately supported by a single schedule docket.

Necessary amendments to the Mysore Public Works Account Code will issue separately.

OFFICIAL MEMORANDUM

No. FD 42 BAP 59, DATED BANGALORE, THE 24TH SEPTEMBER 1959
(ASVIJA 2, SAKA ERA 1881).

It has come to the notice of Government that exhibits sent to Exhibitions in India and abroad by some of the participating Government Departments and Government Industrial Concerns were not brought back soon after the close of Exhibitions and as a result of such delayed action Government had to incur unnecessary expenditure on account of storage of such articles at the places of such Exhibitions. It is also seen that some articles were missing in storage. The lack of promptitude on the part of the Departmental Officers in dealing with exhibits has resulted in avoidable losses to Government. It is hereby directed that all Departments of Government and Government Industrial Concerns participating in various exhibitions, either in India or abroad, should take prompt steps to get back the articles sent by them to Exhibition without any loss of time as soon as the Exhibition is over and if any loss is caused to Government due to the failure on the part of the Officers to get back the articles within the least possible time, personal responsibility for such losses should be fixed and the losses recouped accordingly.

These instructions should strictly be enforced by Heads of Departments and Directors of Government Industrial Concerns.

Revision of Scales of pay and higher starting pay for Engineering graduates and Diploma holders in the Department of Technical Education.

3. Letter No. A1/11381, dated the 9th December 1958 from the Joint Director of Technical Education in Mysore, Bangalore.

In the Government Order dated the 25th January 1957 read above, the scales of pay of the posts of Assistant Instructors and Instructors in the Department of Technical Education for which Diploma and Degree in Engineering respectively are the minimum qualifications were revised to Rs. 70-5-90-6-150 and Rs. 150-10-250. The Assistant Instructors and Instructors were given Rs. 60 and Rs. 125 per month respectively during the period of probation. In the Government Orders dated the 9th May 1958 and 7th July 1958 read above the Diploma and degree holders recruited to the posts of Assistant Instructors and Instructors in the Technical Education Department were permitted to draw Rs. 70 p.m. (instead of Rs. 60 p.m.) and Rs. 150 p.m. respectively during the period of probation in the revised scales. This arrangement for higher starting pay during the period of probation was sanctioned on tentative basis till the end of March 1959. The Joint Director of Technical Education in Mysore, Bangalore has stated that scales of pay and the higher starting pay during and after the probation period, prescribed for the Engineering-Graduates and the Diploma Holders in the Public Works Department, are higher than those prescribed for the Engineering Graduates and diploma Holders in the Technical Education Department. As a result of this, he further reported that the recruitment to various posts on Teaching Staff of the Institutions has become difficult. He has, therefore, requested that the scales of pay and the higher starting during and after the period of probation prescribed for the Engineering graduates and Diploma Holders in the Public Works Department may be sanctioned for the Technical Education Department also, in the interest of the efficient working of the Technical Institutions and also to improve the present unsatisfactory situation in regard to recruitment.

(ii) the contractor contumaciously refuses to pay Government dues without showing adequate reasons and where the Registering Authority is satisfied that no reasonable dispute attracting reference to arbitration or court of law exists for the contractor's action ; or

(iii) the contractor or his partner or his representative has been convicted by a court of law for offences involving moral turpitude in relation to the business dealings.

14. Restoration.—Upgrading a 'demoted' contractor, lifting the ban on business, restoring the registration, withdrawal of blacklisting, etc., may be considered at appropriate time on the merits of each case by the authority who had passed the original orders.

15. Appeals.—Any decision of the Registering Authority relating to refusal of registration or renewal of registration shall be subject to appeal to the next higher authority in the Department and in case of decision by the Chief Engineer, the appeal shall be to Government. 2. Government Order No. SRD. ORDER No. GAD 10 EBM 59, DATED BANGALORE, THE 21ST SEPTEMBER 1959.

It is observed that Class IV officials of the Mysore Government Secretariat to whom uniforms are supplied free, often attend office in shabby and soiled clothes. In the interest of discipline and neatness and in keeping with the dignity and decorum of the Mysore Government Secretariat it is necessary that they should wear clean uniforms.

After examining the question in detail Government are pleased to direct that the uniforms of Class IV servants of Mysore Government Secretariat, Bangalore, only, should be got washed once a week at Government expense and the work of washing be entrusted to a private contractor after calling for tenders.

With the introduction of this system the washing allowance which was being paid hitherto to some of the Class IV officials allotted to this State from integrated areas will be stopped.

The expenditure on this account will be met out of the provision under "25. General Administration—E. i. Civil Secretariat—1 Mysore Government Secretariat—4. Contingencies". Necessary additional provision will be made in the Budget of the current year and in the succeeding years.

Measures to reduce clerical work in Public Works Divisions.

READ—

1. Government Order No. Fl.(B) 8936-9 C.R. 13-53-2, dated 21st October 1953.
2. Letter No. WM. I/Gc. I/III-18/53-60/211, dated 22nd June 1959, from the Accountant General, Bangalore.
3. Letter No. 761/AC/59-60, dated 18th August 1959, from the Chief Engineer (General), Bangalore.

It has been pointed out by the Accountant General, that there are different systems of preparing schedules accompanying the monthly accounts of Public Works Divisions in the integrated areas. He has therefore suggested that the procedure of preparing a single schedule docket in respect of works expenditure relating to petty works under each detailed head as laid down in G.O. No. Fl.(B) 8936-9/C.R. 13-53-2, dated 21st October 1953 may be extended to the Transferred Divisions from Bombay, Hyderabad and Coorg areas also. The Chief Engineer (General), Bangalore who was consulted in the matter is of opinion that the above procedure, which has already been incorporated as an exception under clause (a) of paragraph 600 of the Mysore Public Works Account Code in Notification No. FD 28 ACP 57, dated 16th April 1957, may be introduced in the other parts of the State.

ORDER No. FD 40 BAP 59, DATED BANGALORE, THE 22ND SEPTEMBER 1959.

To have uniformity and to reduce clerical work in all Public Works Divisions, it is considered desirable to introduce the above procedure to the other integrated areas of the State also. It is therefore directed that the provisions of the Government Order dated 21st October 1953 referred to above (*see* Annexure to this Order) which have been incorporated as an exception under clause (a) of paragraph 600 of the Mysore Public Works Account Code in Notification No. FD 28 ACP 57, dated 16th April 1957, be extended to all the Public Works Divisions of the integrated areas.

G.O. No. Fl.(B) 8936-9—C.R. 13-53-2, dated 21st October 1953.

Measures to reduce clerical labour in Public Works Divisions.

Lays down ——.

READ—

Letter No. 217-WM. GC., dated the 9th September 1953, from the Accountant General, Mysore, Bangalore, suggesting measures to reduce clerical labour in Public Works Divisions.

ORDER No. FL.(B) 8936—9-C.R. 13-53-2, DATED BANGALORE, THE 21ST OCTOBER 1953.

Under the existing system, public works divisions are sending with the monthly accounts a schedule docket for each individual work irrespective of the estimated amount of the work and similarly particulars for each work, for which a schedule docket is sent, are being entered in the schedule of works expenditure. This system is laborious and takes much of the time of the divisional staff. It is considered desirable to devise ways of saving clerical labour, in compiling the monthly accounts in the divisions so that the divisional

staff can devote greater attention to the preparation of other schedules, returns, etc., to be sent to the Audit Office. The following procedure is, therefore, laid down for the guidance of the Public Works Officers.

The system of sending with the monthly accounts a schedule docket for each individual work may be dispensed with in the case of works of small magnitude whose estimated cost does not exceed Rs. 1,000 (with the exception of works relating to residential buildings, under all fund heads, Deposit Works, estimate for losses on stock and works of other departments) and they may be treated as petty works and the Divisional Accountant, as Primary Auditor, will be responsible for the issue of necessary objections. The expenditure on such works may be shown in the schedule of works expenditure as "Petty Works" under each detailed head separately supported by a single schedule docket.

Necessary amendments to the Mysore Public Works Account Code will issue separately.

Exhibits sent to Exhibitions by various Government Departments—Losses caused due to their non-return.

OFFICIAL MEMORANDUM

No. FD 42 BAP 59, DATED BANGALORE, THE 24TH SEPTEMBER 1959 (ASVIJA 2, SAKA ERA 1881).

It has come to the notice of Government that exhibits sent to Exhibitions in India and abroad by some of the participating Government Departments and Government Industrial Concerns were not brought back soon after the close of Exhibitions and as a result of such delayed action Government had to incur unnecessary expenditure on account of storage of such articles at the places of such Exhibitions. It is also seen that some articles were missing in storage. The lack of promptitude on the part of the Departmental Officers in dealing with exhibits has resulted in avoidable losses to Government. It is hereby directed that all Departments of Government and Government Industrial Concerns participating in various exhibitions, either in India or abroad, should take prompt steps to get back the articles sent by them to Exhibition without any loss of time as soon as the Exhibition is over and if any loss is caused to Government due to the failure on the part of the Officers to get back the articles within the least possible time, personal responsibility for such losses should be fixed and the losses recouped accordingly.

These instructions should strictly be enforced by Heads of Departments and Directors of Government Industrial Concerns.

Revision of Scales of pay and higher starting pay for Engineering graduates and Diploma holders in the Department of Technical Education.

READ—

1. Government Order No. Fl.(B) 14034-14133/Bud 119-56-3, dated the 25th January 1957.
2. Government Orders No. ED 474 TOI 57, dated the 9th May 1958 and 7th July 1958.
3. Letter No. A1/11381, dated the 9th December 1958 from the Joint Director of Technical Education in Mysore, Bangalore.

In the Government Order dated the 25th January 1957 read above, the scales of pay of the posts of Assistant Instructors and Instructors in the Department of Technical Education for which Diploma and Degree in Engineering respectively are the minimum qualifications, were revised to Rs. 70-5-90-6-150 and Rs. 150-10-250. The Assistant Instructors and Instructors were given Rs. 60 and Rs. 125 per month respectively during the period of probation. In the Government Orders dated the 9th May 1958 and 7th July 1958 read above the Diploma and degree holders recruited to the posts of Assistant Instructors and Instructors in the Technical Education Department were permitted to draw Rs. 70 p.m. (instead of Rs. 60 p.m.) and Rs. 150 p.m. respectively during the period of probation in the revised scales. This arrangement for higher starting pay during the period of probation was sanctioned on tentative basis till the end of March 1959. The Joint Director of Technical Education in Mysore, Bangalore has stated that scales of pay and the higher starting pay during and after the probation period, prescribed for the Engineering Graduates and the Diploma Holders in the Public Works Department are higher than those prescribed for the Engineering Graduates and diploma Holders in the Technical Education Department. As a result of this, he further reported that the recruitment to various posts on Teaching Staff of the Institutions has become difficult. He has, therefore, requested that the scales of pay and the higher starting during and after the period of probation prescribed for the Engineering graduates and Diploma Holders in the Public Works Department may be sanctioned for the Technical Education Department also, in the interest of the efficient working of the Technical Institutions and also to improve the present unsatisfactory situation in regard to recruitment.

ORDER NO. ED 8 TGL 59, DATED BANGALORE, THE 21ST AUGUST 1959 (SHRAVANA 30, SAKA-ERA 1881).

On further consideration, Government are pleased to sanction the revision of scales of pay in the Technical Education Department, as under with effect from 1st April 1959 :

(i) Instructors (Engineering Graduates) ... Rs. 150-10-300
(ii) Assistant Instructors (Diploma Holders) ... Rs. 70-5-90-6-150-10-180.

PUBLIC WORKS AND ELECTRICITY SECRETARIAT

Rules for Registration of Contractors in the Public Works Department.

READ—

Government Orders No. PWD 98 ORG 58, dated 21st January 1959 and 6th February 1959.

ORDER No. PWD 98 ORG 58, DATED BANGALORE, THE 18TH SEPTEMBER 1959 (BHADRAPADA 27, SAKA ERA 1881).

Rules for registration, classification, etc., of Contractors in the Public Works Department were promulgated in January 1959. The Chief Engineers have brought to notice certain administrative difficulties experienced in the working of the rules and have suggested certain changes with a view to efficient and expeditious execution of works and in order to accommodate Contractors of small means. Representations have also been made to Government for the creation of an additional class of Contractors and for waiving the production of solvency certificates in their cases, for relaxation of the works qualification laid down in Rule 4 in the case of Contractors who desire to register themselves in Classes I, II and III but who had had no opportunity of executing individual works of the value laid down in that Rule and were, therefore, ineligible for registration in the said classes, and for lowering the Earnest Money Deposit to 2½ per cent of the estimated cost of the work tendered for.

2. The subject was discussed at the Conference of Officers of the Public Works Department held at Bangalore on the 2nd and 3rd June 1959 and certain changes in the existing rules were tentatively agreed to. Government have carefully considered the matter and have decided to create an additional class of Contractors, *viz.*, Class V, as in the Central Public Works Department, and to revise Rule 4 suitably to enable persons who had had no opportunities of executing works of bigger magnitude in the past, to get themselves registered in Classes II and III. The proposal to lower the scale of Earnest Money Deposit is also accepted. Certain verbal changes which are considered necessary in the existing rules have also been incorporated in the revised rules which are approved and appended hereto.

3. These rules will come into force with immediate effect but will not affect the registration of Contractors already effected under the previous rules.

By Order and in the name of the Governor of Mysore,

V. SHANKARAPPA,
Under Secretary to Government,
Public Works Department.

APPENDIX.

Rules for Registration of Contractors in the Public Works Department.

1. **Classification.**—The Contractors in the Mysore Public Works Department shall be registered in the following five classes :—

2. **Jurisdiction.**—Contractors registered under Class I may tender for works anywhere in the State. 4. **Qualifications.**—The following qualifications are laid down in regard to registration of the different classes of contractors :—

Class I contractors should have completed at least one work the estimated cost of which is not less than Rs. 5 lakhs within the preceding five years. Class II contractors should have completed at least one work the estimated cost of which is not less than Rs. 1 lakh within the preceding five years ; in the alternative, the average annual turnover on account of works executed by them within the

preceding five years should be not less than Rs. 1 lakh. Class IV and V contractors should have completed at least one work the estimated cost of which is not less than Rs. 5,000 and Rs. 2,000 respectively within the preceding five years.

In the case of a new contractor or a contractor who does not have the works qualification specified above for a class for which he applies, the Officer immediately superior in rank to the appropriate registering authority may, after satisfying himself about the financial ability and qualifications of such applicant, award one or two works to him and after he executes the work/works satisfactorily, register his name in the appropriate class. The first registration in such cases will not be for a class higher than Class III.

5. **Appointment of Technical Personnel (by the Contractors).**—Class I and II contractors should appoint at least one Engineering Graduate with practical experience of two years and more for every work costing Rs. 5 lakhs and above, and at least a Licentiate or a Diploma holder in Civil Engineering with three years' practical experience on every work, or group of works altogether costing less than Rs. 5 lakhs:

Provided that if the registered contractor himself possesses the qualifications prescribed above for the technical personnel, the requirement about the appointment of technical personnel need not be insisted on.

For Classes III, IV and V contractors, it is sufficient if the contractor has, in the opinion of the Registering Authority, gained experience and possesses the necessary works qualification specified in Rule 4.

6. **Deposits.**—Contractors shall in each case be required to deposit $2\frac{1}{2}$ per cent of the estimated cost of the work tendered for while offering tenders, provided, however, that contractors in Classes I and II will be exempted from this requirement, if they deposit a sum of Rs. 50,000 and Rs. 20,000 respectively with the Registering Authority either in cash or in interest-bearing security at the time of registration, as long as such sums are kept in deposit. No interest will be allowed on these amounts. In addition to the Earnest Money Deposit referred to above, deductions shall be made from each running bill at 5 per cent of the amount of the bills in respect of contractors whose tenders are accepted.

7. **Registration.**—The application for registration in the prescribed form (*vide* Annexure I) should be submitted to the Authority competent to effect registration and it should be accompanied by the following documents:—

Applications for renewal shall be made at least two months before the expiry of registration.

The solvency certificate should be produced during first registration and once in two years thereafter at the time of renewal, provided the registering authority may, for reasons to be recorded by him in writing, call upon the contractor to produce such certificate giving him reasonable notice, failing which the renewal is liable to be refused.

9. Refusal of Registration.—The registration of a contractor shall not be refused except on any of the following grounds, namely:

(*a*) that the applicant or any person responsible or proposed to be responsible for the execution of the contract is not qualified or does not possess necessary experience or that the applicant does not possess the necessary financial resources;

Such an order may be passed if the competent authority is *prima facie* of the view that the contractor is guilty of an offence involving moral turpitude in relation to business dealings, which if established would result in his removal/blacklisting.

The period of such suspension of business shall not exceed three months in any case. The authority competent to order such suspension shall be the Executive Engineer in the case of Class III, IV and V contractors, Superintending Engineer in the case of Class II contractors and Chief Engineer (General) in the case of Class I contractors.

12. Removal from the Approved List.—The Registering Authority may remove the name of a contractor from the approved list if such contractor :

(ii) has no longer the adequate equipment, technical personnel or financial resources ; or

(iii) violates any important condition of contract ; or

(iv) fails to tender for a period of two years continuously ; or

(ix) persistently violates the provisions of Labour Regulations and Rules.

13. Blacklisting.—The Registering Authority may blacklist a contractor where—

(i) there are sufficient and strong reasons to believe that the contractor or his employee has been guilty of malpractices such as bribery, corruption, fraud including substitution of, or interpolation in tenders, pilfering or unauthorised use of, or disposal of Government materials issued for specific works, etc., or

(ii) the contractor contumaciously refuses to pay Government dues without showing adequate reasons and where the Registering Authority is satisfied that no reasonable dispute attracting reference to arbitration or court of law exists for the contractor's action ; or

(iii) the contractor or his partner or his representative has been convicted by a court of law for offences involving moral turpitude in relation to the business dealings.

14. Restoration.—Upgrading a 'demoted' contractor, lifting the ban on business, restoring the registration, withdrawal of blacklisting, etc., may be considered at appropriate time on the merits of each case by the authority who had passed the original orders.

15. Appeals.—Any decision of the Registering Authority relating to refusal of registration or renewal of registration shall be subject to appeal to the next higher authority in the Department and in case of decision by the Chief Engineer, the appeal shall be to Government. IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Waiver of the recovery of one month's advance of basic pay to non-gazetted employees allotted to Mysore.

READ—

Government Order No. GAD(A1) 16 MSP 57, dated the 10th December 1957, waiving the recovery of one month's advance of basic pay, permanent pay and officiating pay exclusive of special pay, Dearness and other allowances out of the advance of pay granted to Non-gazetted employees, who were allotted to the New Mysore State, from areas other than the Old Mysore State, such waiver being limited to Rs. 200 in the case of persons whose monthly pay exceeded Rs. 200 on 1st November 1956.

2. Government Order No. GAD 3 MSA 58, dated 10th January 1959, issuing certain clarifications with regard to the waiver of one month's basic pay ordered in Government Order dated 10th December 1957, read above.

3. Government Order No. GAD(L) 13 IFA 59, dated the 18th June 1959 ordering in partial modification of Government Order dated 10th January 1959, that sub-clause (ii) of Clause 2 of Government Order dated 10th January 1959, be deleted with consequential re-numbering of the remaining clause.

4. Letter No. TM/B/X-54/257, dated the 9th July 1959 from the Accountant General, Mysore, Bangalore, requesting deletion of the sub-clause (i) of Clause 1 of the Government Order dated 10th January 1959, in consequence of the amendment issued in Government Order dated 18th June 1959.

ORDER No. GAD (AL) 13 IFA 59, DATED BANGALORE, THE 19TH AUGUST 1959 (SHRAVANA 28, SAKA ERA 1881).

In Government Order dated 18th May 1959, it was clarified that the orders of waiver issued in Government Order No. GAD(AL) 16 MSP 57, dated 10th December 1957 would also be available to the allottees who were posted to places within the same regions in which they were serving immediately prior to 1st November 1956 (regions being Ex-Hyderabad, Ex-Bombay, Ex-Madras and Ex-Coorg) by the deletion of sub-clause (ii) of Clause 2 of Government Order dated the 10th January 1959. In consequence of this amendment sub-clause (i) of Clause 1 of Government Order dated 10th January 1959 also requires to be corrected as pointed out by the Accountant General in his letter dated 9th July 1959 read above. It is therefore Ordered that sub-clause (i) of Clause 1 of the Government Order dated 10th January 1959 be deleted and sub-clauses (2) and (3) be re-numbered as (1) and (2) respectively.

By Order and in the name of the Governor of Mysore,

B. R. DEEN DAYAL,
Under Secretary to Government,
General Administration Department
(Integration).

Recruitment for posts connected with research programmes—Application of orders regarding reservation of appointments or posts for Scheduled Castes and Scheduled Tribes and Backward Classes.

ORDER No. GAD 146 SRR 59, DATED BANGALORE, THE 28TH SEPTEMBER 1959 (ASVIJA 6, SAKA ERA 1881).

Under the existing orders of Government, all recruitment has to be made strictly according to the general orders issued from time to time by Government, making reservation of appointments or posts in favour of the Scheduled Castes and Scheduled Tribes and other Backward Classes which, in the opinion of the State, are not adequately represented in the services under the State. While this may be a desirable policy in regard to the majority of posts under Government, it is felt that it needs review in so far as the technical posts connected with research programmes are concerned. If the research schemes sponsored by Government are to yield results, they should be manned by persons who have not only the necessary academic qualifications but also a flair for research. Government are, therefore, of the view that for the higher technical posts connected with research, the best persons should be recruited, regardless of any other considerations. The posts created for a research project can be broadly divided into three categories :—

(*a*) Technical posts, under Classes I and II.

(*b*) Other Technical posts.

(*c*) Non-technical posts.

For posts coming under (*c*) above, there will be no difficulty at all in securing personnel subject to the general orders regarding reservation for the Scheduled Castes and Scheduled Tribes and other Backward Classes. There will not be much difficulty in following such general orders in filling the technical posts at the lower levels also, as the incumbents of such posts do mostly routine work under the guidance of their superior officers and the academic qualifications required of such persons will not be very exacting. It is really in respect of persons who guide research programmes that the best talent should be secured.

2. Government are therefore pleased to direct that the general orders regarding reservation of appointments and posts in favour of the Scheduled Castes and Scheduled Tribes and other Backward Classes need not be rigidly applied to the recruitment of staff for technical posts of Classes I and II sanctioned for the various research schemes under Government. Heads of Departments may submit proposals to Government in the Administrative Department concerned in individual cases for approval to exempt the recruitment to such posts from the general orders regarding communal reservations.

By Order and in the name of the Governor of Mysore,

L. A. DHAMANIGI,
Under Secretary to Government,
General Administration Department
(Services-I.)

FINANCE SECRETARIAT

Permission to opt for the Mysore Leave Rules, 1957 (Part III of the Mysore Civil Services Rules, 1958)—Persons allotted or re-allotted to the New Mysore State after 31st August 1958.

ORDER No. FD 192 SRS 59, DATED BANGALORE, THE 18TH AUGUST 1959 (SHRAVANA 27, SAKA ERA 1881).

The period for exercising option to the Mysore Leave Rules, 1957 (Part III of the M. C. S. Rules, 1958) expired on the 31st August 1958. It has been brought to the notice of Government that there are cases wherein persons allotted or re-allotted to this State under the States Reorganisation Act, 1956, have joined duty in this State subsequent to 31st August 1958, and such persons do not have a chance to opt for the Mysore Leave Rules, 1957, due to the expiry of the date fixed for exercising option thereto. Government feel that in all equity they should be given a chance to come over to the Mysore Leave Rules, 1957, and therefore, direct that such of the Government servants, who have joined duty in this State consequent on their allotment or re-allotment under the provisions of the States Reorganisation Act, 1956, between the periods 1st September 1958 and 31st March 1959, be permitted to opt for the said Leave Rules before the 1st day of October 1959.

By Order and in the name of the Governor of Mysore,

C. BRITTO,
Under Secretary to Government,
Finance Department.

READ—

G. O. No. SE 390-402—Sec. Edn. 19-56-1, dated 17th December 1956 according sanction to the audit of accounts of the Aided High and Middle Schools under the Private Management in *Ex*-Mysore area, by the Departmental Auditors.

2. G. O. No. ED 400 SES 58, dated 27th February 1959 regarding delegation of enhanced powers to the officers in the Education Department.

3. G. O. No. ED 400 SES 58, dated 11th June 1959, directing that clause "C" under heading "Financial Powers" delegated to the Deputy Directors of Public Instruction will take effect only when the Audit staff is posted to the offices of the Deputy Directors of Public Instruction of the Divisions.

4. Letter No. Accts. 54/59-60, dated 5th May 1959 from the Director of Public Instruction in Mysore, Bangalore, forwarding the proposal for introducing uniform system of audit of accounts of the Aided Educational Institutions and requesting additional audit staff to his office.

ORDER No. ED 94 SES 59, DATED BANGALORE, THE 25TH SEPTEMBER 1959 (ASVIJA 3, SAKA ERA 1881).

Government in their order, dated 27th February 1959 read above, have delegated additional powers to the Deputy Directors of Public Instruction of the Divisions to sanction annual revision of teaching and D. A. grants as per Grant-in-aid Code in respect of all Aided High, Middle, Primary, Nursery, etc. Educational Institutions. The Director of Public Instruction has now pointed out that at present different system of auditing of accounts of the Aided Educational Institutions is prevailing in the different integrated areas of the State and has proposed that grants may be sanctioned to the Educational Institutions on the basis of the financial statements audited by the certified auditors, and therefore forwarded the following proposals for the approval of Government :—

(i) to get the accounts of 1958-59 and onwards audited by the Registered Accountants or recognised bodies of auditors not in any way connected with the school *or* an auditor recognised by the Education Department, in supersession of Government Order, dated 17th December 1956 read above;

(ii) to discontinue the levy of the audit fees prescribed in Government Order dated 17th December 1956 referred to above;

(iii) to empower the Director of Public Instruction to issue supplementary instructions to subordinate officers and the Management of private schools regarding the maintenance of registers and accounts;

(iv) to empower the Director of Public Instruction to issue supplementary instructions to the private auditors as to the manner in which the audit is to be conducted with reference to the needs and requirements of the Department and rendering the statements and accounts for verification and early sanction.

2. In view of the revised procedure proposed to be adopted in the entire State, the Director of Public Instruction has also proposed that the audit staff sanctioned for the old Mysore State for the audit of the accounts of the Grant-in-aid institutions may be distributed among the Director's office and the Offices of the Divisional Deputy Directors for the scrutiny of the financial statements, Audit reports, etc., and as the existing staff will not be sufficient for the extra work to be done in the Divisional Offices, the Director of Public Instruction has requested for certain additional audit staff in his office.

3. The question of introducing uniform system of auditing of accounts and sanctioning of additional staff was discussed at a meeting held in the Education Secretary's Chambers on 2nd September 1959 when the following officers were present :—

The Secretary to Government, Education Department,
The Controller, State Accounts Department,
The Director of Public Instruction in Mysore, Bangalore,
The Deputy Secretary to Government, Education Department,
The Under Secretaries to Government, Education Department,
The Special Officer for Revision of Codes, Finance Department.

4. The following proposals were agreed to :—

(i) The Director of Public Instruction in Mysore, Bangalore be permitted to entrust the audit work of aided institutions either to Departmental officers or Restricted Auditors or Chartered Accountants as he may consider necessary.

(ii) The Director of Public Instruction in Mysore, Bangalore, shall see that the private auditors so appointed, conform to all the instructions issued by him from time to time for the purpose of the audit, and respond to the questionnaire to be framed by the Director of Public Instruction in Mysore, Bangalore, covering all aspects of the Departmental audit.

(iii) The Director of Public Instruction in Mysore, Bangalore, shall maintain a list of such approved private auditors or chartered accountants and the choice of auditors to audit private institutions shall invariably vest with the Director of Public Instruction in Mysore, Bangalore and he shall assign such auditors.

(iv) The Department may arrange for test check of the initial accounts of some of the Aided institutions according to a well regulated programme to ensure that the grant already sanctioned has been properly utilised.

(v) The Inspecting officers should record in their inspection note, of the fact that the audit work of the private institutions is being attended to satisfactorily after due scrutiny.

5. The proposal of the Director of Public Instruction in Mysore, Bangalore, regarding the additional staff was examined fully and as the system of entrusting the audit work to private agency was agreed to, it was not considered necessary to sanction the entire staff proposed by him. According to the latest Government Order, as the Deputy Directors of Public Instruction are empowered to sanction grants to the aided institutions it was considered sufficient to sanction one Audit Superintendent for each Divisional Office, the required clerical staff for each Division being arranged for by redistribution of the surplus staff that would be available consequent on the adoption of the new audit system. It was also agreed that two Superintendents of the Accounts Section of the Director of Public Instruction's Office should be posted to the two Divisional Offices immediately to start the preliminary work with the staff to be given over to the divisions from the Office of the Director of Public Instruction. The extra staff to be appointed to implement this new system at the Divisional level would be only 3 and 3 Superintendents' posts to be sanctioned immediately. This was agreed to.

6. The suggestion whether instead of entrusting the audit work to private agencies, the same could not be entrusted to the State Accounts Department on the same basis as the Local Bodies, was also discussed. As it was considered advantageous to adopt this procedure it was resolved to address the Controller, State Accounts Department to examine this question and send up suitable proposals to Government. As this would take time, it was however, decided to adopt the system as agreed to above for the current year.

7. In supersession of the orders issued in Government Order, dated 17th December 1956, Government are pleased to approve of the proposals contained in paras 4 and 5 above and accord sanction to the appointment of three Audit Superintendents in the grade of Rs. 150—10—250 with immediate effect up to the end of

31st March 1960 on temporary basis. It is further directed that immediate action be taken by the Director of Public Instruction in Mysore, Bangalore to re-distribute and post the staff from his office to the Offices of the Deputy Directors of Public Instruction. With the sanction of this Audit Staff, the Deputy Directors of Public Instruction will exercise the financial powers delegated to them in the Government Orders cited above.

8. The expenditure on this account be met out of the sanctioned provision under "37—Education—E. General-p. Direction" and the expenditure on the additional staff to the offices of the Deputy Directors of Public Instruction of the Divisions be met out of the sanctioned provision under "37—Education E. q. Inspection", by re-appropriation if necessary from the budget for the year 1959-60.

9. The revised procedure of Auditing of Accounts of the Aided Educational Institutions be made applicable with immediate effect.

10. The Controller of State Accounts Departm ent, Bangalore s requested to examine and forward proposals to Government in respect of para 6 above at a very early date.

By Order and in the name of the Governor of Mysore,

K. M. RAMAKRISHNAIYA,
Deputy Secretary to Government,

1. Agricultural Colonies for Woddars of Gulbarga District.

The living conditions of Woddars of Gulbarga District are far from satisfactory. It is, therefore, proposed to open four (4) Agricultural Colonies for Woddars in this District. Each Colony will cost about Rs. 57,000. Two (2) Colonies will be opened in 1959-60 and the other two in 1960-61. Each colony will be for 50 families. While locating these colonies, the really backward areas in the District will be selected. Each of these 50 families will also be given economic aid for the purchase of bullocks, seeds, manure and implements. One Drinking Water Well will be constructed in each colony. Also a School with the necessary equipment will be provided. Approach and link roads to the colonies will be formed.

2. Agricultural Colonies for Berads of Bijapur District.

The Berads of Bijapur District are economically very poor and they require rehabilitation. It is, therefore, proposed to start 4 Agricultural colonies for 200 families of Berads each in the Bijapur District. Two (2) of these colonies will be opened in 1959-60 and another 2 in 1960-61. Each colony will consist of 50 families and is expected to cost Rs. 57,000. In each Colony, 50 houses will be constructed for 50 Berad families. They will also be given agricultural and economic aid. Each colony will have a Drinking Water Well and a School Building with the necessary equipment. Approach and link roads to the colony will be formed. While locating these colonies, only the really backward areas in the Disirict will be selected.

3. Agricultural Colonies for Berads of Belgaum District.

The scheme is to start 2 colonies for Berads in this District, one in 1959-60 and another in 1960-61. Each colony will be a self-contained unit and will cost about Rs. 57,000. Fifty Berad families will be housed in each colony and they will be given necessary land and help for agriculture. In each colony a well will be dug and a school will be constructed. Also approach roads will be formed leading to the colonies.

It is, therefore, proposed to start 2 Agricultural colonies for the Shillekyathas of this District at an estimated cost of Rs. 57,000 for each colony. One colony will be started in 1959-60 for 50 families and another in 1960-61 for the same number of families. The details of the roads proposed to be formed and the expenditure involved on each road are indicated in the annexed statement (Annexure III). The total cost of the formation of these roads is estimated at Rs. 2,26,000. Out of this, Rs. 1,13,000 will be spent during the current year and an equal amount in the coming year 1960-61.

HOME SECRETARIAT

Sanctions the Reorganisation of the Raichur District Police Force.

READ—

Letter No. HD 54 EST 57, dated the 22nd April 1957 from the Secretary to Government, Home Department, to the Inspector-General of Police, Mysore State, calling for proposals for reorganising the Police Department in order to secure all possible economy in expenditure.

2. Letter No. 160—RA—57 (Raichur), dated the 19th August 1958 from the Inspector-General of Police, Mysore State, Bangalore, forwarding the Reorganisation proposals of the District Police in Raichur District.

ORDER NO. HD 211 EHT 58, DATED BANGALORE, THE 1ST OCTOBER 1959 (ASVIJA 9, SAKA ERA 1881).

The Inspector-General of Police has sent proposals for the reorganisation of the Police Force in the Raichur District in pursuance of the instructions issued by Government.

In drawing up these proposals he has kept in view the local, economic and geographical conditions of the Raichur District, the incidence of crime and other special problems of the area and has fixed the strength of the Police, Stations Out-posts, Armed Reserve Police, etc., on that basis. The existing and the proposed set up of the Police Force are set out in Appendices A and B respectively.

The salient features of the proposals are:—

1. Continuance of the existing three Sub-Divisions, *viz.*, Raichur, Lingsugur and Koppal in the reorganised set up with slight changes in their jurisdiction as indicated in Appendix C. The Sub-Divisional Police Officer, Raichur, will, in addition to the charge of his Sub-Division, function as personal Assistant to the District Superintendent of Police.

2. Creation of a new Police Circle called Kushtagi Circle;

3. Creation of a Town Police Station at Koppal;

4. Creation of Out-posts at Yermarus and Gargunta;

5. Creation of the posts of one Assistant Sub-Inspector and 14 Head Constables;

6. Creation of 5 posts of peons for the Office of the District Superintendent of Police;

7. Reorganisation of the District Intelligence Bureau as indicated below:

Existing		*Proposed*	
Police Inspector	1	Sub-Inspector	1
Sub-Inspectors	2	Head Constables	10
Head Constables	10		
Police Constables	8		

and re-designating it as District Special Branch.

No. HD 211 EHT 58, DATED 1ST OCTOBER 1959.

8. Reorganisation of the Local Crime Branch as indicated below :

Existing			*Proposed*		
Sub-Inspector	...	1	Sub-Inspector	...	1
Head Constables	...	3	Head Constables	...	4

and re-designating it as District Intelligence Bureau.

9. Reorganisation of the District Armed Reserve Police as indicated below :

Existing			*Proposed*				
			Headquarters Platoon	...	1	Active Platoons	
Police Inspector	...	1	Subedar-Major	...	1	Sergeants	... 3
Sub-Inspectors	...	2	Sergeant	...	1	Assistant Sergeants	... 3
Head Constables	...	17	Assistant Sergeant	...	1	Head Constables	... 18
Police Constables	...	202	Head Constables	...	9	Police Constables	... 108
			Police Constables	...	49		

10. Provision of vacancy reserve of 10 per cent uniformly in the total strength of the Head Constables and Police Constables both in the Civil and Armed Police ;

11. Abolition of the posts of one Sub-Inspector and 114 Police Constables ;

12. Abolition of Police Stations at Yermarus and Gargunta.

The proposals result in savings to the extent of Rs. 73,369-44 nP. per annum. After careful consideration, Government are pleased to sanction the proposals of the Inspector-General of Police. Appendix E indicates the existing distribution of the Police Force and Appendix F its reorganised distribution.

In working out the net financial effect of the Reorganisation proposals, the revised scales of pay have been taken into account for the surplus and the additional posts required. Separate orders will issue regarding the continuance, rationalisation or otherwise of the allowances. The present Reorganisation order fixes only the strength of the Police personnel in each category as set out in Appendices A and B. As regards the incumbents that occupy these posts, their scales of pay will depend on whether or not they opt to the new scales.

A staff of one Sub-Inspector, and 114 Police Constables is rendered surplus by the above Reorganisation proposals. As some time lag is involved in the sanction of the Reorganisation proposals of all Districts the incumbents of surplus posts will continue as supernumeraries from the date of this order and should be absorbed within a period of one year by which time orders will have been issued on the Reorganisation of the entire Department. The Inspector-General of Police is therefore requested to send a statement of re-distribution of the forces of the entire State and the proposition statement thereof for the information of Government when all the proposals are finalised.

A notification indicating the changes in the existing jurisdiction of Police Stations and Out-posts will be issued separately.

By Order and in the name of the Governor of Mysore

K. NARAYANASWAMY,
Secretary to Government,
Home Department.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Advance payment of ward charges by Government servants—Issues Instructions regarding waiving the ward charges under certain conditions.

CIRCULAR

No. GAD 5 GRR 58, DATED BANGALORE, THE 6TH OCTOBER 1959 (ASWIJA 14, SAKA ERA 1881).

Instructions were issued in Circular No. GAD (OM) 5 GRR 58, dated 6th May 1958 that ward charges should be paid by Government servants in the first instance and a claim preferred, along with the cost incurred on medicines which

are not available in the Hospital for refund. As it is represented that the payment of ward charges in advance works as hardship in many cases, the procedure is modified as follows:—

(*i*) Government servants of Classes III and IV should produce before the Medical Officer a certificate signed by the Head of Office furnishing all particulars about their appointment, pay, etc., which are necessary for allocating wards suitable to their status as well as for purposes of medical charges. In such cases, the ward charges need not be collected in advance.

(*ii*) Where no such certificate is produced, the Government servant should himself pay the ward charges in the first instance and claim re-imbursement later.

(*iii*) In the case of Government servants belonging to Classes I and II, it is enough if they produce before the Medical Officer a declaration signed by themselves furnishing the required particulars.

2. It is clarified in this connection that the cost of Ayurvedic and Unani medicines will also be refundable under Rule 6(2) of the Rules.

B. VENKATARAMIA,
Under Secretary to Government,
General Administration Department
(O. & M. Sec.).

FINANCE SECRETARIAT

Exercising of option in favour of the New Mysore Scales of Pay and Allowances by retired Government Servants.

OFFICIAL MEMORANDUM

No. FD 357 SRP (1) 59, DATED BANGALORE, THE 28TH SEPTEMBER 1959 (ASVIJA 6, SAKA ERA 1881).

In Government Order No. FD 466 ROP 58, dated the 27th June 1958, it was directed that option, exercised by Government Servants, who have already retired or were going to retire, prior to their retirement, or before the time limit allowed for exercising option, should be regarded as final and not open for revocation when the Equation of Posts is finally settled.

2. The Government Servants, who retired prior to the issue of Government Order No. GAD 45 DIF 58, dated 15th September 1958 and Government Order No. GAD 76 DIF 58, dated 20th November 1958 could not exercise option to the New Scales of Pay and Allowances until the issue of these orders. In such cases, doubts have been expressed by certain Heads of Departments, whether the Government Servants (already retired) could now be allowed to exercise their options to the New Scales of Pay and Allowances or be treated as having retained their Old Scales of Pay and Allowances, in the absence of Specific option from them prior to their retirement.

3. Government after further consideration, direct that all Government Servants who could not exercise their option prior to their retirement and until the issue of Government Orders dated 15th September 1958 and 20th November 1958 referred to above, should be allowed to exercise their option now on the basis of Provisional Equation of posts, such options being *Final and not open for revocation* when equation of posts is finally settled.

4. This concession of allowing retired Government Servants to exercise options now, is applicable only in the case of Government Servants, allotted to the new State of Mysore, other than those belonging to the Old Mysore area in whose case the question of equation of posts does not arise. This concession has to be allowed to Government Servants who had revoked their earlier option in terms of Government Order No. FD 115 BUD 57, dated 14th November 1957.

5. Heads of Departments are requested to circulate this Official Memorandum to all Government Servants who have already retired without exercising option before the end of September 1958, in the case of Gazetted Government Servants and before the end of November 1958 in the case of non-Gazetted Government Servants and to direct them to give their options, if they so desire now, on or before 31st December 1959.

By Order and in the name of the Governor of Mysore,

N. S. BHARATH,
Deputy Secretary to Government,
Finance Department.

In working up the net financial effect of the reorganisation proposals, the revised pay scales have been taken into account for the surplus and additional posts required. Separate orders will issue regarding the continuance, rationalisation or otherwise of the allowances. The present Reorganisation Order fixes only the strength of the Police personnel in each category as set out in Appendices 'A' and 'B'. As regards the incumbents that occupy these posts, their scales will depend on whether or not they opt to the new scales.

A staff of 4 Sub-Inspectors and 14 Assistant Sub-Inspectors is rendered surplus by the above reorganisation proposals. As some time lag is involved in the sanction of the reorganisation proposals of all the Districts, the incumbents of the surplus posts will continue as supernumeraries from the date of this Order and should be absorbed within a period of one year by which time orders will have been issued on the reorganisation of the entire Department. The Inspector General of Police is requested to send a statement of re-distribution of forces of the entire State for the information of Government when all the proposals are finalised and also the necessary proposition statement.

A notification indicating the changes in the existing jurisdictions of Police Stations and Out-Posts will be issued separately.

By Order and in the name of the Governor of Mysore,

K. NARAYANASWAMY,
Secretary to Government,

Purchase by Government Departments of Kamblies and other products of Government Wool Spinning Centre, Kolar.

OFFICIAL MEMORANDUM

No. CI 41 MSP 59, DATED BANGALORE, THE 16TH OCTOBER 1959 (ASVIJA 24, SAKA ERA 1881).

In Government Order No. C. & D 3375-77—Com. 29-56-30, dated 27th August 1956, the Secretary, Stores Purchase Committee, was authorised for a period of 3 years to make purchase of Kamblies and other products manufactured at the Government Wool Spinning Centre, Kolar, for the use of several Government Departments as a measure of encouragement to the Centre which is run on Cottage Industries basis. The sanctioned period expired on 30th April 1959. Later, in Official Memorandum No. CI 27 MSP 59, dated 19th June 1959, it has been clarified that Khadi includes Kamblies also and that orders issued in Official Memorandum No. CI 89 SPC 57, dated 15th January 1958, in respect of Khadi Cloth for Government use, hold good in respect of Kamblies also. All the Heads of Departments have been requested to see that this point is kept in view while purchasing their requirements of Kamblies.

The Director of Industries and Commerce states that there is no mention in the Official Memorandum dated 19th June 1959 cited above, that all Heads of Departments should buy their requirements from Government Wool Spinning Centre, Kolar, which is the only institution run by Government producing Kamblies and certified by Khadi Commission. The Director, therefore, requests issue of revised orders to facilitate the disposal of Woollen goods produced in the Centre.

In view of the above, all the Heads of Departments are requested to purchase their requirements of Kamblies from the Government Wool Spinning Centre, Kolar, as far as possible.

Production of Income Tax Clearance Certificates from Suppliers and Contractors before contracts are awarded to them.

OFFICIAL MEMORANDUM

No. FD 80 RTP 59, DATED BANGALORE, THE 17TH OCTOBER 1959 (ASVIJA 25, SAKA ERA 1881).

It has been brought to notice of Government by the Commissioner of Income Tax, Mysore, Bangalore, that the Forest Department is not insisting upon the production of Income Tax Clearance Certificates by the Forest Contractors before the contracts are actually awarded to them. The reason usually alleged is that there is delay in obtaining such clearance certificates, but the Income Tax Department has assured that the reason is not correct, and if the contractor has cleared the tax due to the department, the certificate will be issued immediately and further the Commissioner of Income Tax has intimated Government, that instructions have again been issued to all Income Tax Officers that there should not be any delay in the matter of issue of Income Tax Clearance Certificates in proper and deserving cases. All departments of Government are requested to see that Income Tax Clearance Certificates are invariably obtained in all cases in future.

2. In this connection attention of all Heads of Departments is invited to Official Memorandum No. Fl. 6092-6192/G.F. 60-50-4, dated 21st October 1950 (copy appended for ready reference) impressing upon the departments of Government the need for obtaining such clearance certificates before contracts, etc., are given.

N. S. BHARATH,
Deputy Secretary to Government,
Finance Department.

APPENDIX.

[*Copy of Official Memorandum No. Fl. 6092-6192/G.F. 60-50-4, dated 21st October 1950 from the Secretary to Government, Finance Department, Bangalore.*]

Income Tax evasion—prevention of—Financial favour and patronage conferred by Government—Restriction of—to honest tax payers and genuine new comers—orders passed.

The Government have had under consideration, for some time past the question of setting up effective liaison arrangements between the Officers of the Income Tax Department and the various spending departments of the Government, with a view to withholding from persons with a bad Income Tax record any financial favour and patronage at the disposal of the Government and thus eradicate all cases of tax evasion by Government Contractors. They have therefore decided that the financial favour and patronage at their disposal, *e.g.*, in the matter of granting contracts, placing orders for supplies and services, grant of permits, licences, etc., should be bestowed only upon those

who produce a certificate of Income Tax Verification from the Income Tax authorities on the analogy of the procedure adopted by the Government of India in respect of the applications for import and export licences. The Heads of Departments and such Officers as are empowered to grant contracts, place orders for supplies and services, etc., are accordingly requested that applications for contracts, supplies and services, grant of permits and licences, quotas, etc., should not be considered after the issue of this Official Memorandum unless the applicants or individuals concerned produce an Income Tax Clearance/Verification Certificate in the Form appended to this order. In the case of contractors already on the approved lists, a month's time may be granted from the above date to produce an Income Tax Clearance Certificate. The production of an Income Tax Clearance/Verification Certificate may, however, be waived when the value of the contracts does not exceed Rs. 7,500 or when the anticipated turnover of an applicant for a permit or a license may not exceed Rs. 7,500 per annum.

2. Whenever a Notification calling for tenders for works or for supplies is issued by Local Bodies, a condition may be inserted therein to the effect that the successful tenderer will have to produce an income tax clearance or verification certificate before he executes an agreement to carry out the works.

3. The applicant or his authorised agent should fill in the particulars as required in the prescribed forms and present it to the Income tax Officer of the Circle where the applicant is assessed or assessable. In the case of applicants assessed or assessable in Bangalore the applications duly completed may be presented to the Inspecting Assistant Commissioner, Bangalore. The Income Tax authority concerned will arrange for the verification of the particulars furnished and issue the necessary certificates and return the copies after retaining one copy for his record.

4. The Income Tax Verification/Clearance Certificate once produced will be valid for a period of one year from date of issue. For proprietory and partnership concerns the certificate for the proprietor or proprietors and for each of the partners as the case may be, should be insisted upon. An applicant, who has not paid income tax during any of the past years under any head (Salaries, Interest on Securities, House properties, Business or profession, or any other sources) may be asked to file an affidavit stating that he had no taxable income from all the sources during any of the past five years together with a Income Tax Clearance/Verification Certificate to that effect.

5. The following classes of applicants will be exempt from production of Income Tax Clearance/Verification Certificates:

(a) Such Government and Semi-Government institutions as are not liable to Income Tax;

(b) Other types of persons who are not otherwise liable to Income Tax under Section 4 (3) of the Indian Income Tax Act;

(c) Firms and individuals claiming exemption from Income Tax, should give particulars of their income and state fully the circumstances under which they claim to be exempt from Income Tax.

(B) HYDERABAD AREA.

9. The administration of the Endowments in the Hyderabad Karnatak Districts, *i.e.*, Raichur, Bidar and Gulbarga is governed by the Hyderabad Endowments Regulations of 1349F and Rules made thereunder. The Commissioner for Religious and Charitable Endowments in Mysore is functioning as the Nazim-e-awakf (exercising the powers of the Member, Board of Revenue and the Director of Endowments) under the Endowments Regulations and Rules thereunder. According to the Hyderabad Endowments Regulations, 1349F, the registration of all endowed institutions and their property in the book of endowments is compulsory. The total number of institutions so far registered is as below :—

District	*Number of registered institutions.*
(1) Raichur	5,187
(2) Gulbarga	3,018
(3) Bidar	23
Total ...	8,228

10. Collection of Thug-e-tulazam (contribution towards administrative charges) in each District is as below :—

Gulbarga ...	13,198	56	8,432	50
Bidar ...	11,909	00	524	00
Raichur ...	Not received			

It would be seen that the registration of institutions as well as collections of Thug-e-tulazam are in heavy arrears and have to be attended to expeditiously.

(C) BOMBAY AREA.

11. The Bombay Public Trusts Act, 1950 is in force in the Belgaum Division which consists of four Districts—Belgaum, Bijapur, Dharwar and North Kanara. The provisions of the Act are applicable to the Religious and Charitable Trusts of all the communities and are mandatory as regards registration of each trust, maintenance and audit of accounts, protection of and investment of the Trust funds and non-alienation of Trust property. A separate Fund known as Public Trusts Administration Fund has been credited and the expenses of Administration paid by the State Funds are re-imbursed at the end of the financial year. Under Section 113 of the States Reorganisation Act, the Charity Commissioner of Bombay who is a Corporation Sole continued to exercise jurisdiction over the Belgaum Division during the year under review. The question of divesting him of his jurisdiction over Belgaum Division is under correspondence with the Government of India.

(D) MADRAS AREA.

12. The provisions of the Madras Hindu Religious and Charitable Endowments Act, 1951 continue to be applicable to the entire Madras area, and there was no change in the administration of the religious institutions in the Madras area under the new set up. As the validity of certain provisions of the Madras Act was being challenged in writ petitions, the implementation of the Act in South Kanara District, especially in the case of denominational temples and Mutts was not quite effective.

13. The following are the particulars of major and minor institutions in the integrated areas of Madras State :—

No. of major and assessable institutions.	*South Kanara District.*	*Kollegal Taluk*
	311	17
(a) Temples ...	292	16

(Institutions getting an income of Rs. 200 and above per year are treated as Major institutions and those getting less than Rs. 200 are treated as minor institutions).

14. The following statement shows the demand, collection and balance of contributions and audit fees and costs during the period from 1st April 1957 to 31st March 1958 :—

South Kanara District	*Demand.*		*Collection*		*Balance*	
	Rs.	nP.	Rs.	nP.	Rs.	nP.
Contribution ...	29,209	24	9,568	10	19,641	14
Audit fees ...	13,618	01	4,884	81	8,733	20
Costs ...	6,508	64	713	55	5,795	09

Audit fees ...	53,608	63	9,339	30	44,269	33
Costs ...	...		...		...	

It would be seen from the above there is heavy balance both towards arrears as well as the current demand of the contribution and Audit fees and special steps should be taken to collect these amounts.

(E) COORG DISTRICT.

The management of the affairs of the temples in Coorg is governed by the provisions of the Coorg Temple Funds Management Act, 1956. The fund is

managed by a Committee consisting of ten members. The usual Jatras and festival were held at Bhagamandala, Padi, Irpur and Palur Temples during the year. The following gives the financial position of the Fund :—

	Rs.
Opening balance for the year 1957 ...	12,184 00
Receipts during the year ...	48,603 00

JATRAS AND CATTLE SHOWS.

18. The Jatras and cattle shows were conducted successfully during the year. An aggregate sum of Rs. 2,61,730-41 nP. (Rs. 1,65,052-67) was realised during the year and a sum of Rs. 64,852-79 spent for sanitary and other arrangements. A net sum of Rs. 1,95,369-88 nP. was credited to the funds of the respective institutions.

PUDUVAT LOANS.

19. One thousand and one hundred thirty-six (1,094) cases of Puduvat loans amounting to Rs. 66,183-79 (Rs. 62,576-17) were pending at the beginning of the year in the several Districts. Out of this, only a sum of Rs. 894-88 was collected. The arrears still to be collected are very heavy. Necessary instructions should be issued to all the local officers for the recovery of the Puduvat amounts still outstanding and get the loan bonds renewed wherever necessary to avoid loss to the concerned institutions.

DEFUNCT INSTITUTIONS.

20. No fresh cases were reported during the year. Deputy Commissioners of concerned Districts are requested to dispose of all pending cases early.

EDUCATION SECRETARIAT

Sanctions the Revised Scales of Pay of the Education Department for the grant of two advance increments to the Graduate Teachers trained at their own cost prior to 1st January 1957 and during service after 1st January 1957.

READ—

Government Order No. Fl. (B) 14034-14133—Bud. 119-56-3, dated 25th January 1957, sanctioning revised scales of pay and allowances for the State of Mysore, with effect from 1st January 1957.

2. Letter No. A2-504-23/51-52, dated 25th June 1959, from the Director of Public Instruction in Mysore, Bangalore.

ORDER No. ED 144 SES 59, DATED BANGALORE, THE 21ST OCTOBER 1959 (ASVIJA 29, SAKA ERA 1881).

The Director of Public Instruction has forwarded a copy of his letter No. A1. 125-832/56-57, dated 7th October 1957 and stated that many graduate trained teachers have not been allowed the pay of Rs. 85, with effect from 1st January 1957, whereas recruits with training qualification who entered service after 1st January 1957, have been given this benefit in the grade of Rs. 75—200. In consequence, the teachers under reference have been placed at a disadvantage inasmuch, as the recruits have been started on a higher pay of Rs. 85 while persons with similar qualification, who entered service earlier are allowed lesser pay on 1st January 1957. He has, therefore, requested Government to accord specific sanction to allow the benefit of two advance increments in the revised grade Rs. 75—200 to such of the graduate teachers who entered service as trained graduates before 1st January 1957 and who may not be eligible for service weightage under Rule 7 of Government Order dated 25th January 1957, read above, or the weightage admissible to whom works up to less than two increments and added that as a corollary to this concession; graduates who entered service without training qualification, but acquire the training qualification at their own cost, hereafter, will also have to be granted two advance increments after they get themselves trained as was in vogue before 1st January 1957.

2. It is, therefore, ordered that the pay of Graduate Teachers trained at their own cost and who were in service on 1st January 1957, be fixed at Rs. 85 per month in the grade of Rs. 75-5-90-6-150-10-180-10-200, if their pay was fixed at a stage lower than Rs. 85 on 1st January 1957, as per the provisions of Government Order dated 25th January 1957. It is, further, directed that the concession of two advance increments in the grade of Rs. 75—200 also be given to such of the graduate teachers who get trained at their own cost subsequent to 1st January 1957, beyond the pay they are actually drawing at the time of satisfactory completion of training (when they obtain B.Ed. or B.T. Degrees), as per remarks on page 22 of the Government Order dated 25th January 1957.

AHMED ABDUL AZIZ,
Under Secretary to Government,

OFFICIAL MEMORANDUM

No. GAD (S-1)167-SRR-59, DATED BANGALORE, THE 20TH OCTOBER 1959 (ASVIJA 28, SAKA ERA 1881).

According to Article 100 (5) of the Mysore Financial Code, copies of the charge reports are to be sent to the Accountant General as well as to the Treasury Officer and Head of the Department concerned: Further, form No. 19 prescribed under this Article indicates that a copy of the charge report should be endorsed to the administrative department of the Secretariat. However, it is noticed that these instructions are not properly observed and that copies of charge reports are invariably endorsed to the General Administration Department (Chief Secretary) or to departments other than their administrative department of the Secretariat. The

Heads of Departments are requested to issue suitable instructions to their subordinate officers to see that copies of the charge reports are sent only to the relevant officers and departments of the Secretariat administratively concerned with the officer.

FINANCE SECRETARIAT

Review on Annual Review on the working of the treasuries for the year 1958-59.

READ—

Letter No. TM/B/IX-27/249, dated the 6th July 1959, from the Accountant General, Mysore, Bangalore, forwarding the annual review on the working of the Treasuries for the year 1958-59.

ORDER No. FD 76 RTI 59, DATED BANGALORE, THE 15TH OCTOBER 1959 (ASVINA 23, SAKA ERA 1881).

The irregularities and defects noticed during the course of inspection of treasuries are reported as due mainly to the non-observance of the Finance and Treasury Rules by the Treasury Officers concerned. The important defects noticed are given in statement 'A' annexed to the report. A special report should be submitted to Government on the various defects noticed immediately for the information and further orders of Government.

The Orders of Government on other irregularities of a serious nature pointed out by the Accountant General are noted below:—

1. *Defalcation in Education Department—para 3(a).*—The explanations of the concerned Treasury Officer and staff responsible for the overpayment of Rs. 2,600 due to the non-observance of the prescribed treasury rules should be obtained by the Divisional Commissioner, Mysore and forwarded for the orders of Government together with a report whether any enquiry under the C.C.A. Rules was held and responsibility fixed on concerned officials.

2. *Deficiency in Cash Balances—para 3(b).*—The personal responsibility in this case is not yet fixed and still under enquiry by the Divisional Commissioner, Belgaum. Final orders of Government will be passed on receipt of further report which is awaited.

3. *Double payment of Rs. 200—para 3(c).*—The Divisional Commissioner, Mysore, will obtain a report from the concerned Treasury Officer whether the double payment has since been recovered from the Contractor and whether departmental action has been taken against the officials responsible for the double payment.

4. *Irregular payments—para 3(d).*—The Divisional Commissioner, Belgaum, will expedite the departmental enquiry by the Assistant Commissioner, Bijapur and forward copy of orders passed for information or further orders of Government.

5. *Currency resources and other matters—para 4.*—Government view with serious displeasure the action of the Treasury Officers particularly Hassan and Bidar in persisting to maintain cash balances far in excess of the normal balances fixed by Government. If a systematic and periodical review had been made there would have been no occassions for this irregularity to continue. The question of converting some more treasuries into Banking Treasuries and opening more Currency Chests is under the active consideration of Government.

In the meanwhile if this irregularity persists, Government will have to enforce recovery of interest on excess balances, from the concerned Treasury Officers, when satisfactory explanations are not forthcoming. The Tahsildars should pay more attention to this and should themselves periodically review the balances, whenever they are in Headquarters. They should treat Treasury work as their important duty and not treat it as a routine one and leave it entirely to the Treasury or Taluk Sheristedars.

6. *Stamp Accounts.*—The Rules governing the custody and sale of stamps should be carefully observed by all District and Taluk Treasuries in future.

As regards sale of stamps direct from the double locks instead of through single locks, Government observe that after the abolition of the posts of Treasurers after the formation of Banking Treasuries in 1953, they had issued orders that no cash or stamps should be kept in single lock. In the absence of the posts of Treasurers the Shroffs are in charge of one key, the Treasury Officer another key. The Security of the Shroff is only Rs. 500 and he is not an *Ex-officio* Vendor. In the circumstances, the existing procedure of issue of stamps from such Treasuries to the public direct from Double Locks is approved and allowed to continue. The question whether Shroffs or any other senior clerks should be appointed as *Ex-officio* Vendors in District Treasuries is under separate consideration of Government. In Taluk Treasuries, the Sub-Treasury Officer is the *Ex-officio* Vendor and the issue direct from Double Locks is approved, as no stock is maintained in single lock with the Shroffs, and the maintenance of single lock registers and the passing of entries through the same is a mere duplication and serves no purpose.

7. *Payment of Pensions.*—The Treasury Officers should observe various rules in the M.T.C. regarding payment of pensions after comparing both halves of the Pension Payment Order and making entries of the date of payment to prevent double payment and also recording fact of appearance of pensioners. If any irregular overpayment occurs due to failure to comply with the provisions of the rules, the Treasury Officers will be personally held responsible for such payments and recovery of loss enforced from them.

8. *Transactions relating to Revenue Deposits.*—Failure to observe the rules to note repayments against original credits and carrying forward wrong balances, and consequent risk of overpayments appear to have occurred mainly in Tumkur, Gulbarga and Bidar Treasuries. The concerned Treasuries should report to Government whether they are since following the correct rules. The Head Accountants will be personally held responsible for such irregularities and overpayments, as it is their main duty to maintain accounts properly.

9. *Small Savings Scheme.*—Various instructions issued by Government from time to time should be followed carefully and repetition of irregularities pointed out by the Accountant General avoided.

10. *Payment of interest on Government securities.*—Failure to recover Income-tax at correct rates and non-recovery of Income-tax completely continues in some of the Treasuries. The instructions issued by the Accountant General from time to time in regard to recovery of Income-tax and surcharge from the interest due on Government securities, should be followed scrupulously in future.

11. *Action on retrenchment slips and half margin letters issued by the Accountant General.*—Prompt action should be taken to comply with the requirements in the retrenchment slips and disposal of half margin letters and they should be returned promptly after indicating action taken. The Treasury Officers, Gulbarga and Raichur, will immediately report to Government why they have failed to act on the retrenchment slips issued by the former Accountant General, Hyderabad in 1956-57 and what action if at all they have taken on them.

12. *Misclassification.*—The State Huzur Treasury, Bangalore, has contributed to the maximum misclassifications. The Treasury Officer should instruct the departmental officers to pay adequate attention to proper classification and for avoidance of such irregularities.

13. *Delays in the submission of accounts and supporting documents.*—There has been no improvement in this account and the delay is stated to persist in the State Huzur Treasury, Bangalore, Shimoga and Gulbarga Districts. The Treasuries should take prompt action to forward the returns due in time and co-operate with the Accountant General in the submission of civil account due from his office to the State and Central Governments. If this irregularity persists, the question of enforcing punishments as prescribed in the Treasury Cadre Order of November 1953 will have to be strictly enforced.

14. *Deposits of Local Funds.*—The Treasury Officer should forward the overdue *plus* and *minus* memorandum immediately to the Accountant General and report compliance to Government and avoid such omissions in future.

15. *Irregularities connected with Grants-in-aid.*—The rules prescribed in Article 207 M.T.C. should be carefully followed by the Treasury Officers in future, in paying Grants-in-aid sanctioned by Government.

16. *Disposal of Treasury Inspection Reports.*—The Accountant General has pointed out that the delay in furnishing the reply to the observations made in the inspection reports has become chronic in the case of most of the Treasuries and there are some outstanding items for the year 1956-57 in some of the Treasuries. The officers in charge should realise the importance of the audit objections and their clearance, with the utmost promptness as any belated action loses its value and may result in loss to Government. A report of action taken on previous reports should be submitted to Government within one month from this date.

17. *Treasury irregularities.*—A statement indicating several types of irregularities committed in treasuries is given in the Annexure. From the comparative review of this statement with that of the last year, it is seen that there is no improvement, on the other hand, the number of defects and omissions under almost all categories of irregularities is on the increase. Government expect that the Divisional Commissioners and Deputy Commissioners will exercise greater supervision and take deterrent action on the officers and officials responsible, who persist in not remedying irregularities.

18. *General.*—Government agree with the Accountant General that the various defects and the more serious irregularities indicated in the review reveal that the supervision and control exercised by the Treasury Officers over the working of the Treasuries and Sub-Treasuries under their control were not satisfactory. Government expect that with more effective supervision and with greater vigilance and close supervision over the work of the staff by Treasury Officers, the standard of work can be improved. It is hoped that the Treasury Officers will take greater interest in their work and see that the standard of efficiency of Treasury is improved.

The annual review of the Accountant General is printed as an Annexure to this order. The Divisional and Deputy Commissioners will see that the defects pointed out are regularised and report of action submitted to Government within two months.

By Order and in the name of the Governor of Mysore,

N. S. BHARATH,
Deputy Secretary to Government,
Finance Department (Budget).

ANNEXURE.

ANNUAL REVIEW OF THE WORKING OF TREASURIES 1958-59.

GENERAL.

1. During 1958-59 there was no change in the number of Treasuries and sub-treasuries in the State which remained at 19 and 163 respectively.

INSPECTION OF TREASURIES.

2. The following District and Taluk/Sub-Treasuries were inspected during the year under review:—

District Treasuries	*Taluk/Sub-Treasuries*
Tumkur	Tumkur
Hassan	Ar-ikere
Mandya	Srirangapatna
Coorg	Virajpet
Bidar	Bhalki
Raichur	Manvi
Gulbarga	Yadgir
Bijapur	Indi
Dharwar	Shirhatti
Karwar	Ankola
Belgaum	Gokak
South Kanara	Karkala

The irregularities noticed were mainly due to the non-observance of the Financial and Treasury Rules by the Treasury Officers. The important among them are detailed in Statement A.

3. The irregularities noticed during the Central audit of vouchers and documents are detailed in Statement (B) and (C). Statement (B) gives in addition, the names of the various officers who held charge of the Treasuries from time to time and the number of irregularities committed in each Treasury in respect of which "Treasury Irregularities" were awarded by this office. Irregularities of an important nature including embezzlements which requires special emphasis are dealt with in the succeeding paragraphs.

(*a*) *Defalcation in the Education Department.*—The amounts payable on three Contingent Bills of the Education Department which were countersigned by the District Educational Officer for Rs. 46, 26 and 19 were altered to Rs. 146, 726 and 1,419 respectively and presented for encashment at the District Treasury, Shimoga. Though the alterations in the amounts payable were not attested, the Treasury Officer paid the amounts without insisting upon the attestation of corrections with the full signature of the drawing and countersigning officers as required in the 'Note' under Article 24(d) of M.F.C. 1958, thereby resulting in an overpayment of Rs. 2,200. This overpayment could have been prevented if the Treasury staff had followed the prescribed procedure.

(*b*) *Deficiency in cash balance.*—A shortage of Rs. 700 was noticed at the close of the day's transactions at the Haliyal Sub-Treasury, Karwar District on 8th December 1958 which has not been made good so far. The deficiency was also charged to the Service head 25. General Administration instead of to the head "S. Deposits and Advances—Part III Advances not bearing interest—Departmental Advances—Civil Advances—Objections Book Advances" as required under Article 91(e) of the Mysore Treasury Code. The personal responsibility for the loss has not yet been fixed and the orders of Government on the loss are still awaited.

(*c*) *Double payment.*—A sum of Rs. 200 remitted by a Contractor on 5th May 1958 as earnest money deposit for a construction work in the Public Works Department was classified by the sub-treasury officer, Channarayapatna, under the head "P.W. Remittances-III other remittances items adjustable by P.W.D." instead of under "Revenue Deposits". The deposit amount was repaid by the Sub-Treasury Officer on 17th June 1958 debiting the payment to the remittance head "P.W. Remittances. II. P.W. cheques", instead of to "Revenue Deposits". The credit previously afforded by him to the Remittance head was taken to the head "Public Works Deposits" by the Executive Engineer, Hassan. The Executive Engineer also refunded the amount to the contractor during September, 1958 on the strength of the original challan countersigned by the Treasury Officer thus resulting in a double payment which was due to the non-observance of the provisions contained in para 275 of the Mysore Public Works Account Code and Art 272 of M.F.C. 1958.

(*d*) *Irregular payments.*—In January 1959, a Public Works Department cheque was paid by the sub-treasury officer, Jamkhandi to a person without obtaining the acknowledgment of the payee. In another case, a P. W. Cheque was honoured even though the name of the drawee was omitted in it. Lapses of this kind revealed that even the fundamental checks required to be made before making payments had not been exercised by the Treasury. The matter is stated to be under departmental enquiry by the Assistant Commissioner, Bijapur.

CURRENCY RESOURCE AND OTHER MATTERS.

4. (*a*) The maintenance of the cash balance far in excess of the normal balance fixed by Government persisted during the year under review in various treasuries particularly in the Districts of Hassan and Bidar. No attempt appeared to have been made to systematically arrange for remittances side by side with collections at the Treasuries.

(*b*) The irregularities as reported by the currency officer, Reserve Bank of India, Bangalore, in respect of the various Treasuries are summarised in the Statement 'D'.

INCORPORATION OF THE TALUK TREASURY TRANSACTIONS IN THE ACCOUNTS OF DISTRICT TREASURY.

5. The process of incorporation of the Taluk Treasury transactions in the accounts of the District Treasury was not being done regularly and promptly in

terms of the provisions contained in Note 4 below Article 87 of the Mysore Treasury Code. Instead, the figures for three to four days were being incorporated at a time in the District Treasury accounts. This defect was prominent in South Kanara and Mandya District Treasuries.

STAMP ACCOUNTS.

6. The rules governing the custody and sale of stamps were infringed in the following respects :—

(*a*) Counting of stamps of all descriptions on the last day of the month was not done in the Tumkur Treasury.

(*b*) Stamps were sold direct from the Stores kept under double lock instead of from the stores under single lock by the various Treasuries particularly Gulbarga, Yadgiri, Ankola and Mercara.

(*c*) Stamp Vendors' Accounts were not scrutinised periodically by the Treasury Officer, Hassan.

(*d*) Plus and Minus Memoranda were not correctly drawn up and sent regularly to Audit Office.

PAYMENT OF PENSIONS.

7. (*a*) In certain cases payment of pension was made at the Hassan Treasury solely on the basis of the pensioner's half of the pension payment order for the past several years without reference to the disburser's half, disregarding the provisions of Article 128 of the Mysore Treasury Code.

(*b*) The Treasury Officer, Tumkur had not recorded his initials in several cases on the reverse of the pension payment order in token of having made the payment.

(*c*) The fact of the pensioner having attended the Treasury in person was seldom recorded in the vouchers in various treasuries particularly Tumkur, South Kanara and Ankola.

TRANSACTIONS RELATING TO REVENUE DEPOSITS.

8. (*a*) Noting against original credits were not made in respect of repayments in a number of cases as required under Article 155 of the Mysore Treasury Code. (Tumkur, Gulbarga and Bidar).

(*b*) The particulars of repayments made by the sub-treasuries were not incorporated in the register maintained at the District Treasury, Tumkur.

(*c*) Instances of incorrect notings against original credits and carrying forward wrong balances involving risks of double payment or irregular payment were noticed in the Tumkur District Treasury.

SMALL SAVINGS SCHEME.

9. Instructions issued by Government from time to time were not strictly followed by the various Treasuries particularly Tumkur and Hassan ; *vide* instances given below :—

(*a*) The return of the completed receipt books were not being watched.

(*b*) In the receipt books returned to the Treasury, the particulars in the printed form at the end of each receipt book were not noted by the Treasury Officer.

(*c*) Omissions to obtain the prescribed certificate from the post office on the reverse of the counterfoil of some of the receipts were also noticed.

SAVINGS BANK DEPOSITS.

10. 7 cases of over-payments amounting to Rs. 359.73 were noticed in regard to Savings Bank payments. Of these, over-payments in State Huzur Treasury and Chickmagalur Treasuries amount to Rs. 174.56 and Rs. 148.25 respectively.

PAYMENTS OF INTEREST ON GOVERNMENT SECURITIES.

11. As in the previous years, income-tax and surcharge were not recovered correctly by the Treasury Officer in a number of cases. The deductions made were at the old rates by the South Kanara, Coorg, Mysore and Bellary Treasuries despite specific instructions in the matter. In some cases in Puttur and Udipi sub-treasuries income-tax and surcharge were not deducted at all.

DISPOSAL OF HALF MARGIN LETTERS.

12. The number of half margin letters issued against each Treasury is indicated in Statement 'E'. They total up to 1,128. None of them was returned within a fortnight, as required.

RETRENCHMENT SLIPS.

13. The number of retrenchment slips issued against each Treasury is shown in Statement 'F'. State Huzur Treasury, Bangalore, District Treasuries at Bellary, Mysore and North Kanara were mainly responsible for the large increase in the issue of these Retrenchment slips. In many cases the over-payments could have been avoided by the Treasury Officers if they had been more careful and had followed strictly the provisions of the various codes and the instructions issued by Government as well as by this office from time to time. Farther it was generally noticed that recoveries were not effected promptly as required in Article 45 of the Mysore Financial Code, 1958. The Treasury Officers at Gulbarga and Raichur have not effected recoveries so far, on the retrenchment slip issued by the former Accountant General, Hyderabad in 1956-57. In one case a retrenchment slip issued by this office on 30th August 1958 to the Ramanagaram Sub-Treasury was returned by the Treasury, after four months stating that the official concerned had been transferred to Kolar.

MISCLASSIFICATIONS.

14. From Statement 'B' it will be seen that 255 cases of misclassifications were noticed, State Huzur Treasury contributing the maximum number this year also. Most of the misclassifications could have been avoided if the Treasury officers had exercised necessary checks in accounting the transactions.

DELAY IN THE SUBMISSION OF ACCOUNTS AND SUPPORTING DOCUMENTS.

15. The extent of delay in the submission of 1st Schedule of payments and the 2nd Schedule of payments with the Cash Account and list of payments is indicated in Statement 'G'. It will be seen that the due dates were not adhered to by most of the treasuries, particularly the State Huzur Treasury and Shimoga and Gulbarga Treasuries.

The delays which occurred in the submission of returns relating to Savings Bank Transactions are indicated in Statement 'H'.

It need hardly be emphasized that the non submission of accounts and returns on the due dates results in dislocation of work in the audit office and corresponding delays in the submission of Civil Accounts both to the State Government and Accountant General, Central Revenues.

DEPOSITS OF LOCAL FUNDS.

16. Most of the treasuries had not appended to the monthly accounts the plus and minus memoranda for the transactions relating to the deposits of local funds. The plus and minus memoranda have not been furnished from October 1957 onwards by the State Huzur Treasury, Mysore, Mandya and Chitradurga Treasuries in the case of Municipal funds, Village Panchayat Funds and Deposits for Educational Institutions, which calls for special attention.

IRREGULARITIES CONNECTED WITH GRANT IN AID.

17. Under Article 207 of the Mysore Treasury Code, the grants-in-aid sanctioned by Government should not be disbursed at the Treasury except under the authority of this office. It was noticed that this requirement was not complied with by the Treasury Officers, Bidar, Shimoga, Chitradurga and Kolar.

The delay in furnishing the reply to the observations made in the Inspection Report have become chronic in the case of most of the Treasuries. The poor response from the Treasuries was pointed out in the last year's review also. The outstanding items for the year 1956-57 relating to the Pandavapura, Mandya, Bellary, Hospet, Chikmagalur and Mangalore Treasuries have not yet been settled. The significance of the objections raised is lost with the passage of time and it need hardly be stressed that the objections should be settled with the minimum possible delay.

EMBEZZLEMENT CASES OUTSTANDING FOR THE LAST SEVERAL YEARS.

19. (i) *Irregular payment of Military Pension to an illegal claimant at Karkal Sub-Treasury in July 1949.*—In this case the accused has been acquitted.

The result of the departmental proceedings against the officials involved is still awaited.

(ii) *Embezzlement of Government money of Rs. 63,000 at Gokak Sub-Treasury—(Ghataprabha Left Bank Canal Division) in 1953.*—The case was decided by the Court and the accused have been sentenced to various terms of imprisonment. It is stated that departmental action is still in progress regarding recoveries to be effected from the sureties. No appreciable recovery has been effected so far.

(iii) *Deficiency of Rs. 8,000 in the Sub-Treasury, Bhatkal, March 1957.*—The accused was acquitted by the Bombay High Court. A sum of Rs. 3,000 was recovered from the sureties as a result of the departmental action. Early action has to be taken to recover the balance or to write it off, if found irrecoverable.

CONCLUSION.

20. It could be concluded from this review that the position in regard to the working of Treasuries as a whole has not improved appreciably from that of the previous year. While the treasuries at Shimoga S.H.T. and Gulbarga were noticed to be chronic defaulters in the matter of submission of returns to the audit office the treasuries at Mandya, Bellary, Chikmagalur, Mangalore, Mysore and Shimoga were found to lag behind in taking adequate action on the inspection reports. The various defects and the more serious irregularities indicated in the review would show that the supervision and control exercised by the Treasury Officers over the working of the Treasuries and sub-treasuries under their control were not satisfactory.

C. S. MENON,
Accountant General.

STATEMENT A.

Important defects noticed during Inspection.

1. *Arsikere.*—A sealed box said to contain cash and other records of the Amildar Magistrate pertaining to the period between 1928 and 1939 was kept in the Treasury. The Treasury Officer was unable to say the circumstances in which it was kept for such a long time. It has since been reported that the cash available had been credited to the Treasury but no information was furnished as to whether the sealed box was opened in the presence of and under the orders of the competent authority. The amount credited and other particulars called for are still awaited.

2. *Yadgiri.*—A sum of Rs. 1,35,553-61 had been kept with the State Bank of India outside the Government Account for several years. A sum of Rs. 24,527-66 nP. has since been refunded and the balance of Rs. 1,11,025-95 credited to Revenue Deposits. The circumstances under which this large amount was kept outside the Government Account still remain to be explained.

3. *Mercara.*—(a) Payment of pensions.—In several cases pension payments had been made without obtaining the acknowledgment of the payees.

(b) Certain items relating to the Revenue Heads were irregularly taken under Revenue Deposits.

4. *Bidar.*—(a) The entries relating to the duplicate keys of some of the Taluk Treasuries had been made in the register meant for noting the other valuables in the Treasury.

(b) *Pension payments.*—(i) Stamped acknowledgments were not obtained in many cases where amount of pension exceeded Rs. 20.

(ii) Pension payments were made for the periods not covered by the Life Certificates.

(iii) In respect of the pension payment order renewed, the word "renewed" was not written prominently in red ink or indicated by a rubber stamp as required in Article 135 M.T.C.

5. *South Kanara.*—The District Treasury Officer is required to check daily not less than 20 per cent of receipts and payments shown in the daily sheet of Taluk Treasuries in accordance with Article 88 of M.T.C. This requirement was not complied with.

6. *Belgaum.*—Action was not taken by the Sub-Treasury Officer to refund outstanding items of undisbursed pay, etc., in terms of Article 55 of M.F.C. 1958.

7. *North Kanara.*—Amounts kept under Allahidiawahi [(*i.e.*, outside Government Account] in various sub-treasuries have not been cleared even though the omission was pointed out in the last year's report as well.

8. (a) *Ankola.—Payment of pensions to Messengers.*—In cases where pensions were paid to messengers it was not verified whether there was any endorsement on the bill authorising them to receive payment as required in Article 24 (m) M.F.C. 1958 and the note thereunder. The acknowledgments of the messengers were also not obtained in several cases.

(b) *Mandya.*—A few pension payment orders which were not produced for inspection during 1955-56 were not forthcoming during the year under review also.

9. *Srirangapatna: Defective maintenance of Service Books and Leave Accounts.*—Leave accounts in all the service registers were incomplete or not opened at all. Attestations were also wanting in a few cases.

10. *Gulbarga.*—(a) (i) Several arithmetical inaccuracies were noticed in the stamp accounts.

(ii) Stamps of certain categories, *viz.*, Maviza and Hundi which were not current were found stocked in the Treasury. The report of the action taken for their early disposal is awaited.

(b) *Personal Deposits.*—The minus balances against certain items which were pointed out in the last year still remain unreconciled.

Interim Accounting arrangements consequent to the coming into force of the Mysore Village Panchayats and Local Boards Act, 1959.

ORDER No. FD 51 BAP 59, DATED BANGALORE, THE 29TH OCTOBER 1959.

The Mysore Village Panchayats and Local Boards Act, 1959 (Mysore Act No. 10 of 1959), comes into force on the First Day of November 1959. In Government Order No. LLH 41 GUL 59, the Government have authorised the Deputy Commissioners of the Districts to take charge of all assets and liabilities, etc., of the District Boards/District Local Boards with effect from 1st November 1959 and have further ordered that, until orders of Government are passed with regard to the allocation of the assets and liabilities, etc., of the District Boards/District Local Boards among the Taluk Boards, the Deputy Commissioners have to arrange for the service and activities carried on previously by such Boards prior to the commencement of this Act and to be continued to be carried on with effect from 1st November 1959, by the Special Officers appointed under Section 241 of the Act, so far as such services and activities can be carried on, on behalf of a Taluk Board and its President under the Act.

2. Since all the funds, etc., of the District Boards/District Local Boards come to be vested in Government from 1st November 1959, those funds cannot be operated upon, for purposes of either crediting the receipts relating to the defunct District Boards/District Local Boards or for meeting the liabilities of such District Boards/District Local Boards and these defunct funds will have to be adjusted when the assets and liabilities to be distributed among the new Taluk Boards are finally determined. As the division of assets and liabilities among the Taluk Boards will take sometime, it is considered necessary that some interim arrangement is made for this purpose.

3. For this purpose, sanction is accorded with the concurrence of Accountant-General permitting each Deputy Commissioner of the District to open a Personal Deposit Account in his name. All receipts which were hitherto collected by the District Boards/District Local Boards and which are still realisable according to the provisions of the new Act, and all grants payable to the defunct District Boards/District Local Boards under the existing Acts and Rules until other provision is made, shall be credited to this Personal Deposit Account and all items of expenditure which are payable on account of the functions of the defunct District Boards which are necessarily to be continued to be performed by the Taluk Boards shall also be met out of this Personal Deposit Account. These advances may be charged to "5 Deposits and Advances Part III Advances not bearing interest, Special Advances to Deputy Commissioners in connection with the implementation of the Mysore Village Panchayats and Local Boards Act, 1959".

4. These Personal Deposit Accounts will be closed at the end of March 1960 by credit to advances. The outstanding advances (Net) will be adjusted out of the share of land revenue creditable to the Taluk Boards from 1st April 1960.

5. Any expenditure to be incurred by the Taluk Boards for the period from 1st November 1959 to 31st March 1960 shall be met by getting funds from the Deputy Commissioners from the above Personal Deposit Account.

6. The Deputy Commissioner should maintain cash book and other accounts in respect of the Personal Deposit Account in accordance with Art. 236 of the Mysore Financial Code of 1958. Separate accounts for the various items of receipts and expenditure should also be maintained for the transactions from 1st November 1959 up to end of March 1960, in accordance with the existing rules.

7. In respect of Village Panchayats which stand dissolved with effect from 1st November 1959, the receipts relating to the defunct Village Panchayats shall be credited to the Old Panchayat Fund itself until further orders. Payments relating to such Panchayats shall be authorised by the Tahsildars of the Taluk out of the same funds.

8. The forms and registers which are being used at present in the different areas shall continue to be used from 1st November 1959 with appropriate changes.

Submission of Charge Reports

OFFICIAL MEMORANDUM

No. GAD (S-1)167 SRR 59, DATED BANGALORE, THE 20TH OCTOBER 1959 (ASVIJA 28, SAKA ERA 1881).

According to Article 100 (5) of the Mysore Financial Code, copies of the charge reports are to be sent to the Accountant General as well as to the Treasury Officer and Head of the Department concerned. Further, form No. 19 prescribed under this Article indicates that a copy of the charge report should be endorsed to the administrative department of the Secretariat. However, it is noticed that these instructions are not properly observed and that copies of charge reports are invariably endorsed to the General Administration Department (Chief Secretary) or to departments other than their administrative department of the Secretariat. The

Heads of Departments are requested to issue suitable instructions to their subordinate officers to see that copies of the charge reports are sent only to the relevant officers and departments of the Secretariat administratively concerned with the officer.

L. A. DHAMANIGI,
Under Secretary to Government,
General Administration Department
(Services-1).

FINANCE SECRETARIAT

Review on Annual Review on the working of the treasuries for the year 1958-59.

READ—

Letter No. TM/B/IX-27/249, dated the 6th July 1959, from the Accountant General, Mysore, Bangalore, forwarding the annual review on the working of the Treasuries for the year 1958-59.

ORDER NO: FD 76 RTI 59, DATED BANGALORE, THE 15TH OCTOBER 1959 (ASVINA 23, SAKA ERA 1881).

The irregularities and defects noticed during the course of inspection of treasuries are reported as due mainly to the non-observance of the Finance and Treasury Rules by the Treasury Officers concerned. The important defects noticed are given in statement 'A' annexed to the report. A special report should be submitted to Government on the various defects noticed immediately for the information and further orders of Government.

The Orders of Government on other irregularities of a serious nature pointed out by the Accountant General are noted below :—

1. *Defalcation in Education Department—para 3(a).*—The explanations of the concerned Treasury Officer and staff responsible for the overpayment of Rs. 2,600 due to the non-observance of the prescribed treasury rules, should be obtained by the Divisional Commissioner, Mysore and forwarded for the orders of Government together with a report whether any enquiry under the C.C.A. Rules was held and responsibility fixed on concerned officials.

2. *Deficiency in Cash Balances—para 3(b).*—The personal responsibility in this case is not yet fixed and still under enquiry by the Divisional Commissioner, Belgaum. Final orders of Government will be passed on receipt of further report which is awaited.

3. *Double payment of Rs. 200—para 3(c).*—The Divisional Commissioner, Mysore, will obtain a report from the concerned Treasury Officer, whether the double payment has since been recovered from the Contractor and whether departmental action has been taken against the officials responsible for the double payment.

4. *Irregular payments—para 3(d).*—The Divisional Commissioner, Belgaum, will expedite the departmental enquiry by the Assistant Commissioner, Bijapur and forward copy of orders passed for information or further orders of Government.

5. *Currency resources and other matters—para 4.*—Government view with serious displeasure the action of the Treasury Officers particularly Hassan and Bidar in persisting to maintain cash balances far in excess of the normal balances fixed by Government. If a systematic and periodical review had been made there would have been no occassions for this irregularity to continue. The question of converting some more treasuries into Banking Treasuries, and opening more Currency Chests is under the active consideration of Government.

In the meanwhile if this irregularity persists, Government will have to enforce recovery of interest on excess balances, from the concerned Treasury Officers, when satisfactory explanations are not forthcoming. The Tahsildars should pay more attention to this and should themselves periodically review the balances, whenever they are in Headquarters. They should treat Treasury work as their important duty and not treat it as a routine one and leave it entirely to the Treasury or Taluk Sheristedars.

6. *Stamp Accounts.*—The Rules governing the custody and sale of stamps should be carefully observed by all District and Taluk Treasuries in future.

As regards sale of stamps direct from the double locks instead of through single locks, Government observe that after the abolition of the posts of Treasurers after the formation of Banking Treasuries in 1953, they had issued orders that no cash or stamps should be kept in single lock. In the absence of the posts of Treasurers the Shroffs are in charge of one key, the Treasury Officer another key. The Security of the Shroff is only Rs. 500 and he is not an *Ex-officio* Vendor. In the circumstances, the existing procedure of issue of stamps from such Treasuries to the public direct from Double Locks is approved and allowed to continue. The question whether Shroffs or any other senior clerks should be appointed as *Ex-officio* Vendors in District Treasuries is under separate consideration of Government. In Taluk Treasuries, the Sub-Treasury Officer is the *Ex-officio* Vendor and the issue direct from Double Locks is approved, as no stock is maintained in single lock with the Shroffs, and the maintenance of single lock registers and the passing of entries through the same is a mere duplication and serves no purpose.

7. *Payment of Pensions.*—The Treasury Officers should observe various rules in the M.T.C. regarding payment of pensions after comparing both halves of the Pension Payment Order and making entries of the date of payment to prevent double payment and also recording fact of appearance of pensioners. If any irregular overpayment occurs due to failure to comply with the provisions of the rules, the Treasury Officers will be personally held responsible for such payments and recovery of loss enforced from them.

8. *Transactions relating to Revenue Deposits.*—Failure to observe the rules to note repayments against original credits and carrying forward wrong balances and consequent risk of overpayments appear to have occurred mainly in Tumkur, Gulbarga and Bidar Treasuries. The concerned Treasuries should report to Government whether they are since following the correct rules. The Head Accountants will be personally held responsible for such irregularities and overpayments, as it is their main duty to maintain accounts properly.

9. *Small Savings Scheme.*—Various instructions issued by Government from time to time should be followed carefully and repetition of irregularities pointed out by the Accountant General avoided.

10. *Payment of interest on Government securities.*—Failure to recover Income-tax at correct rates and non-recovery of Income-tax completely continues in some of the Treasuries. The instructions issued by the Accountant General from time to time in regard to recovery of Income-tax and surcharge from the interest due on Government securities, should be followed scrupulously in future.

11. *Action on retrenchment slips and half margin letters issued by the Accountant General.*—Prompt action should be taken to comply with the requirements in the retrenchment slips and disposal of half margin letters and they should be returned promptly after indicating action taken. The Treasury Officers, Gulbarga and Raichur, will immediately report to Government why they have failed to act on the retrenchment slips issued by the former Accountant General, Hyderabad in 1956-57 and what action if at all they have taken on them.

12. *Misclassification.*—The State Huzur Treasury, Bangalore, has contributed to the maximum misclassifications. The Treasury Officer should instruct the departmental officers to pay adequate attention to proper classification and for avoidance of such irregularities.

13. *Delays in the submission of accounts and supporting documents.*—There has been no improvement in this account and the delay is stated to persist in the State Huzur Treasury, Bangalore, Shimoga and Gulbarga Districts. The Treasuries should take prompt action to forward the returns due in time and co-operate with the Accountant General in the submission of civil account due from his office to the State and Central Governments. If this irregularity persists, the question of enforcing punishments as prescribed in the Treasury Cadre Order of November 1953 will have to be strictly enforced.

14. *Deposits of Local Funds.*—The Treasury Officer should forward the overdue *plus* and *minus* memorandum immediately to the Accountant General and report compliance to Government and avoid such omissions in future.

15. *Irregularities connected with Grants-in-aid.*—The rules prescribed in Article 207 M.T.C. should be carefully followed by the Treasury Officers in future, in paying Grants-in-aid sanctioned by Government.

16. *Disposal of Treasury Inspection Reports.*—The Accountant General has pointed out that the delay in furnishing the reply to the observations made in the inspection reports has become chronic in the case of most of the Treasuries and there are some outstanding items for the year 1956-57 in some of the Treasuries. The officers in charge should realise the importance of the audit objections and their clearance, with the utmost promptness as any belated action loses its value and may result in loss to Government. A report of action taken on previous reports should be submitted to Government within one month from this date.

17. *Treasury irregularities.*—A statement indicating several types of irregularities committed in treasuries is given in the Annexure. From the comparative review of this statement with that of the last year, it is seen that there is no improvement, on the other hand, the number of defects and omissions under almost all categories of irregularities is on the increase. Government expect that the Divisional Commissioners and Deputy Commissioners will exercise greater supervision and take deterrent action on the officers and officials responsible, who persist in not remedying irregularities.

18. *General.*—Government agree with the Accountant General that the various defects and the more serious irregularities indicated in the review reveal that the supervision and control exercised by the Treasury Officers over the working of the Treasuries and Sub-Treasuries under their control were not satisfactory. Government expect that with more effective supervision and with greater vigilance and close supervision over the work of the staff by Treasury Officers, the standard of work can be improved. It is hoped that the Treasury Officers will take greater interest in their work and see that the standard of efficiency of Treasury is improved.

The annual review of the Accountant General is printed as an Annexure to this order. The Divisional and Deputy Commissioners will see that the defects pointed out are regularised and report of action submitted to Government within two months.

By Order and in the name of the Governor of Mysore,

N. S. BHARATH,
Deputy Secretary to Government,
Finance Department (Budget).

ANNEXURE.

ANNUAL REVIEW OF THE WORKING OF TREASURIES 1958-59.

GENERAL.

1. During 1958-59 there was no change in the number of Treasuries and sub-treasuries in the State which remained at 19 and 163 respectively.

INSPECTION OF TREASURIES.

2. The following District and Taluk/Sub-Treasuries were inspected during the year under review :—

District Treasuries	*Taluk/Sub-Treasuries*
Tumkur	Tumkur
Hassan	Arsikere
Mandya	Srirangapatna
Coorg	Virajpet
Bidar	Bhalki
Raichur	Manvi
Gulbarga	Yadgir
Bijapur	Indi
Dharwar	Shirhatti
Karwar	Ankola
Belgaum	Gokak
South Kanara	Karkala

The irregularities noticed were mainly due to the non-observance of the Financial and Treasury Rules by the Treasury Officers. The important among them are detailed in Statement A.

3. The irregularities noticed during the Central audit of vouchers and documents are detailed in Statement (B) and (C). Statement (B) gives, in addition, the names of the various officers who held charge of the Treasuries from time to time and the number of irregularities committed in each Treasury in respect of which "Treasury Irregularities" were awarded by this office. Irregularities of an important nature including embezzlements which requires special emphasis are dealt with in the succeeding paragraphs.

(a) *Defalcation in the Education Department.*—The amounts payable on three Contingent Bills of the Education Department which were countersigned by the District Educational Officer for Rs. 46, 26 and 19 were altered to Rs. 146, 726 and 1,419 respectively and presented for encashment at the District Treasury, Shimoga. Though the alterations in the amounts payable were not attested, the Treasury Officer paid the amounts without insisting upon the attestation of corrections with the full signature of the drawing and countersigning officers as required in the Note under Article 24(d) of M.F.C. 1958, thereby resulting in an overpayment of Rs. 2,200. This overpayment could have been prevented if the Treasury staff had followed the prescribed procedure.

(b) *Deficiency in cash balance.*—A shortage of Rs. 700 was noticed at the close of the day's transactions at the Haliyal Sub-Treasury, Karwar District on 8th December 1958 which has not been made good so far. The deficiency was also charged to the Service head "25. General Administration instead of to the head "S. Deposits and Advances—Part III Advances not bearing interest—Departmental Advances—Civil Advances—Objections Book Advances" as required under Article 91(e) of the Mysore Treasury Code. The personal responsibility for the loss has not yet been fixed and the orders of Government on the loss are still awaited.

(c) *Double payment.*—A sum of Rs. 200 remitted by a Contractor on 5th May 1958 as earnest money deposit for a construction work in the Public Works Department was classified by the sub-treasury officer, Channarayapatna, under the head "P.W. Remittances-III other remittances items adjustable by P.W.D." instead of under "Revenue Deposits". The deposit amount was repaid by the Sub-Treasury Officer on 17th June 1958 debiting the payment to the remittance head "P.W. Remittances. II. P.W. cheques", instead of to "Revenue Deposits." The credit previously afforded by him to the Remittance head was taken to the head "Public Works Deposits" by the Executive Engineer, Hassan. The Executive Engineer also refunded the amount to the contractor during September, 1958 on the strength of the original challan countersigned by the Treasury Officer thus resulting in a double payment which was due to the non-observance of the provisions contained in para 275 of the Mysore Public Works Account Code and Art 272 of M.F.C. 1958.

(d) *Irregular payments.*—In January 1959, a Public Works Department cheque was paid by the sub-treasury officer, Jamkhandi to a person without obtaining the acknowledgment of the payee. In another case, a P. W. Cheque was honoured even though the name of the drawee was omitted in it. Lapses of this kind revealed that even the fundamental checks required to be made before making payments had not been exercised by the Treasury. The matter is stated to be under departmental enquiry by the Assistant Commissioner, Bijapur.

Currency Resource and other matters.

4. (a) The maintenance of the cash balance far in excess of the normal balance fixed by Government persisted during the year under review in various treasuries particularly in the Districts of Hassan and Bidar. No attempt appeared to have been made to systematically arrange for remittances side by side with collections at the Treasuries.

(b) The irregularities as reported by the currency officer, Reserve Bank of India, Bangalore, in respect of the various Treasuries are summarised in the Statement 'D'.

Incorporation of the Taluk Treasury Transactions in the accounts of District Treasury.

5. The process of incorporation of the Taluk Treasury transactions in the accounts of the District Treasury was not being done regularly and promptly in

terms of the provisions contained in Note 4 below Article 87 of the Mysore Treasury Code. Instead, the figures for three to four days were being incorporated at a time in the District Treasury accounts. This defect was prominent in South Kanara and Mandya District Treasuries.

STAMP ACCOUNTS.

6. The rules governing the custody and sale of stamps were infringed in the following respects :—

(*a*) Counting of stamps of all descriptions on the last day of the month was not done in the Tumkur Treasury.

(*b*) Stamps were sold direct from the Stores kept under double lock instead of from the stores under single lock by the various Treasuries particularly Gulbarga, Yadgiri, Ankola and Mercara.

(*c*) Stamp Vendors' Accounts were not scrutinised periodically by the Treasury Officer, Hassan.

(*d*) Plus and Minus Memoranda were not correctly drawn up and sent regularly to Audit Office.

PAYMENT OF PENSIONS.

7. (*a*) In certain cases payment of pension was made at the Hassan Treasury solely on the basis of the pensioner's half of the pension payment order for the past several years without reference to the disburser's half, disregarding the provisions of Article 128 of the Mysore Treasury Code.

(*b*) The Treasury Officer, Tumkur had not recorded his initials in several cases on the reverse of the pension payment order in token of having made the payment.

(*c*) The fact of the pensioner having attended the Treasury in person was seldom recorded in the vouchers in various treasuries particularly Tumkur, South Kanara and Ankola.

TRANSACTIONS RELATING TO REVENUE DEPOSITS.

8. (*a*) Noting against original credits were not made in respect of repayments in a number of cases as required under Article 155 of the Mysore Treasury Code. (Tumkur, Gulbarga and Bidar).

(*b*) The particulars of repayments made by the sub-treasuries were not incorporated in the register maintained at the District Treasury, Tumkur.

(*c*) Instances of incorrect notings against original credits and carrying forward wrong balances involving risks of double payment or irregular payment were noticed in the Tumkur District Treasury.

SMALL SAVINGS SCHEME.

9. Instructions issued by Government from time to time were not strictly followed by the various Treasuries particularly Tumkur and Hassan ; *vide* instances given below :—

(*a*) The return of the completed receipt books were not being watched.

(*b*) In the receipt books returned to the Treasury, the particulars in the printed form at the end of each receipt book were not noted by the Treasury Officer.

(*c*) Omissions to obtain the prescribed certificate from the post office on the reverse of the counterfoil of some of the receipts were also noticed.

SAVINGS BANK DEPOSITS.

10. 7 cases of over-payments amounting to Rs. 359.73 were noticed in regard to Savings Bank payments. Of these, over-payments in State Huzur Treasury and Chickmagalur Treasuries amount to Rs. 174.56 and Rs. 148.25 respectively.

PAYMENTS OF INTEREST ON GOVERNMENT SECURITIES.

11. As in the previous years, income-tax and surcharge were not recovered correctly by the Treasury Officer in a number of cases. The deductions made were at the old rates by the South Kanara, Coorg, Mysore and Bellary Treasuries despite specific instructions in the matter. In some cases in Puttur and Udipi sub-treasuries income-tax and surcharge were not deducted at all.

DISPOSAL OF HALF MARGIN LETTERS.

12. The number of half margin letters issued against each Treasury is indicated in Statement 'E'. They total up to 1,128. None of them was returned within a fortnight, as required.

RETRENCHMENT SLIPS.

13. The number of retrenchment slips issued against each Treasury is shown in Statement 'F'. State Huzur Treasury, Bangalore, District Treasuries at Bellary, Mysore and North Kanara were mainly responsible for the large increase in the issue of these Retrenchment slips. In many cases the over-payments could have been avoided by the Treasury Officers if they had been more careful and had followed strictly the provisions of the various codes and the instructions issued by Government as well as by this office from time to time. Further it was generally noticed that recoveries were not effected promptly as required in Article 45 of the Mysore Financial Code, 1958. The Treasury Officers at Gulbarga and Raichur have not effected recoveries so far, on the retrenchment slip issued by the former Accountant General, Hyderabad in 1956-57. In one case a retrenchment slip issued by this office on 30th August 1958 to the Ramanagaram Sub-Treasury was returned by the Treasury, after four months stating that the official concerned had been transferred to Kolar.

MISCLASSIFICATIONS.

14. From Statement 'B' it will be seen that 255 cases of misclassifications were noticed, State Huzur Treasury contributing the maximum number this year also. Most of the misclassifications could have been avoided if the Treasury officers had exercised necessary checks in accounting the transactions.

DELAY IN THE SUBMISSION OF ACCOUNTS AND SUPPORTING DOCUMENTS.

15. The extent of delay in the submission of 1st Schedule of payments and the 2nd Schedule of payments with the Cash Account and list of payments is indicated in Statement 'G'. It will be seen that the due dates were not adhered to by most of the treasuries, particularly the State Huzur Treasury and Shimoga and Gulbarga Treasuries.

The delays which occurred in the submission of returns relating to Savings Bank Transactions are indicated in Statement 'H'.

It need hardly be emphasized that the non submission of accounts and returns on the due dates results in dislocation of work in the audit office and corresponding delays in the submission of Civil Accounts both to the State Government and Accountant General, Central Revenues.

DEPOSITS OF LOCAL FUNDS.

16. Most of the treasuries had not appended to the monthly accounts the plus and minus memoranda for the transactions relating to the deposits of local funds. The plus and minus memoranda have not been furnished from October 1957 onwards by the State Huzur Treasury, Mysore, Mandya and Chitradurga Treasuries in the case of Municipal funds, Village Panchayat Funds and Deposits for Educational Institutions, which calls for special attention.

IRREGULARITIES CONNECTED WITH GRANT IN AID.

17. Under Article 207 of the Mysore Treasury Code, the grants-in-aid sanctioned by Government should not be disbursed at the Treasury except under the authority of this office. It was noticed that this requirement was not complied with by the Treasury Officers, Bidar, Shimoga, Chitradurga and Kolar.

DISPOSAL OF TREASURY INSPECTION REPORT.

18. A statement indicating the latest position in respect of which final replies are still awaited is furnished below:—

The delay in furnishing the reply to the observations made in the Inspection Report have become chronic in the case of most of the Treasuries. The poor response from the Treasuries was pointed out in the last year's review also. The outstanding items for the year 1956-57 relating to the Pandavapura, Mandya, Bellary, Hospet, Chikmagalur and Mangalore Treasuries have not yet been settled. The significance of the objections raised is lost with the passage of time and it need hardly be stressed that the objections should be settled with the minimum possible delay.

EMBEZZLEMENT CASES OUTSTANDING FOR THE LAST SEVERAL YEARS.

19. (i) *Irregular payment of Military Pension to an illegal claimant at Karkal Sub-Treasury in July 1949.*—In this case the accused has been acquitted.

The result of the departmental proceedings against the officials involved is still awaited.

(ii) *Embezzlement of Government money of Rs. 63,000 at Gokak Sub-Treasury—(Ghataprabha Left Bank Canal Division) in 1953.*—The case was decided by the Court and the accused have been sentenced to various terms of imprisonment. It is stated that departmental action is still in progress regarding recoveries to be effected from the sureties. No appreciable recovery has been effected so far.

(iii) *Deficiency of Rs. 8,000 in the Sub-Treasury, Bhatkal; March 1957.*—The accused was acquitted by the Bombay High Court. A sum of Rs. 3,000 was recovered from the sureties as a result of the departmental action. Early action has to be taken to recover the balance or to write it off, if found irrecoverable.

CONCLUSION.

20. It could be concluded from this review that the position in regard to the working of Treasuries as a whole has not improved appreciably from that of the previous year. While the treasuries at Shimoga, S.H.T. and Gulbarga were noticed to be chronic defaulters in the matter of submission of returns to the audit office the treasuries at Mandya, Bellary, Chikmagalur, Mangalore, Mysore and Shimoga were found to lag behind in taking adequate action on the inspection reports. The various defects and the more serious irregularities indicated in the review would show that the supervision and control exercised by the Treasury Officers over the working of the Treasuries and sub-treasuries under their control were not satisfactory.

C. S. MENON,
Accountant General.

STATEMENT A.

Important defects noticed during Inspection.

1. *Arsikere.*—A sealed box said to contain cash and other records of the Amildar Magistrate pertaining to the period between 1928 and 1939 was kept in the Treasury. The Treasury Officer was unable to say the circumstances in which it was kept for such a long time. It has since been reported that the cash available had been credited to the Treasury but no information was furnished as to whether the sealed box was opened in the presence of and under the orders of the competent authority. The amount credited and other particulars called for are still awaited.

2. *Yadgiri.*—A sum of Rs. 1,35,553-61 had been kept with the State Bank of India outside the Government Account for several years. A sum of Rs. 24,527-66 nP. has since been refunded and the balance of Rs. 1,11,025-95 credited to Revenue Deposits. The circumstances under which this large amount was kept outside the Government Account still remain to be explained.

3. *Mercara.*—(a) Payment of pensions. In several cases pension payments had been made without obtaining the acknowledgment of the payees.

(b) Certain items relating to the Revenue Heads were irregularly taken under Revenue Deposits.

4. *Bidar.*—(a) The entries relating to the duplicate keys of some of the Taluk Treasuries had been made in the register meant for noting the other valuables in the Treasury.

(b) *Pension payments.*—(i) Stamped acknowledgments were not obtained in many cases where amount of pension exceeded Rs. 20.

(ii) Pension payments were made for the periods not covered by the Life Certificates.

(iii) In respect of the pension payment order renewed, the word "renewed" was not written prominently in red ink or indicated by a rubber stamp as required in Article 135 M.T.C.

5. *South Kanara.*—The District Treasury Officer is required to check daily not less than 20 per cent of receipts and payments shown in the daily sheet of Taluk Treasuries in accordance with Article 88 of M.T.C. This requirement was not complied with.

6. *Belgaum.*—Action was not taken by the Sub-Treasury Officer to refund outstanding items of undisbursed pay, etc., in terms of Article 55 of M.F.C. 1958.

7. *North Kanara.*—Amounts kept under Allabidiawabi [(*i.e.*, outside Government Account] in various sub-treasuries have not been cleared even though the omission was pointed out in the last year's report as well.

8. (a) *Ankola.—Payment of pensions to Messengers.*—In cases where pensions were paid to messengers it was not verified whether there was any endorsement on the bill authorising them to receive payment as required in Article 24 (m) M.F.C. 1958 and the note thereunder. The acknowledgments of the messengers were also not obtained in several cases.

(b) *Mandya.*—A few pension payment orders which were not produced for inspection during 1955-56 were not forthcoming during the year under review also.

9. *Srirangapatna: Defective maintenance of Service Books and Leave Accounts.*—Leave accounts in all the service registers were incomplete or not opened at all. Attestations were also wanting in a few cases.

10. *Gulbarga.*—(a) (i) Several arithmetical inaccuracies were noticed in the stamp accounts.

(ii) Stamps of certain categories, *viz.*, Maviza and Hundi which were not current were found stocked in the Treasury. The report of the action taken for their early disposal is awaited.

(b) *Personal Deposits.*—The minus balances against certain items which were pointed out in the last year still remain unreconciled.

Orders uniform designation for the posts of District Social Welfare Officers in the State.

READ—

Government Order No. P & D 132 SWS 58, dated 21st February 1958.

ORDER No. P & D 57 SET 59, DATED BANGALORE, THE 21ST OCTOBER 1959 (ASVIJA 29, SAKA ERA 1881).

At present, the Welfare Officers at the District level in the integrated areas of the State have the following designations :—

(i) Mysore area	...	Special Officers for Depressed Classes.
(ii) Coorg District	...	Welfare Officer.
(iii) Madras area	...	District Welfare Officer.
(iv) Bombay area	...	District Backward Class Welfare Officer.
(v) Hyderabad area	...	Social Service Officer.

As these different designations lead to confusion and as it is very desirable to have uniformity in the matter, Government have decided that all these officers should henceforth be designated as District Social Welfare Officers in all the areas of the State.

2. At present, some of these District Officers work in separate offices of their own whereas some others have their offices attached to the Office of the Deputy Commissioner of the District concerned. Government consider that it will be conducive to administrative efficiency and prompt disposal of work, if the District Social Welfare Officers are made to work in the Office of the Deputy Commissioners concerned. In the South Kanara District, the Social Welfare Officer works in the Office of the Deputy Commissioner, and he functions as Executive Assistant to the Deputy Commissioner, for Social Welfare work. He is also the head of the Social Welfare Section in the Deputy Commissioner's Office. As this arrangement has been working very satisfactorily, Government direct that the same pattern should be introduced in all the Districts of the State. Henceforward, the District Social Welfare Officers should have their offices in the Office of the Deputy Commissioner of the District and they should work as Executive Assistants to the Deputy Commissioners for attending to the Social Welfare work in the District. All the Deputy Commissioners are requested to make necessary arrangements in this regard.

By Order and in the name of the Governor of Mysore

Under Secretary to Government,

ORDER No. FD 51 BAP 59, DATED BANGALORE, THE 29TH OCTOBER 1959.

The Mysore Village Panchayats and Local Boards Act, 1959 (Mysore Act No. 10 of 1959), comes into force on the First Day of November 1959. 2. Since all the funds, etc., of the District Boards/District Local Boards come to be vested in Government from 1st November 1959, those funds cannot be operated upon, for purposes of either crediting the receipts relating to the defunct District Boards/District Local Boards or for meeting the liabilities of such District Boards/District Local Boards and these defunct funds will have to be adjusted when the assets and liabilities to be distributed among the new Taluk Boards are finally determined. As the division of assets and liabilities among the Taluk Boards will take sometime, it is considered necessary that some interim arrangement is made for this purpose.

3. For this purpose, sanction is accorded with the concurrence of Accountant-General permitting each Deputy Commissioner of the District to open a Personal Deposit Account in his name. All receipts which were hitherto collected by the District Boards/District Local Boards and which are still realisable according to the provisions of the new Act, and all grants payable to the defunct District Boards/District Local Boards under the existing Acts and Rules until other provision is made, shall be credited to this Personal Deposit Account and all items of expenditure which are payable on account of the functions of the defunct District Boards which are necessarily to be continued to be performed by the Taluk Boards shall also be met out of this Personal Deposit Account. Sanction is also accorded to credit to each of the Personal Deposit Account an advance of Rs. 25,000 interest free and this may be drawn on Payee's Receipt and credited to the Personal Deposit Account. 4. These Personal Deposit Accounts will be closed at the end of March, 1960 by credit to advances. The outstanding advances (Net) will be adjusted out of the share of land revenue creditable to the Taluk Boards from 1st April 1960.

5. Any expenditure to be incurred by the Taluk Boards for the period from 1st November 1959 to 31st March 1960 shall be met by getting funds from the Deputy Commissioners from the above Personal Deposit Account.

6. The Deputy Commissioner should maintain cash book and other accounts in respect of the Personal Deposit Account in accordance with Art. 286 of the Mysore Financial Code of 1958. Separate accounts for the various items of receipts and expenditure should also be maintained for the transactions from 1st November 1959 up to end of March 1960, in accordance with the existing rules.

7. In respect of Village Panchayats which stand dissolved with effect from 1st November 1959, the receipts relating to the defunct Village Panchayats shall be credited to the Old Panchayat Fund itself until further orders. Payments relating to such Panchayats shall be authorised by the Tahsildars of the Taluk out of the same funds.

8. The forms and registers which are being used at present in the different areas shall continue to be used from 1st November 1959 with appropriate changes.

9. The Accountant-General, Mysore, is requested to issue necessary instructions to the Treasuries in the matter of opening Personal Deposit Accounts in the name of each Deputy Commissioner.

By Order and in the name of the Governor of Mysore,

OFFICIAL MEMORANDUM

No. FD 47 BAP 59, DATED BANGALORE, THE 13TH OCTOBER 1959 (ASVIJA 21, SAKA ERA 1881).

Instructions were issued in the Official Memorandum No. FD 14 ACP 58, dated 21st August 1959, that premium recovery statements to be attached to pay bills should be prepared separately for the Mysore Government Life Insurance Department—Public Branch and the Life Insurance Corporation of India in special forms prescribed for each of them in order to see that premia on these policies as also the policies of the Official Branch do not get mixed up with one another. The Divisional Manager, Life Insurance Corporation of India, Bangalore, has now intimated that as per instructions in the above Official Memorandum it has been arranged to get the premium recovery statement forms printed separately for policies of the Mysore Government Insurance Department—Public Branch and the Life Insurance Corporation of India on different coloured papers, the colours being yellow and green, respectively. The treasuries concerned may intimate the requirement of each kind of forms to the Divisional Manager, Life Insurance Corporation of India, Bangalore, for arranging the necessary supply. The disbursing Officers may get the required number of forms from the treasuries on requisition.

The postal and other charges, if any, for supply of forms have to be met by the Life Insurance Corporation of India.

Review on Annual Review on the working of the treasuries for the year 1958-59.

READ—

Letter No. TM/B/IX-27/249, dated the 6th July 1959, from the Accountant General, Mysore, Bangalore, forwarding the annual review on the working of the Treasuries for the year 1958-59.

ORDER No. FD 76 RTI 59, DATED BANGALORE, THE 15TH OCTOBER 1959 (ASVINA 23, SAKA ERA 1881).

The irregularities and defects noticed during the course of inspection of treasuries are reported as due mainly to the non-observance of the Finance and Treasury Rules by the Treasury Officers concerned. The important defects noticed are given in statement 'A' annexed to the report. A special report should be submitted to Government on the various defects noticed immediately for the information and further orders of Government.

The Orders of Government on other irregularities of a serious nature pointed out by the Accountant General are noted below:—

1. *Defalcation in Education Department—para 3(a).*—The explanations of the concerned Treasury Officer and staff responsible for the overpayment of Rs. 2,600 due to the non-observance of the prescribed treasury rules should be obtained by the Divisional Commissioner, Mysore and forwarded for the orders of Government together with a report whether any enquiry under the C.C.A. Rules was held and responsibility fixed on concerned officials.

2. *Deficiency in Cash Balances—para 3(b).*—The personal responsibility in this case is not yet fixed and still under enquiry by the Divisional Commissioner, Belgaum. Final orders of Government will be passed on receipt of further report which is awaited.

3. *Double payment of Rs. 200—para 3(c).*—The Divisional Commissioner, Mysore, will obtain a report from the concerned Treasury Officer whether the double payment has since been recovered from the Contractor and whether departmental action has been taken against the officials responsible for the double payment.

4. *Irregular payments—para 3(d).*—The Divisional Commissioner, Belgaum, will expedite the departmental enquiry by the Assistant Commissioner, Bijapur and forward copy of orders passed for information or further orders of Government.

5. *Currency resources and other matters—para 4.*—Government view with serious displeasure the action of the Treasury Officers particularly Hassan and Bidar in persisting to maintain cash balances far in excess of the normal balances fixed by Government. If a systematic and periodical review had been made there would have been no occasions for this irregularity to continue. The question of converting some more treasuries into Banking Treasuries and opening more Currency Chests is under the active consideration of Government.

In the meanwhile if this irregularity persists, Government will have to enforce recovery of interest on excess balances, from the concerned Treasury Officers, when satisfactory explanations are not forthcoming. The Tahsildars should pay more attention to this and should themselves periodically review the balances, whenever they are in Headquarters. They should treat Treasury work as their important duty and not treat it as a routine one and leave it entirely to the Treasury or Taluk Sheristedars.

6. *Stamp Accounts.*—The Rules governing the custody and sale of stamps should be carefully observed by all District and Taluk Treasuries in future.

As regards sale of stamps direct from the double locks instead of through single locks, Government observe that after the abolition of the posts of Treasurers after the formation of Banking Treasuries in 1953, they had issued orders that no cash or stamps should be kept in single lock. In the absence of the posts of Treasurers the Shroffs are in charge of one key, the Treasury Officer another key. The Security of the Shroff is only Rs. 500

and he is not an *Ex-officio* Vendor. In the circumstances, the existing procedure of issue of stamps from such Treasuries to the public direct from Double Locks is approved and allowed to continue. The question whether Shroffs or any other senior clerks should be appointed as *Ex-officio* Vendors in District Treasuries is under separate consideration of Government. In Taluk Treasuries, the Sub-Treasury Officer is the *Ex-officio* Vendor and the issue direct from Double Locks is approved, as no stock is maintained in single lock with the Shroffs, and the maintenance of single lock registers and the passing of entries through the same is a mere duplication and serves no purpose.

7. *Payment of Pensions.*—The Treasury Officers should observe various rules in the M.T.C. regarding payment of pensions after comparing both halves of the Pension Payment Order and making entries of the date of payment to prevent double payment and also recording fact of appearance of pensioners. If any irregular overpayment occurs due to failure to comply with the provisions of the rules, the Treasury Officers will be personally held responsible for such payments and recovery of loss enforced from them.

8. *Transactions relating to Revenue Deposits.*—Failure to observe the rules to note repayments against original credits and carrying forward wrong balances and consequent risk of overpayments appear to have occurred mainly in Tumkur, Gulbarga and Bidar Treasuries. The concerned Treasuries should report to Government whether they are since following the correct rules. The Head Accountants will be personally held responsible for such irregularities and overpayments, as it is their main duty to maintain accounts properly.

9. *Small Savings Scheme.*—Various instructions issued by Government from time to time should be followed carefully and repetition of irregularities pointed out by the Accountant General avoided.

10. *Payment of interest on Government securities.*—Failure to recover Income-tax at correct rates and non-recovery of Income-tax completely continues in some of the Treasuries. The instructions issued by the Accountant General from time to time in regard to recovery of Income-tax and surcharge from the interest due on Government securities, should be followed scrupulously in future.

11. *Action on retrenchment slips and half margin letters issued by the Accountant General.*—Prompt action should be taken to comply with the requirements in the retrenchment slips and disposal of half margin letters and they should be returned promptly after indicating action taken. The Treasury Officers, Gulbarga and Raichur, will immediately report to Government why they have failed to act on the retrenchment slips issued by the former Accountant General, Hyderabad in 1956-57 and what action if at all they have taken on them.

12. *Misclassification.*—The State Huzur Treasury, Bangalore, has contributed to the maximum misclassifications. The Treasury Officer should instruct the departmental officers to pay adequate attention to proper classification and for avoidance of such irregularities.

13. *Delays in the submission of accounts and supporting documents.*—There has been no improvement in this account and the delay is stated to persist in the State Huzur Treasury, Bangalore, Shimoga and Gulbarga Districts. The Treasuries should take prompt action to forward the returns due in time and co-operate with the Accountant General in the submission of civil account due from his office to the State and Central Governments. If this irregularity persists, the question of enforcing punishments as prescribed in the Treasury Cadre Order of November 1953 will have to be strictly enforced.

14. *Deposits of Local Funds.*—The Treasury Officer should forward the overdue *plus* and *minus* memorandum immediately to the Accountant General and report compliance to Government and avoid such omissions in future.

15. *Irregularities connected with Grants-in-aid.*—The rules prescribed in Article 207 M.T.C. should be carefully followed by the Treasury Officers in future, in paying Grants-in-aid sanctioned by Government.

16. *Disposal of Treasury Inspection Reports.*—The Accountant General has pointed out that the delay in furnishing the reply to the observations made in the inspection reports has become chronic in the case of most of the Treasuries and

there are some outstanding items for the year 1956-57 in some of the Treasuries. The officers in charge should realise the importance of the audit objections and their clearance, with the utmost promptness as any belated action loses its value and may result in loss to Government. A report of action taken on previous reports should be submitted to Government within one month from this date.

17. *Treasury irregularities.*—A statement indicating several types of irregularities committed in treasuries is given in the Annexure. From the comparative review of this statement with that of the last year, it is seen that there is no improvement, on the other hand, the number of defects and omissions under almost all categories of irregularities is on the increase. Government expect that the Divisional Commissioners and Deputy Commissioners will exercise greater supervision and take deterrent action on the officers and officials responsible, who persist in not remedying irregularities.

18. *General.*—Government agree with the Accountant General that the various defects and the more serious irregularities indicated in the review reveal that the supervision and control exercised by the Treasury Officers over the working of the Treasuries and Sub-Treasuries under their control were not satisfactory. Government expect that with more effective supervision and with greater vigilance and close supervision over the work of the staff by Treasury Officers, the standard of work can be improved. It is hoped that the Treasury Officers will take greater interest in their work and see that the standard of efficiency of Treasury is improved.

The annual review of the Accountant General is printed as an Annexure to this order. The Divisional and Deputy Commissioners will see that the defects pointed out are regularised and report of action submitted to Government within two months.

By Order and in the name of the Governor of Mysore,

N. S. BHARATH,

Deputy Secretary to Government,
Finance Department (Budget).

ANNEXURE.

ANNUAL REVIEW OF THE WORKING OF TREASURIES, 1958-59.

GENERAL.

1. During 1958-59 there was no change in the number of Treasuries and sub-treasuries in the State which remained at 19 and 163 respectively.

INSPECTION OF TREASURIES.

2. The following District and Taluk/Sub-Treasuries were inspected during the year under review:—

District Treasuries	*Taluk/Sub-Treasuries*
Tumkur	Tumkur
Hassan	Arsikere
Mandya	Srirangapatna
Coorg	Virajpet
Bidar	Bhalki
Raichur	Manvi
Gulbarga	Yadgir
Bijapur	Indi
Dharwar	Shirhatti
Karwar	Ankola
Belgaum	Gokak
South Kanara	Karkala

The irregularities noticed were mainly due to the non-observance of the Financial and Treasury Rules by the Treasury Officers. The important among them are detailed in Statement A.

3. The irregularities noticed during the Central audit of vouchers and documents are detailed in Statement (B) and (C). Statement (B) gives in addition, the names of the various officers who held charge of the Treasuries from time to

time and the number of irregularities committed in each Treasury in respect of which "Treasury Irregularities" were awarded by this office. Irregularities of an important nature including embezzlements which requires special emphasis are dealt with in the succeeding paragraphs.

(*a*) *Defalcation in the Education Department.*—The amounts payable on three Contingent Bills of the Education Department which were countersigned by the District Educational Officer for Rs. 46, 26 and 19 were altered to Rs. 146, 726 and 1,419 respectively and presented for encashment at the District Treasury, Shimoga. Though the alterations in the amounts payable were not attested, the Treasury Officer paid the amounts without insisting upon the attestation of corrections with the full signature of the drawing and countersigning officers as required in the 'Note' under Article 24(d) of M.F.C. 1958, thereby resulting in an overpayment of Rs. 2,200. This overpayment could have been prevented if the Treasury staff had followed the prescribed procedure.

(*b*) *Deficiency in cash balance.*—A shortage of Rs. 700 was noticed at the close of the day's transactions at the Haliyal Sub-Treasury, Karwar District on 8th December 1958 which has not been made good so far. The deficiency was also charged to the Service head 25. General Administration instead of to the head "S. Deposits and Advances—Part III Advances not bearing interest—Departmental Advances—Civil Advances—Objections Book Advances" as required under Article 91(e) of the Mysore Treasury Code. The personal responsibility for the loss has not yet been fixed and the orders of Government on the loss are still awaited.

(*c*) *Double payment.*—A sum of Rs. 200 remitted by a Contractor on 5th May 1958 as earnest money deposit for a construction work in the Public Works Department was classified by the sub-treasury officer, Channarayapatna, under the head "P.W. Remittances-III other remittances-items adjustable by P.W.D." instead of under "Revenue Deposits". The deposit amount was repaid by the Sub-Treasury Officer on 17th June 1958 debiting the payment to the remittance head "P.W. Remittances. II. P.W. cheques", instead of to "Revenue Deposits." The credit previously afforded by him to the Remittance head was taken to the head "Public Works Deposits" by the Executive Engineer, Hassan. The Executive Engineer also refunded the amount to the contractor during September, 1958 on the strength of the original challan countersigned by the Treasury Officer thus resulting in a double payment which was due to the non-observance of the provisions contained in para 275 of the Mysore Public Works Account Code and Art 272 of M.F.C. 1958.

(*d*) *Irregular payments.*—In January 1959, a Public Works Department cheque was paid by the sub-treasury officer, Jamkhandi to a person without obtaining the acknowledgment of the payee. In another case, a P. W. Cheque was honoured even though the name of the drawee was omitted in it. Lapses of this kind revealed that even the fundamental checks required to be made before making payments had not been exercised by the Treasury. The matter is stated to be under departmental enquiry by the Assistant Commissioner, Bijapur.

CURRENCY RESOURCE AND OTHER MATTERS.

4. (*a*) The maintenance of the cash balance far in excess of the normal balance fixed by Government persisted during the year under review in various treasuries particularly in the Districts of Hassan and Bidar. No attempt appeared to have been made to systematically arrange for remittances side by side with collections at the Treasuries.

(*b*) The irregularities as reported by the currency officer, Reserve Bank of India, Bangalore, in respect of the various Treasuries are summarised in the Statement 'D'.

INCORPORATION OF THE TALUK TREASURY TRANSACTIONS IN THE ACCOUNTS OF A DISTRICT TREASURY.

5. The process of incorporation of the Taluk Treasury transanctions in the accounts of the District Treasury was not being done regularly and promptly in

terms of the provisions contained in Note 4 below Article 87 of the Mysore Treasury Code. Instead, the figures for three to four days were being incorporated at a time in the District Treasury accounts. This defect was prominent in South Kanara and Mandya District Treasuries.

STAMP ACCOUNTS.

6. The rules governing the custody and sale of stamps were infringed in the following respects :—

(*a*) Counting of stamps of all descriptions on the last day of the month was not done in the Tumkur Treasury.

(*b*) Stamps were sold direct from the Stores kept under double lock instead of from the stores under single lock by the various Treasuries particularly Gulbarga, Yadgiri, Ankola and Mercara.

(*c*) Stamp Vendors' Accounts were not scrutinised periodically by the Treasury Officer, Hassan.

(*d*) Plus and Minus Memoranda were not correctly drawn up and sent regularly to Audit Office.

PAYMENT OF PENSIONS.

7. (*a*) In certain cases payment of pension was made at the Hassan Treasury solely on the basis of the pensioner's half of the pension payment order for the past several years without reference to the disburser's half, disregarding the provisions of Article 128 of the Mysore Treasury Code.

(*b*) The Treasury Officer, Tumkur had not recorded his initials in several cases on the reverse of the pension payment order in token of having made the payment.

(*c*) The fact of the pensioner having attended the Treasury in person was seldom recorded in the vouchers in various treasuries particularly Tumkur, South Kanara and Ankola.

TRANSACTIONS RELATING TO REVENUE DEPOSITS.

8. (*a*) Noting against original credits were not made in respect of repayments in a number of cases as required under Article 155 of the Mysore Treasury Code. (Tumkur, Gulbarga and Bidar).

(*b*) The particulars of repayments made by the sub-treasuries were not incorporated in the register maintained at the District Treasury, Tumkur.

(*c*) Instances of incorrect notings against original credits and carrying forward wrong balances involving risks of double payment or irregular payment were noticed in the Tumkur District Treasury.

SMALL SAVINGS SCHEME.

9. Instructions issued by Government from time to time were not strictly followed by the various Treasuries, particularly Tumkur and Hassan ; *vide* instances given below :—

(*a*) The return of the completed receipt books were not being watched.

(*b*) In the receipt books returned to the Treasury, the particulars in the printed form at the end of each receipt book were not noted by the Treasury Officer.

(*c*) Omissions to obtain the prescribed certificate from the post office on the reverse of the counterfoil of some of the receipts were also noticed.

SAVINGS BANK DEPOSITS.

10. 7 cases of over-payments amounting to Rs. 359.73 were noticed in regard to Savings Bank payments. Of these, over-payments in State Huzur Treasury and Chickmagalur Treasuries amount to Rs. 174.56 and Rs. 148.25 respectively.

PAYMENTS OF INTEREST ON GOVERNMENT SECURITIES.

11. As in the previous years, income-tax and surcharge were not recovered correctly by the Treasury Officer in a number of cases. The deductions made were at the old rates by the South Kanara, Coorg, Mysore and Bellary Treasuries despite specific instructions in the matter. In some cases in Puttur and Udipi sub-treasuries income-tax and surcharge were not deducted at all.

DISPOSAL OF HALF MARGIN LETTERS.

12. The number of half margin letters issued against each Treasury is indicated in Statement 'E'. They total up to 1,128. None of them was returned within a fortnight, as required.

RETRENCHMENT SLIPS.

13. The number of retrenchment slips issued against each Treasury is shown in Statement 'F'. State Huzur Treasury, Bangalore, District Treasuries at Bellary, Mysore and North Kanara were mainly responsible for the large increase in the issue of these Retrenchment slips. In many cases the over-payments could have been avoided by the Treasury Officers if they had been more careful and had followed strictly the provisions of the various codes and the instructions issued by Government as well as by this office from time to time. Further it was generally noticed that recoveries were not effected promptly as required in Article 45 of the Mysore Financial Code, 1958. The Treasury Officers at Gulbarga and Raichur have not effected recoveries so far, on the retrenchment slip issued by the former Accountant General, Hyderabad in 1956-57. In one case a retrenchment slip issued by this office on 30th August 1958 to the Ramanagaram Sub-Treasury was returned by the Treasury, after four months stating that the official concerned had been transferred to Kolar.

MISCLASSIFICATIONS.

14. From Statement 'B' it will be seen that 255 cases of misclassifications were noticed, State Huzur Treasury contributing the maximum number this year also. Most of the misclassifications could have been avoided if the Treasury officers had exercised necessary checks in accounting the transactions.

DELAY IN THE SUBMISSION OF ACCOUNTS AND SUPPORTING DOCUMENTS.

15. The extent of delay in the submission of 1st Schedule of payments and the 2nd Schedule of payments with the Cash Account and list of payments is indicated in Statement 'G'. It will be seen that the due dates were not adhered to by most of the treasuries, particularly the State Huzur Treasury and Shimoga and Gulbarga Treasuries.

The delays which occurred in the submission of returns relating to Savings Bank Transactions are indicated in Statement 'H'.

It need hardly be emphasized that the non submission of accounts and returns on the due dates results in dislocation of work in the audit office and corresponding delays in the submission of Civil Accounts both to the State Government and Accountant General, Central Revenues.

DEPOSITS OF LOCAL FUNDS.

16. Most of the treasuries had not appended to the monthly accounts the plus and minus memoranda for the transactions relating to the deposits of local funds. The plus and minus memoranda have not been furnished from October 1957 onwards by the State Huzur Treasury, Mysore, Mandya and Chitradurga Treasuries in the case of Municipal funds, Village Panchayat Funds and Deposits for Educational Institutions, which calls for special attention.

IRREGULARITIES CONNECTED WITH GRANT IN AID.

17. Under Article 207 of the Mysore Treasury Code, the grants-in-aid sanctioned by Government should not be disbursed at the Treasury except under the authority of this office. It was noticed that this requirement was not complied with by the Treasury Officers, Bidar, Shimoga, Chitradurga and Kolar.

ORDER No. P & D 22 PSP 59, DATED BANGALORE, THE 15TH OCTOBER 1959 (ASVIJA 23, SAKA ERA 1881).

In the Official Memorandum quoted in the preamble, instructions were issued to Heads of Departments about minimising delays in execution of building works which have been one of the major causes in the slow progress of the Plan. The question was subsequently reviewed by the Chief Secretary and Development Commissioner with certain Heads of Departments on 4th May 1959. The Chief Engineer (General) after discussion with the concerned Heads of Departments came

to the conclusion that out of a total provision of about Rs. 165 lakhs for building works under the Plan for 1959-60 only an amount of Rs. 81 lakhs was likely to be spent in the year.

2. Government have, after considering the whole question, been pleased to approve of the following revised procedure for the execution of building works :—

The works may be divided into two classes—

(*a*) Those which are amenable to type design and

(*b*) Those for which special plans and estimates are required.

The procedure to be followed in respect of the two categories of works will be as indicated in the following paras :—

3. *Class (A) Works.*—Those works which are amenable to type designs may be divided into two categories :—

(i) Works of other Administrative Departments and

(ii) Works of Local Bodies—The Local Self-Government Department should be treated for all purposes as the representative of Local Bodies.

The following procedures are suggested for adoption :

(1) Type Designs : Plans and estimates shall be prepared by the Public Works Department for the following categories of works, *viz.*,

(*a*) Primary School Buildings of different sizes and designs ;

(*b*) Middle School Buildings of different sizes and designs ;

(*c*) High School Buildings of different designs and sizes ;

(*d*) Multi-purpose High School Buildings of different types ;

(*e*) Polytechnic Buildings ;

(*f*) Hostel Buildings ;

(*g*) Buildings for Local Fund Dispensaries, Combined Dispensaries, Health Units, Maternity Homes, Maternity Hospitals, Combined Hospitals, Veterinary Hospitals and Dispensaries, etc. ;

(*h*) Quarters of various categories ;

(*i*) Town-halls, V.P. Halls and Community Centres, etc. ;

(*j*) Other constructions which admit of type designs.

(2) Soon after the Budget is approved, each Administrative Department may give administrative approval for their requirements when this has already been done specifically prior to the inclusion of the works in the budget and send it direct to the authority competent to sanction estimates technically in accordance with the powers delegated under Government Order PWD 16 SCO 59, dated 26th March 1959 as amended from time to time indicating the place and the site or sites where the constructions are to be made and the type of buildings to be put up.

(3) The P.W.D. shall thereupon call for tenders and simultaneously recast the estimates wherever necessary to suit local conditions (so as to enable comparing the tender rates and taking a decision).

(4) On receipt of tenders, the P.W.D. may proceed with the works as if the works are those of the P.W.D.. The Administrative Departments may be intimated of the excess amounts due to acceptance of higher tender rates.

(5) The Public Works Department shall prepare revised estimates wherever necessary consequent to the increase or decrease in cost and send it to the Administrative Departments for sanction. The claims may however be settled by the Public Works Department pending administrative approval to the revised estimates and revised administrative approval need not be awaited for settling claims of contractors or for proceeding with and completing the works.

(6) Under no circumstances should the designs be changed since such change is not necessary in the case of type designs and will necessarily delay the work.

(7) In regard to the works of Local Bodies, the Local Self-Government Department should be treated as the Administrative Department, for the purpose and should make the funds available to the Public Works Department.

(8) The same principles and procedures applicable to other Departments will apply to the Local Self-Government Department also.

(9) The Public Works Department shall inform the Local Self-Government Department of the probable excesses on account of accepted tender and increase in the quantities so as to enable the Local Self-Government Department to get the excess amounts credited by the concerned Local Body well in time.

(10) The Public Works Department shall have correspondence and transactions only with the Local Self-Government Department, so far as the execution of such works are concerned and have no direct dealing with the Local Bodies.

(11) Agreements to be obtained from Local Authorities should include a provision authorising the Public Works Department to proceed with a work provided the tendered rates are not more than 15 per cent of the estimated cost, on condition that the additional cost will be deposited by the concerned Local Body with Government with the least possible delay. Where the tendered rates exceed the estimate accepted or the amount deposited, by the Local Body by more than 15 per cent the work should not be undertaken without first obtaining the additional funds from the Local Body concerned.

4. *Class (B) Works.*—(Works requiring Special Plans and Estimates).

(1) The P.W.D. shall prepare plans and estimates on requisition from the several Administrative Departments after ascertaining their requirements and send it to them for administrative sanction.

(2) Each estimate shall be sent by the Administrative Department to the Public Works Department after according necessary sanction.

(*Note.*—For the purposes of sub-paras (1) and (2) of para 4 PWD means the authority in the Public Works Department which is competent to sanction the estimate for the work technically and a Administrative Department means an authority (not higher than the Head of a Department) which is competent to sanction the estimate administratively or such subordinate authority as may be designated by the Head of the Department).

(3) Along with the sanctioned estimate, the Administrative Department shall indicate the place and site where the constructions have to be made

(4) Once the work is taken up for execution by the Public Works Department, the principles set out for class (A) works amenable to type design will apply to those works also.

(5) No change in the design should normally be made. If, however, it is found absolutely necessary, such changes may be made on an agreement between the Head of Administrative Department and the Chief Engineer (General).

(6) The claims of Contractors may be settled by the Public Works Department pending formal approval of the revised estimate by the Administrative Department.

5. As regards paras 3(5) and 4(6) it is likely that the Accountant General may not pass a final bill unless these are revised estimates. The Public Works Department and the Finance Department are therefore, requested to work out a procedure whereby final bills of contractors for works completed are settled promptly without delay, in conformity with the requirements of the Accountant General.

6. As regards paras 3(2) and 4(2) action to secure administrative approval should be initiated as soon as the annual Plan is finalised, without waiting for the Budget, but formal sanction should be communicated only after the Budget has been passed by the Legislature and necessary funds provided in the Budget.

7. With the adoption of the above procedure, it will be possible to set out a time target for the execution and completion of each work and the Public Works Department will be responsible for all lapses in progress. Government is, therefore, pleased to direct that all Departments should hereafter follow the above procedure strictly.

By Order and in the name of the Governor of Mysore,

G. V. K. RAO,
Secretary to Government,
Planning and Development Department.

Reorganisation of the Industries and Commerce Department.

ORDER NO. CI 78 RET 59, DATED BANGALORE, THE 24TH OCTOBER 1959
(KARTHIKA 2, SAKA ERA 1881).

The question of reorganising the Industries and Commerce Department including its subsidiary units dealing with Rural and Small Scale Industries, has been engaging the attention of Government for some time past. At present, the Department consists of multiple sections lacking cohesion between them. Suitable machinery to carry out the different schemes relating to Small Scale Industries, Handlooms, Handicrafts, Cottage Industries, etc., has to be evolved so as to reach the targets set in the Five-Year Plans. It is obvious that the present arrangement is not likely to result in the most efficient and economic implementation of the schemes. In order to ensure that the work of the various sections is carried on in a well co-ordinated manner, it is necessary that the over-all control is vested in one Head of the Department who may allocate the work to his immediate subordinate officers with adequate delegation of powers required for the proper discharge of their duties. The present set-up in the Districts varies from region to region with officers of different grades in charge of several sections. At the District level also it is essential that all the branches of the Industries and Commerce Department, implement their various development schemes through a unified machinery.

2. Government have, therefore, decided that at the head of the Industries and Commerce Department, there shall be one Director of Industries and Commerce aided by two Joint Directors, one of whom shall be in charge of Small Scale Industries and the other in charge of Village Industries, Cottage Industries, Handloom, Handicrafts, etc. The posts of Additional Director of Industries and Commerce and the Director of Rural Industrialisation shall cease to exist with the creation of the posts of the Joint Directors.

3. For the proper maintenance of accounts the Director and Joint Directors will have regular Accounts Sections headed by Accounts Officers drawn from the State Accounts Department. The posts of all auditors and 50 per cent of the posts of the Accountants shall be filled in by personnel drawn from the State Accounts Department.

4. The Directorate of Industries and Commerce will have a Chief Planning Officer in the grade of a Deputy Director of Industries and Commerce. This Officer will have under him a Technical Guidance Cell and a Statistical Section. The Technical Guidance Cell will consist of three Engineers (Mechanical, Chemical and Electrical) and other Technical Advisers for various crafts. Proper qualifications should be prescribed for the personnel. If persons serving in these posts are not adequately qualified for the jobs, the posts should be temporarily down-graded to the level of "Instructors" or "Demonstrators". This Cell will be for the use of the entire Directorate of Industries and Commerce.

5. The Statistical Section will be for the collection and processing of statistical data required for the formulation of expansion schemes and proper supervision over the running of the industrial concerns. This Section will be manned by staff drawn from the Statistical Department.

6. The organisation of the Industries and Commerce and Department in the Districts shall consist of seventeen Assistant Directors of Industries and Commerce in charge of one or more districts as shown in Annexure I, the Bangalore urban area being treated as a separate District for this purpose.

7. Each of the Assistant Directors shall have the following staff under him :—

Name of Post	*Scale of Pay* Rs.
1. One Assistant Superintendent of Industries (Senior Supervisor).	120-6-150-10-250.
2. One Junior Industrial Supervisor	70-5-90-6-150.
3. One Junior Auditor (an Inspector from the Co-operative Department).	80-5-100-8-140-10-200.
4. One District Weaving Supervisor	120-6-150-10-220.
5. Two Weaving Demonstrators	40-2-50-3-80.
6. One I Division Clerk	75-5-90-6-150-10-180.
7. One II Grade Typist	55-3-70-4-110-5-150.
8. Two Second Division Clerks	50-3-80-4-120.

The scales of Weaving Supervisor and Weaving Demonstrator are fixed with reference to the total strength required for all the districts. The Director of Industries and Commerce may however post them in any District according to the needs on the basis of looms, etc.

8. The total staff for the Districts will, therefore consist of :—

Assistant Directors	17
Assistant Superintendents of Industries ...	17
Junior Industrial Supervisors	17
Junior Auditors	17
District Weaving Supervisors	17
Weaving Demonstrators	34
I Division Clerks	17
II Division Clerks	34
II Grade Typists	17

9. The Gazetted and Non-Gazetted posts existing in the Department at present are shown in Annexure II to this Government Order. Consequent on the decision to reorganise the Department in the manner indicated in the foregoing paragraphs, the Gazetted and Non-Gazetted posts in the Department will be as shown in Annexure III. Arising out of this reorganisation, the posts shown in Annexure IV to this Government Order will stand abolished.

10. The reorganisation of the Department will take effect from 1st December 1959. The Director of Industries and Commerce should take steps to retrench the surplus staff after reverting staff on deputation to their parent departments, and after giving one month's notice to temporary staff. Till such time, as the various officials are retrenched or absorbed elsewhere, the posts held by them shall continue on a temporary basis—till the end of March 1960.

11. The Director of Industries and Commerce should take suitable steps regarding postings and transfers of officers and the connected matters to bring into force the recognised set-up of the Department in the Districts and the Head-quarters on the lines indicated above.

12. These orders are not applicable to the engineering staff of the Industries Division and other engineering staff attached to the Joint Director, Small Scale Industries and the Extension Officers under C.D. and N.E.S. Blocks the Pilot Project, Ramanagaram, Secretary, B.M.I.C., the Census of Manufacturing Industries and the State Industries Development Council or to Class IV Staff regarding which orders will issue separately.

By Order and in the name of the Governor of Mysore,

S. N. KALABHAIRAVAN,
Under Secretary to Government,
Commerce and Industries Department.

Centralisation of the work of Disposal of Waste Paper.

REFERENCES—

1. Item (1) of the Proceedings of the Meeting of the Secretaries to Government held on 5th May 1959.

2. Letter No. SPC/16150, dated 7th September 1959 from the Secretary, Stores Purchase Committee, Bangalore, on the above subject.

PREAMBLE—

At the meeting of the Secretaries to Government held on 5th May 1959, it was suggested that an attempt be made to centralise disposal of waste paper on a regional basis, the entire State being grouped under three zones and quotations called for, for the collection of waste paper accordingly. The suggestions have been considered by the Stores Purchase Committee who have proposed that action be taken on the following lines:—

(1) The State may be divided into four zones instead of three, each zone corresponding to the Divisional Commissioner's jurisdiction.

(2) Stores Purchase Committee will call for tenders for the purchase of waste paper from the places where they are collected.

(3) It is considered unnecessary to transport waste paper from taluk headquarters to the district headquarters. As a first step, all the papers at district headquarters and Bangalore will be disposed of by calling for tenders. As regards material in taluk headquarters, the Mysore State Khadi and Village Industries Board will be asked whether they would lift the waste paper from taluk headquarters for industries to be set up. It is also quite likely that the Mysore Paper Mills and the Dandeli Paper Mills may be willing to lift waste paper collected at taluk headquarters round about Bhadravati and Dandeli. The responsibility for collection of waste paper will be that of the head of the office. Even in Bangalore it is not necessary that the waste paper should be taken to a central place for being disposed of to the contractors. Contractor will have to collect the paper from the offices concerned.

(4) It will be the responsibility of the contractors of each zone to take delivery within 15 days of notice from the head of the office. In case of default, penalty will be levied by the Stores Purchase Committee according to Stores Purchase Committee Rules, that is to say the contractor will have to disposit an earnest money of Rs. 500 and the Stores Purchase Committee will be at liberty to forfeit any amount they decide upon, out of this amount considering the performance of the contractor.

(5) As regards supply of paper to the State Khadi and Village Industries Board, the Stores Purchase Committee will settle this separately with the representatives of the Board. As regards Mysore Paper Mills and Dandeli Paper Mills also similar action will be taken.

ORDER No. CI 54 MSP 59, DATED BANGALORE, THE 6TH NOVEMBER 1959 (KARTHIKA 14, SAKA ERA 1881).

The proposals of the Stores Purchase Committee are approved, and they are authorised to take further action in the matter.

It is, however, directed that first priority will be given to the Mysore State Khadi and Village Industries Board, second priority to Mysore Paper Mills subject to rates offered being reasonable and failing these two, the waste paper will be disposed off to the best price in open market on the terms set out above.

CHIEF SECRETARIAT

Inspection of Offices of Heads of Departments by outside agency.

READ—

Government Order No. 43 BAC 59, dated 10th August 1959.

ORDER No. GAD 70 OOM 59, DATED BANGALORE, THE 2ND NOVEMBER 1959 (KARTHIKA 11, SAKA ERA 1881).

In para 6 of the Government Order read above, it is stated that no machinery exists at present for the regular inspection of the offices of the Heads of Departments. It has since been ascertained from the Divisional Commissioners and

some Heads of Departments that as presiding officers, they are regularly inspecting their own offices and are taking action to rectify the defects noticed by them during such inspections. It is therefore considered unnecessary to depute any outside agency to periodically inspect the Offices of the Heads of Departments. In partial modification of para 6 of the Government Order dated 10th August 1959 read above, it is hereby ordered that henceforth, the Heads of Departments should inspect their own offices and forward reports of inspection to Government in the administrative department concerned, so as to furnish an idea to the Government of the work done by them and the state of affairs in their offices. The Offices of the Heads of Departments will not normally be inspected by the Director, Efficiency Audit and Anti-Corruption, unless authorised by Government.

The Heads of Departments are requested to ensure inspection of their offices regularly once a year not later than the month of January and send reports of their inspection to Government in the administrative department before the end of February.

By Order and in the name of the Governor of Mysore,

K. MUHAMMAD BEARY,
Under Secretary to Government,
General Administration Department

Policy regarding Inter-Departmental Transfers.

OFFICIAL MEMORANDUM

No. GAD (S-1) 154 SRR 59, DATED BANGALORE, THE 3RD NOVEMBER 1959 (KARTHIKA 12, SAKA ERA 1881).

According to sub-rule (1) of Rule 50 of Mysore Civil Services Rules, 1958, inter-departmental transfers should not ordinarily be permitted except in special circumstances or in the interest of public service. Recently many instances have come to the notice of Government wherein proposals for such inter-departmental transfers were made without any regard to the provision referred to above. In some cases proposals involving transfers of officials in bulk from one department to another were made on the score that they have been working in the other department on deputation basis for many years. Obviously, such proposals cannot be entertained as they will adversely affect the interests of the officials working in the other department. It is, therefore, directed that as a matter of policy, transfers of Government servants from one Department to another should not be permitted and that the Heads of Departments should not submit proposals to Government except in exceptional cases, *i.e.*, where refusal is likely to cause great hardship to the Government servant concerned or where the official is specially qualified to serve in the other department.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Inspection of Offices of Heads of Departments by outside agency.

READ—

Government Order No. 43 BAC 59, dated 10th August 1959.

ORDER No. GAD 70 OOM 59, DATED BANGALORE, THE 2ND NOVEMBER 1959 (KARTHIKA 11, SAKA ERA 1881).

In para 6 of the Government Order read above, it is stated that no machinery exists at present for the regular inspection of the offices of the Heads of Departments. It has since been ascertained from the Divisional Commissioners and some Heads of Departments that as presiding officers, they are regularly inspecting their own offices and are taking action to rectify the defects noticed by them during such inspections. It is therefore considered unnecessary to depute any outside

agency to periodically inspect the Offices of the Heads of Departments. In partial modification of para 6 of the Government Order dated 10th August 1959 read above, it is hereby ordered that henceforth, the Heads of Departments should inspect their own offices and forward reports of inspection to Government in the administrative department concerned, so as to furnish an idea to the Government of the work done by them and the state of affairs in their offices. The Offices of the Heads of Departments will not normally be inspected by the Director, Efficiency Audit and Anti-Corruption, unless authorised by Government.

The Heads of Departments are requested to ensure inspection of their offices regularly once a year not later than the month of January and send reports of their inspection to Government in the administrative department before the end of February.

By Order and in the name of the Governor of Mysore,

K. MUHAMMAD BEARY,
Under Secretary to Government,
General Administration Department
(O. & M. Sec.).

Policy regarding Inter-Departmental Transfers.

OFFICIAL MEMORANDUM

No. GAD (S-1) 154 SRR 59, DATED BANGALORE, THE 3RD NOVEMBER 1959 (KARTHIKA 12, SAKA ERA 1881).

According to sub-rule (1) of Rule 50 of Mysore Civil Services Rules, 1958, inter-departmental transfers should not ordinarily be permitted except in special circumstances or in the interest of public service. Recently many instances have come to the notice of Government wherein proposals for such inter-departmental transfers were made without any regard to the provision referred to above. In some cases proposals involving transfers of officials in bulk from one department to another were made on the score that they have been working in the other department on deputation basis for many years. Obviously, such proposals cannot be entertained as they will adversely affect the interests of the officials working in the other department. It is, therefore, directed that as a matter of policy, transfers of Government servants from one Department to another should not be permitted and that the Heads of Departments should not submit proposals to Government except in exceptional cases, *i.e.*, where refusal is likely to cause great hardship to the Government servant concerned or where the official is specially qualified to serve in the other department.

Part-time allowance to part-time teachers in High Schools.

READ—

Government Order No. ED 24 PHN 57, dated 8th August 1957 sanctioning part-time allowances of Rs. 25 per month to all part-time teachers.

2. Government Order No. ED 678 SHS 57, dated 14th February 1959 directing that Government Order dated 8th August 1957 is applicable to all part-time teachers whether they work in the Middle or High Schools.

3. Letter No. 63-64/DA 8C-4-EI, dated 9th June 1959 from the Accountant General, Mysore, Bangalore, addressed to the Director of Public Instruction in Mysore, Bangalore.

4. Letter No. H1/7158-709/58-59, dated 1st July 1959 from the Director of Public Instruction in Mysore, Bangalore, in the matter.

ORDER No. ED 31 SES 59, DATED BANGALORE, THE 19TH OCTOBER 1959
(ASVIJA 27, SAKA ERA 1881).

The Accountant General, Mysore, Bangalore, has referred to Government Order dated 14th February 1959 read above and requested the Director of Public Instruction to recover the excess part-time allowance drawn by certain part-time teachers in Government High Schools as they were drawing Rs. 30 as part-time

allowance per month. The Director of Public Instruction has, therefore, requested for clarification on the following points:—

(*a*) The date on which Government Order No. ED 24 PHN 57, dated 8th August 1957 read above should be given effect to;

(*b*) The rate of part-time allowance to be paid to the part-time teachers who are being paid more or less than Rs. 25 per month according to the number of periods of work allotted to them;

(*c*) The rate of part-time allowance to be paid to the part-time teachers in the High Schools started during 56-57 to 58-59, where part-time allowance has been sanctioned at Rs. 30 per month;

(*d*) Whether the part-time allowance of Rs. 25 per month may be paid to all the part-time teachers both to the Middle and High Schools irrespective of the fact whether they are full-time employees of Government or purely outsiders.

2. Government in their Order No. E. 12593-4/Edn. 159-47-32, dated 24th March 1952 had empowered the Director of Public Instruction to sanction part-time allowance as per approved scale of Rs. 3 per mensem per period per week in the case of Government High Schools and that in the case of Municipal and District Board High Schools such appointment was to be approved by him in the usual course. Accordingly the Director of Public Instruction had fixed the part-time allowance to the various part-time teachers in High Schools in proportion to the number of periods handled by the teachers and the maximum part-time allowance sanctioned by him was Rs. 30 per month to the teachers handling for 12 periods or more. Later on, Government have revised the rate of the part-time allowance of all the part-time teachers both in the Middle and High Schools to Rs. 25 in Government Order dated 8th August 1957 read above and this order has been given effect to from 1st January 1957. As it was not made clear in the Government Order dated 8th August 1957 referred to above that the revised rate of part-time allowance is applicable to the part-time teachers in High Schools, the Director of Public Instruction did not give effect to this revised rate of part-time allowance so far as High School teachers are concerned till 14th February 1959 when clarification has been issued in Government Order No. ED 678 SHS 57, dated 14th February 1959 that the Government Order dated 8th August 1957 is also applicable to the High School teachers.

3. After examining all aspects of the case, Government are pleased to direct that the revised rate of part-time allowance of Rs. 25 per month sanctioned in Government Order dated 8th August 1957 be made applicable to the part-time teachers in High Schools from 14th February 1959 and the part-time teachers already drawing Rs. 25 or more on 14th February 1959 be allowed to draw the same till the present incumbents are in service. It is further directed that the revised rate of part-time allowance shall be applicable to the part-time teachers in all High Schools whether they are started prior to 1956-1957 or after 1956-1957. As regards the payment of part-time allowances to the full-time teachers doing part-time work, it is directed that their cases be decided as per the provisions of the M.C.S.Rs., 1958.

4. Separate orders will be issued regarding the fixation of part-time allowance on the basis of number of periods of teaching within the sanctioned rate of Rs. 25 per month.

By Order and in the name of the Governor of Mysore,

AHMED ABDUL AZIZ,
Under Secretary to Government,

Independence Day and Republic Day Celebrations—Attending the functions by the Officers of the Education Department at the District and Taluka Headquarters.

OFFICIAL MEMORANDUM

No. ED 182 SES 59, DATED BANGALORE, THE 9TH NOVEMBER 1959 (KARTHIKA 18, SAKA ERA 1881).

At present the Deputy Commissioners of Districts are required to draw up suitable programmes for celebrations on the above occasions at the District and Taluka Headquarters. Government Officers and Officials at the District and Taluka Headquarters are required to offer their fullest co-operation in making the functions success. An instance has come to the notice of Government that a District Educational Officer did not attend the Republic Day Celebrations at the District Headquarters due to pre-occupation.

The Director of Public Instruction requested Government for clarification whether the District Educational Officers should compulsorily attend Republic Day and Independence Day Celebrations at District Headquarters or whether they were free to attend such functions arranged in schools outside District Headquarters. He is of the opinion that the object of celebrating these national festivals would be much more effectively achieved if the Educational Officers like District Educational Officers, Inspectors of Schools, etc., participate in such functions in schools and impress upon the minds of young children the significance of these days, and if the Educational Officers are not participating in such functions outside the District Headquarters, they should attend the functions organised at Headquarters.

After considering all aspects, Government are pleased to direct that the officers of the Education Department at the District and Taluka Headquarters may participate in the celebrations in schools; if the Deputy Commissioners of the Districts concerned do not require any of the Officers of the Education Department to attend the functions either at the District or at the Taluka Headquarters.

Deputy Secretary to Government,

Orders the transfer of the post of District Social Welfare Officer, South Kanara District from the cadre of Tahasildars in Revenue Department to that of District Social Welfare Officers in Social Welfare Department.

READ—

Letter No. G IV—MII—738, dated 14th August 1959 from the Accountant General, Mysore, Bangalore.

ORDER No. P & D 127 SET 59, DATED BANGALORE, THE 11TH NOVEMBER 1959 (KARTHIKA 20, SAKA ERA 1881).

The post of District Social Welfare Officer, South Kanara was declared to be a temporary addition to the cadre of Tahasildars in Revenue Department by the Government in their Order No. RD 321-57, dated 4th March 1958 and persons from the cadre of Tahasildars were only appointed to this post. Government have now decided that all the posts of District Social Welfare Officers in the State should be combined together to form a cadre of District Social Welfare Officers in the Social

Welfare Department and appointments to these posts should be made either directly or by promoting the subordinate in the Social Welfare Department. Accordingly Government have promoted and appointed Sri T. P. Rachappa as District Social Welfare Officer, South Kanara District in G.O. No. P & D 23 SET 59, dated 25th June 1959. Audit has now objected that Sri Rachappa cannot be appointed to this post unless the post is transferred to Social Welfare Department and has further recommended that this post may be ordered to be transferred to Social Welfare Department retrospectively.

2. Government are pleased to direct that the post of District Welfare Officer in South Kanara District should be removed from the cadre of Tahasildars in Revenue Department and included in the cadre of District Social Welfare Officers in Social Welfare Department with effect from the date on which Sri T. P. Rachappa joined the post.

Fixation of time limit for availment of Leave.

OFFICIAL MEMORANDUM

No. GAD (S-1) 178 SRR 59, DATED BANGALORE, THE 9TH NOVEMBER 1959
(KARTHIKA 18, SAKA ERA 1881).

It is noticed that very often, whenever leave is sanctioned from the date of availment, it is neither availed of within a reasonable time nor does the Government servant concerned apply for the cancellation of the leave. This not only causes inconvenience to other Government servants who may require leave at the same time but also impairs the smooth working of the administration. It is therefore directed that as far as possible, leave should be sanctioned with effect from a specified date. In case this is not feasible and leave is sanctioned from the date of availment, the leave should be availed of within 30 days from the date of sanction. Otherwise it should be presumed that sanction for the leave has lapsed

and the Government servant concerned should apply for leave afresh, if necessary. The heads of Departments are requested to see that these instructions are enforced strictly in future.

Posts excluded from the purview of the Public Service Commission—Percentage of reservation for Scheduled Castes/Scheduled Tribes.

OFFICIAL MEMORANDUM

No. GAD 24 OSR 59, DATED BANGALORE, THE 11TH NOVEMBER 1959
(KARTHIKA 20, SAKA ERA 1881).

Attention is invited to para 2 of G.O. No. GAD 26 ORR 59, dated 13th May 1959 prescribing *inter alia* a reservation of 15 per cent for Scheduled Castes and 3 per cent for Scheduled Tribes in respect of appointments to be filled by direct recruitment in the services of the State. Reference is also invited to Rules 3 and 4 and to Annexures I and II of the Mysore Public Service Commission (Consultation) Regulations, 1958, enumerating the categories of posts excluded from the purview of the Public Service Commission. Government have since decided that in the case of *such posts also,* the usual quota of reservation of 15 per cent for Scheduled Castes and 3 per cent for Scheduled Tribes' candidates should be provided.

The Secretaries to Government are requested to take necessary action in respect of Cadre and Recruitment Rules of the Departments in their charge which are already issued to make the necessary amendments to those rules so as to provide for reservation for Scheduled Castes/Scheduled Tribes. So far as the Cadre and Recruitment Rules of the Departments in respect of which the rules have not yet been finalised, the G.A.D. (O. & M. Section) will take needful action to implement the decision of Government as above.

The Heads of Departments are requested to adhere strictly to the reservation quota for Scheduled Castes/Scheduled Tribes while making recruitment to all such posts including all appointments in the Class IV Services.

Fees in respect of candidates nominated by the Employment Exchanges.

OFFICIAL MEMORANDUM

No. GAD (S-1) 49 SRR 59, DATED BANGALORE, THE 13TH NOVEMBER 1959
(KARTHIKA 22, SAKA ERA 1881).

The Mysore Public Service Commission have prescribed certain fees for applications for recruitment to Class I, II and III posts of the State Civil Services. It is brought to the notice of Government that certain appointing authorities are levying these fees even from candidates nominated by the Employment Exchanges. According to the standing instructions all vacancies other than those to be filled through the Public Service Commission and those vacancies which are to be filled through the Public Service Commission but in respect of which approved lists of

candidates from the Commission are awaited, are to be notified to the Employment Exchanges. The levy of fees from candidates nominated by the Employment Exchange is opposed to the very principle on which that organisation is founded. Further, in respect of the posts within the purview of the Public Service Commission, the appointment of candidates nominated by the Employment Exchange is made purely on temporary basis. It is, therefore, directed that no fees should be levied from the candidates nominated by the Employment Exchanges.

FINANCE SECRETARIAT

Date from which Optional Subscribers to the General Provident Fund should be permitted to join the Fund.

OFFICIAL MEMORANDUM

No. FD 48 PPF 59, DATED BANGALORE, THE 23RD SEPTEMBER 1959
(ASVIJA 1, SAKA ERA 1881).

The following may be added as Note under paragraph 1 as subsidiary instructions, in page 42 of the Mysore General Provident Fund Rules, 1957 :—

"*Note* :—The admission to the General Provident Fund involves the following processes, namely—

(i) Submission of application for admission ;
(ii) Acceptance of the application ;
(ii) Allotment of an account number ; and
(iv) Deduction of subscription from the pay bill and crediting the amount to the account of the subscriber in the Fund.

A person becomes a subscriber when all these processes are complete in his case. It has always been emphasized that subscriptions to a Provident Fund should not be deducted from the pay bills before the allotment of account numbers. At the same time, the completion of the processes mentioned above naturally takes some time, and the Government servant falling under Rule 5 is denied the privilege of subscribing to the General Provident Fund as an optional subscriber as soon as he desires to join the Fund. An optional subscriber may be permitted to join the General Provident Fund, if he so desires, from the date of application provided he is eligible to join the Fund on that date and provided also he is prepared to pay the arrears of subscription with interest thereon on the analogy of the provisions contained in Rule 13(3), no subscription, however, being actually deducted or credited in cash before the allotment of an account number."

Running of Schools and maintenance of Law and Order in the Project Areas.

ORDER No. FD 117 BUD 59, DATED BANGALORE,
THE 5TH NOVEMBER 1959.

The question whether in respect of Project areas as well as in the case of installation and colonies of the State Electricity Board and other authorities including industrial concerns, the cost of maintenance of Medical, Health, Educational and Police Services should be debited to the Project either at the construction stage or during both the construction and maintenance stages or whether they should be met out of the Budget Grant of the Departments concerned was under consideration of Government for sometime past. The matter was examined with reference to the present practice prevailing in the State. In the case of Irrigation and Hydro-Electric Projects the practice has, from the commencement, been to debit both the capital and maintenance cost in respect of Schools, Medical and Health Institutions, Police Stations and Out-Posts to the Project Funds. It is felt that although this practice, atleast in so far as debiting to the Capital cost is concerned, is proper, in as much as the additional needs in this connection have arisen on account of the execution of the Project, the propriety of debiting such expenditure during maintenance stage to the Project has been open to doubt.

After examining all aspects of the question, Government direct that in respect of Project areas as well as in the case of installations and colonies of the State Electricity Board, Industrial Concerns, etc., the cost of maintenance of Medical, Health, Educational and Police Services should be debited to the Project during the construction stage and to the Department concerned after the construction stage is completed, and the amenities will be provided by the Departments concerned with reference to the needs, resources available and Policy governing such facilities.

The new arrangement will come into effect commencing from the next financial year, 1960-61.

According to the standing instructions all vacancies other than those to be filled through the Public Service Commission and those vacancies which are to be filled

through the Public Service Commission but in respect of which approved lists of candidates from the Commission are awaited, are to be notified to the Employment Exchanges. The levy of fees from candidates nominated by the Employment Exchange is opposed to the very principle on which that organisation is founded. Further, in respect of the posts within the purview of the Public Service Commission, the appointment of candidates nominated by the Employment Exchange is made purely on temporary basis. It is, therefore, directed that no fees should be levied from the candidates nominated by the Employment Exchanges.

Date from which Optional Subscribers to the General Provident Fund should be permitted to join the Fund.

OFFICIAL MEMORANDUM

No. FD 48 PPF 59, DATED BANGALORE, THE 23RD SEPTEMBER 1959
(ASVIJA 1, SAKA ERA 1881).

The following may be added as Note under paragraph 1 as subsidiary instructions, in page 42 of the Mysore General Provident Fund Rules, 1957 :—

"*Note* :—The admission to the General Provident Fund involves the following processes, namely–

(i) Submission of application for admission ;
(ii) Acceptance of the application ;
(ii) Allotment of an account number ; and
(iv) Deduction of subscription from the pay bill and crediting the amount to the account of the subscriber in the Fund.

A person becomes a subscriber when all these processes are complete in his case. It has always been emphasized that subscriptions to a Provident Fund should not be deducted from the pay bills before the allotment of account numbers. At the same time, the completion of the processes mentioned above naturally takes some time, and the Government servant falling under Rule 5 is denied the privilege of subscribing to the General Provident Fund as an optional subscriber as soon as he desires to join the Fund. An optional subscriber may be permitted to join the General Provident Fund, if he so desires, from the date of application provided he is eligible to join the Fund on that date and provided also he is prepared to pay the arrears of subscription with interest thereon on the analogy of the provisions contained in Rule 13(3), no subscription, however, being actually deducted or credited in cash before the allotment of an account number."

READ—

Letter No. HD 54 EST 57, dated the 22nd April 1957, from the Secretary to the Government of Mysore, Home Department, to the Inspector-General of Police, Mysore State.

2. Letter No. 160/RA/57 (Hassan), dated the 20th November 1958, from the Inspector-General of Police, Mysore State, Bangalore.

ORDER NO. HD 303 EHT 58, DATED BANGALORE, THE 19TH NOVEMBER 1959 (KARTHIKA 28, SAKA ERA 1881).

The Inspector-General of Police has forwarded proposals for the Reorganisation of the Police Force in Hassan District, in pursuance of the instructions issued in this behalf.

In formulating these proposals, he has kept in view the local, economic and geographical conditions, the existing communication facilities in the District, the incidence of crime and other special problems. The District is at present short of a supervisory officer of the rank of Deputy Superintendent of Police and the jurisdiction of certain Police Stations requires re-distribution to ensure proper administrative control and avoiding heavy charge of any particular Police Station. The existing and proposed set-up of the Police force are set out in Appendices "A" and "B", respectively.

The salient features of the proposals are :—

(1) Creation of a new Sub-Division with its Headquarters at Hassan. The Deputy Superintendent of Police of the new Sub-Division will have jurisdiction over three Police Circles, *viz.*, Hassan, Hole-Narasipur and Sakleshpur and will also function as P.A. to the Superintendent of Police. The re-distribution of jurisdiction between the Deputy Superintendent of Police and the Superintendent of Police will be as shown in Appendix "C".

(2) The formation of four circles as shown in Appendix "C".

(3) Creation of a new Police Station in Arasikere Town.

(4) Abolition of the following 6 Out-Posts out of the existing 19 Out-Posts :—

(i) Salegram in Hassan Taluk ;

(ii) Kundur in Alur Taluk ;

(iii) Jayachamarajapura in Arasikere Taluk ;

(iv) Hirisave in Channarayapatna Taluk ;

(v) Halekote in Hole-Narasipur Taluk

(vi) Ramanathapura in Arkalgud Taluk.

No. HD 303 EHT 58, DATED 19TH NOVEMBER 1959.

(5) Abolition of the two posts of Police Inspectors sanctioned for Belur and Channarayapatna Taluks.

(6) Abolition of the existing system of having the temporary Police Staff sanctioned for enforcement of prohibition as a separate unit and instead the provision of an adequate staff in each Police Station of the four dry Taluks, *viz.*, Sakleshpur, Belur, Alur and Arkalgud according to a definite yardstick. This staff will be in addition to the staff sanctioned separately for enforcement of prohibition in Hassan, Arasikere, Channarayapatna and Hole-Narasipur Taluks.

(7) Abolition of the system of provision of vacancy reserve in the District Headquarters, and instead the provision of vacancy reserve in the strength of each Police Station and also in the Armed Reserve at the rate of 10 per cent of the combined strength of Head Constables and Police Constables.

(8) Creation of the following additional posts on a permanent basis :—

(*a*) Deputy Superintendent of Police Assistant Superintendent of Police	1
(*b*) Sub-Inspectors	3
(*c*) Sergeant	1
(*d*) Assistant Sergeants	2
(*e*) Head Constables	20

(9) Abolition of the following posts :—

(*a*) Police Inspectors	2
(*b*) Subedar-Major	1
(*c*) Jamedar	1
(*d*) Havildar	1
(*e*) Naiks	2
(*f*) Police Constables	29

(10) Reorganisation of the District Special Branch and providing it with a staff of one Sub-Inspector and two Head Constables.

(11) Reorganisation of the District Intelligence Bureau and providing it with a staff of one Sub-Inspector and two Head Constables.

(12) Formation of a Prohibition Intelligence Branch at the District Headquarters and providing it with a staff of one Sub-Inspector and three Head Constables.

		Headquarters Platoon	*Active Platoon*	
Subedar-Major ...	1	Sergeant ...	...	1
Havildar ...	1	Assistant Sergeant ...	1	1
Naiks ...	2	Head Constables ...	3	6
Police Constables ...	32	Police Constables ...	16	36
	36		20	44

(14) Replacement of dalayats sanctioned as Orderlies to Police Officers of and above the rank of Police Inspectors by Constable Orderlies.

(15) Abolition of the existing Police vehicle establishment and provision of the drivers and cleaners according to a yardstick in relation to the number of vehicles in charge of the District in the Headquarters Platoon of the District Armed Reserve.

The proposals result in a savings to the extent of Rs. 1,229-16 nP. per annum.

After careful consideration, Government are pleased to sanction the proposals of the Inspector-General of Police. Appendix "E" indicates the existing distribution of the Police Force and Appendix "F", the distribution of the Police Force in the Reorganised set-up.

In working out the net financial effect of the reorganisation proposals, the revised scales of pay have been taken into account for the surplus and additional posts. Separate orders will issue regarding the continuance, rationalisation or otherwise of the existing special pays and allowances. The present reorganisation order fixes only the strength of the Police personnel in each category as set out in Appendices "A" and "B".

As some time-lag is involved in the sanction of the reorganisation proposals of all the Districts the incumbents of the surplus posts will continue as supernumeraries for a period of one year from the date of this order. The Inspector-General of Police, is requested to send a statement of re-distribution of the forces of the entire State for the information of Government when all the proposals are finalised and also the necessary proposition statement.

A notification showing the changes in the jurisdiction of Police Stations and Out-Posts will be issued separately.

By Order and in the name of the Governor of Mysore,

Under Secretary to Government,

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Passing of Hindi Examination by Government Servants.

READ—

Government Order No. GAD 3 RDE 57, dated 21st July 1958.

ORDER No. GAD 174 SRR 59, DATED BANGALORE, THE 17TH NOVEMBER 1959 (KARTHIKA 26, SAKA ERA 1881).

In Government Order of 21st July 1958 cited above, all Government servants, with the exceptions mentioned in sub-clauses (a) to (d) of Clause (i) of the aforesaid Government Order were required to pass a test in the Hindi Examination within a period of two years. The period of two years allowed in the Order, expires on 21st July 1960. But the Mysore Local Service Examinations Board has not been able to hold a test in the Hindi Examination so far. It is, therefore, directed that

the period of two years for passing the Hindi Examination should be reckoned from the date of commencement of the first Hindi Examination conducted by the Board. In respect of officers who are on deputation outside the State on the date of commencement of the first examination, the period of two years prescribed for passing the Hindi Examination will be counted from the date of their reversion to the State service. Similarly, in respect of officers who proceed on deputation outside the State within the period of two years from the date of commencement of the first examination, the period spent outside the State will not be reckoned in calculating the period of two years allowed for passing the examination.

2. As mentioned in Clause (i)(b) of Government Order dated 21st July 1958, Government servants who are over 45 years of age are exempted from passing the Hindi Examination. It is hereby clarified that this exemption will be available to all Government servants who have attained the age of 45 years on the date of commencement of the first Hindi Examination conducted by the Board or who will attain the age of 45 years within the period of two years thereafter.

3. The exemption from passing the Hindi Examination, on the score of having completed the age of 45 years, will extend not only for earning increments and confirmation but for promotions to higher grades also.

4. Government are pleased to direct that a pass in the Hindi Examination need not be insisted upon for confirmation or promotion this concession being available irrespective of the age of the Government servants.

By Order and in the name of the Governor of Mysore,

K. SESHADRI IYENGAR,
Under Secretary to Government,
General Administration Department
(Services-1).

concessions. These concessions are available to the Political Sufferers themselves, if they are studying and to the children whose mothers are Political Sufferers. The children of *bona fide* refugees from Pakistan residing in the State of Mysore are also eligible for these concessions, provided their parents are Political Sufferers as per definition laid down. These concessions are not available to the relatives or dependents of Political Sufferers.

(*b*) In estimating the annual income of the candidates, the annual income from the benefits already extended to the Political Sufferers, either in the form of cash or land grants, shall also be taken into consideration, before these concessions are extended to the children of such Political Sufferers.

4. Special fees levied for specific purposes such as, Medical Inspection, Library, Games, Laboratory, etc., shall be borne by the children of Political Sufferers and no separate amount shall be sanctioned for the purpose.

5. The prescribed forms of application, certificate, affidavit, and agreement required to be filled up by the students and the Political Sufferers or the guardians in the case of deceased Political Sufferers are appended to this Scheme and will be available at the offices of the Director of Public Instruction, the Director of Technical Education, the Registrar, Mysore University, the Registrar, Karnatak University, the Deputy Directors of Public Instruction of Divisions, and the District Educational Officers. The Political Sufferer or the guardian should see that the application and the certificates are complete in all respects to obviate doubt regarding the eligibility of the applicant for the concessions under this Scheme. Form "C" certificate regarding income should be got verified by the Tahsildar even after sanction of the concessions. The applications not submitted through the Head of the Institution shall not be entertained.

7. The Political Sufferer or the applicant's guardian in the case of deceased Political Sufferer, will have to file an affidavit in Form "D" to the effect that he fulfils the conditions of eligibility about the extent of land and other property possessed by him and income therefrom. He will also enter into an agreement in Form "E" to the effect that in case it is found that the concession was obtained on the basis of incorrect or false affidavit, the entire amount of concession will be recoverable as an arrear of land revenue.

8. The Heads of Institutions shall verify the contents of each application and if the applicant is found eligible for the concession under this Scheme, shall recommend to the Director of Public Instruction, Bangalore, the Director of Technical Education, Bangalore, Registrars of Karnatak University and Mysore University, as the case may be, in the form attached to the application by 31st August of every year. The Director of Technical Education, Bangalore, and the Registrars of Karnatak University and Mysore University, shall forward the applications to the Director of Public Instruction, Bangalore, with their recommendations by 15th September of every year. The Director of Public Instruction, Bangalore will then award the concessions by 15th October of every year, after scrutinising the applications so received. 10. The concessions granted under these rules shall be withheld from the pupil who remains for more than one year in one and the same standard or class or form of a School, or same class of a College or a Technical Institution provided that the pupil may retain the concession for a second year also in the same standard in any one of the standards from I to VIII in the Primary and Middle Schools and in the same class or form in any one of the classes or forms up to Class XI in the Secondary Schools and in the same class in any one of the Classes of the College or Technical Courses, when a scholar is unable to appear for the annual examination within the said course of studies owing to illness and the head of the Institution certifies that on the basis of the academic performance in that standard or class, the scholar was likely to have passed had the examination been taken and also that the application is supported by certificate of illness.

His or her concession will be withdrawn only if he or she fails to secure a pass even at the end of the second year. A concession withdrawn under this clause shall be revived when the pupil is promoted to the next higher standard, class or form.

11. A failed student shall not be eligible for these concessions and therefore fresh applications from failed students shall not be accepted.

13. The concessions granted under this Scheme shall be with effect from the beginning of the academic year and the fees paid by the students shall be refunded to them, if there be any delay in sanctioning these concessions.

14. Once the remission of fees are sanctioned under these rules, it shall not be necessary to submit fresh applications in forms "A", "B" and "C" for continuance of the concessions so long as the scholars continue to study in the same institution. For Book grants and scholarships, there shall be fresh application every year. These scholars should apply to the Heads of Institutions in which they may be studying giving details of orders sanctioning such concessions and requesting for further continuance of the concessions. The Heads of the Institutions should submit progress reports of such scholars along with the marks obtained by them in their last annual examination with their definite recommendations to the Director of Public Instruction, Bangalore, as soon as the Institutions re-open and the applicants join the Institutions to continue studies further. On the basis of these reports and marks sheets, the Director of Public Instruction, Bangalore, will consider the question of continuing the remission of fees, subject to the condition of satisfactory progress and conduct of the scholar and that the student does not take part in strikes, etc. The stipends on book grants as the case may be, will be sanctioned every year as per the conditions indicated above.

Under Rule 17 of the Mysore Government Servants' Conduct Rules, 1957, as amended, no Government servant can acquire or dispose of any immovable property either in his own name or in the name of any member of his family, without the previous sanction of Government or any authority specially empowered by it in this behalf. Similarly, prior sanction of Government or any authority specially empowered by it in this behalf has to be taken in any case in which a Government servant desires to enter into a transaction concerning any movable property exceeding Rs. 1,000 in value, if the transaction is entered through any person other than a reputed dealer or an agent of standing. It is felt that considerable delay and inconvenience will be caused if every application for such sanction is to be decided by Government.

ORDER No. GAD 74 OOM 59, DATED BANGALORE, THE 25TH NOVEMBER 1959 (MARGASIRA 4, SAKA ERA 1881).

It has come to the notice of Government that a large number of petitions presented to several officers both in person and by post are neither registered in their offices nor acknowledged and are consequently left unattended. Omission to acknowledge petitions is said to be due to the fact that postage to cover replies are

not sent with petitions. Although the plea put forward is apparently correct, the purpose of presenting petitions is nullified as the petitions are liable to be mislaid and no action taken thereon. The following procedure is therefore laid down in supersession of the previous orders on the subject:—

All letters/petitions which are duly stamped in accordance with the Law, and also all other petitions where there is no legal requirement to affix stamps, except those which are covered by the next paragraph, should be acknowledged within 24 hours of the receipt of a letter/petition regardless of the fact, whether postage stamps are forwarded or not with petitions. The acknowledgment should be in printed forms, supplied for the purpose and indicate the reference number in the office to facilitate future correspondence in the matter. Petitions/Letters presented in person should be acknowledged on the spot. The Section Officer in the Secretariat/the Gazetted Assistant to the Heads of Departments and the Head of the Office in other cases who receives such communications, will be responsible for issuing the acknowledgment.

Acknowledgments should not be granted in the following cases:—

(*a*) Applications for appointment; but when the application is in response to an advertisement, the application may be acknowledged at the discretion of the receiving officer;

(*b*) Applications repeating a request already disposed of and when the applicant has been told that further representations will not be considered;

(*c*) Applications couched in improper, impolite or scurrilous language;

(*d*) When only copies of communications addressed to other offices are received, except when a communication received from a superior authority specifically asks for an acknowledgment;

(*e*) Reminder petitions, anonymous petitions and petitions which do not involve any specific request.

All officers in the State are requested to give effect to these instructions with immediate effect.

ORDER No. GAD 74 OOM 59, DATED BANGALORE, THE 25TH NOVEMBER 1959 (MARGASIRA 4, SAKA ERA 1881).

It has come to the notice of Government that a large number of petitions presented to several officers both in person and by post are neither registered in their offices nor acknowledged and are consequently left unattended. Omission to acknowledge petitions is said to be due to the fact that postage to cover replies are not sent with petitions. Although the plea put forward is apparently correct, the purpose of presenting petitions is nullified as the petitions are liable to be mislaid and no action taken thereon. The following procedure is therefore laid down in supersession of the previous orders on the subject :—

All letters/petitions which are duly stamped in accordance with the Law, and also all other petitions where there is no legal requirement to affix stamps, except those which are covered by the next paragraph, should be acknowledged within 24 hours of the receipt of a letter/petition regardless of the fact whether postage stamps are forwarded or not with petitions. The acknowledgment should be in printed forms, supplied for the purpose and indicate the reference number in the office to facilitate future correspondence in the matter. Petitions/Letters presented in person should be acknowledged on the spot. The Section Officer in the Secretariat/the Gazetted Assistant to the Heads of Departments and the Head of the Office in other cases who receives such communications, will be responsible for issuing the acknowledgment.

Acknowledgments should not be granted in the following cases :—

(*a*) Applications for appointment ; but when the application is in response to an advertisement, the application may be acknowledged at the discretion of the receiving officer ;

(*b*) Applications repeating a request already disposed of and when the applicant has been told that further representations will not be considered ;

(*c*) Applications couched in improper, impolite or scurrilous language ;

(*d*) When only copies of communications addressed to other offices are received, except when a communication received from a superior authority specifically asks for an acknowledgment ;

(*e*) Reminder petitions, anonymous petitions and petitions which do not involve any specific request.

All officers in the State are requested to give effect to these instructions with immediate effect.

4. Special fees levied for specific purposes such as, Medical Inspection, Library, Games, Laboratory, etc., shall be borne by the children of Political Sufferers and no separate amount shall be sanctioned for the purpose.

The Political Sufferer or the guardian should see that the application and the certificates are complete in all respects to obviate doubt regarding the eligibility of the applicant for the concessions under this Scheme. Form "C" certificate regarding income should be got verified by the Tahsildar even after sanction of the concessions. The applications not submitted through the Head of the Institution shall not be entertained.

7. The Political Sufferer or the applicant's guardian in the case of deceased Political Sufferer, will have to file an affidavit in Form "D" to the effect that he fulfils the conditions of eligibility about the extent of land and other property possessed by him and income therefrom. He will also enter into an agreement in Form "E" to the effect that in case it is found that the concession was obtained on the basis of incorrect or false affidavit, the entire amount of concession will be recoverable as an arrear of land revenue.

10. The concessions granted under these rules shall be withheld from the pupil who remains for more than one year in one and the same standard or class or form of a School, or same class of a College or a Technical Institution provided that the pupil may retain the concession for a second year also in the same standard in any one of the standards from I to VIII in the Primary and Middle Schools and in the same class or form in any one of the classes or forms up to Class XI in the Secondary Schools and in the same class in any one of the Classes of the College or Technical Courses, when a scholar is unable to appear for the annual examination within the said course of studies owing to illness and the head of the Institution certifies that on the basis of the academic performance in that standard or class, the scholar was likely to have passed had the examination been taken and also that the application is supported by certificate of illness.

His or her concession will be withdrawn only if he or she fails to secure a pass even at the end of the second year. A concession withdrawn under this clause shall be revived when the pupil is promoted to the next higher standard, class or form.

14. Once the remission of fees are sanctioned under these rules, it shall not be necessary to submit fresh applications in forms "A", "B" and "C" for continuance of the concessions so long as the scholars continue to study in the same institution. For Book grants and scholarships, there shall be fresh application every year. These scholars should apply to the Heads of Institutions in which they may be studying giving details of orders sanctioning such concessions and requesting for further continuance of the concessions. The Heads of the Institutions should submit progress reports of such scholars along with the marks obtained by them in their last annual examination with their definite recommendations to the Director of Public Instruction, Bangalore, as soon as the Institutions re-open and the applicants join the Institutions to continue studies further. On the basis of these reports and marks sheets, the Director of Public Instruction, Bangalore, will consider the question of continuing the remission of fees, subject to the condition of satisfactory progress and conduct of the scholar and that the student does not take part in strikes, etc. The stipends on book grants as the case may be, will be sanctioned every year as per the conditions indicated above.

FINANCE SECRETARIAT

Procedure for the accounting of Sugarcane Cess.

READ—

1. Government Order No. RD 14 SGC 57, dated 4th January 1958.
2. Letter No. 646/Dep. 3/D 2, dated 31st January 1958, from the Accountant General Mysore, Bangalore.
3. Letter No. FD 188 BUD 57, dated 31st October 1958 addressed to the Accountant General, Mysore, Bangalore.
4. Letter No. Dep 3/D 1/154, dated 24th December 1958, from the Accountant General, Mysore, Bangalore.

Prior to 15th June 1959 the Sugarcane Cess was levied under the laws in force in the respective integrated areas of the New Mysore State. The Mysore Sugarcane Cess Act, 1958 (Act No. 27 of 1958) which extends to the whole of the State of Mysore, has been brought into force from 15th June 1959. Section 12 of the Act requires that the proceeds of the Cess and the fees recovered under the Act should first be credited to the Consolidated Fund of the State and after deduction of expenses of collection and recovery transferred to a separate fund called the "*State Sugarcane Cess Fund*". In view of this and other statutory requirements, it is necessary to issue certain instructions regarding the collection, utilisation, accounting procedure, etc., in respect of the Cess. Accordingly the following instructions are issued in the matter.

ORDER NO. FD 188 BUD 57, DATED BANGALORE, THE 28TH NOVEMBER 1959 (AGRAHAYANA 7, SAKA ERA 1881).

The proceeds of the cess and the fees recovered under the Mysore Sugarcane Cess Act, 1958 (Act No. 27 of 1958) should be first credited to the Consolidated Fund of the State under "*XIII—Other Taxes and Duties—or Receipts under the Sugarcane Cess Act*". At the end of each financial year these proceeds, after deducting expenses of collection and recovery as may be prescribed by Government from time to time, should be transferred to a separate fund called the State Sugarcane Cess Fund by *per contra* debit to "13—Other Taxes and Duties —d—Transfer to the State Sugarcane Cess Fund". Government is pleased to establish this Statutory Fund with effect from 15th June 1959, the date from which the Mysore Sugarcane Cess Act, 1958 (Act No. 27 of 1958) came into force. The existing funds *viz.*, (i) Sugarcane Cess Fund, Mysore and (ii) Sugarcane Cess Fund, Bombay, should be extinguished from the same date, *i.e.*, 15th June 1959. The question of transferring the balances standing at the credit of these funds to the new fund will be taken up in due course.

2. According to Section 12 (2) of the Act, the Sugarcane Cess Fund is to be expended in such manner and under such conditions as may be prescribed, for the purpose of:

(*a*) the development and improvement of cultivation, growth and marketing of Sugarcane and other irrigated crops, including research for such development and improvement;

(*b*) the development of sugar industry in the State;

(*c*) the improvement of health, encouragement of technical education and development of communications in the notified areas in which sugarcane is grown for supply to the notified factories;

(*d*) meeting the expenses in connection with the administration of the State Sugarcane Cess Fund and the functioning of the Advisory Committees; and

(*e*) such other prescribed purposes.

Such of the expenditure on the above mentioned objects which is to be finally met out of the Sugarcane Cess Fund will initially be met out of the Consolidated Fund of the State and transferred to it (Sugarcane Cess Fund) at the close of the year. The Officers concerned such as the Director of Agriculture, Director of Public Health, Director of Technical Education, Executive Engineers of concerned Divisions, Commissioner of Commercial Taxes, etc., should classify the expenditure which is to be finally met out of the Sugarcane Cess Fund just like other normal

expenditure of their Departments under the concerned service heads, *viz.*, '40—Agriculture', '39—Public Health', '37—Education', '50—Civil Works', '12—A—Sales Tax', '13—Other Taxes and Duties', etc. The expenditure met out of the Sugarcane Cess Fund should be shown as reduction of expenditure under the service heads concerned. These adjustments will be carried out by the Accountant General, Mysore. In order to facilitate these adjustments such expenditure should be exhibited separately as far as possible. Where this is not possible, at least the expenditure to be met out of the Fund should be clearly indicated. Under no circumstances the credits and debits should be made to the fund directly. All credits and debits must pass through the Consolidated Fund of the State.

3. The Revenue Department of the Secretariat is designated as the 'Administrative Department so far as the administration of this Act is concerned. The Commissioner of Commercial Taxes is the Chief Controlling Officer while the Deputy Commissioners of Commercial Taxes of the Districts in which the Sugar Factories are situated (*Mandya, Shimoga, Bellary, Belgaum and Raichur Districts*) will be the Estimating Officers in respect of 'XIII—Other Taxes and Duties—r—Receipts under the Sugarcane Cess Act' and '13—Other Taxes and Duties—d—Transfer to the State Sugarcane Cess Fund'. The Commissioner of Commercial Taxes will also be the Controlling Officer in respect of State Sugarcane Cess Fund. The Accountant General should communicate the balance in the Fund to that Officer for acceptance.

4. If any cess collected after 15th June 1959 is credited to a head other than 'XIII—Other Taxes and Duties—r—Receipts under the Sugarcane Cess Act' the Deputy Commissioners of Commercial Taxes concerned should take steps to get it transferred to the correct head (*XIII—Other Taxes and Duties*). The Deputy Commissioners of Commercial Taxes should also inform the managements of the Sugar Factories under their jurisdiction to credit the cess to the correct head of account.

5. All schemes and works which are proposed to be financed from the State Sugarcane Cess Fund should be sent to the Administrative Department of the Secretariat concerned which will examine them in consultation with Revenue and Finance Departments and sanction them, if approved.

By Order and in the name of the Governor of Mysore,

N. S. BHARATH,
Deputy Secretary to Government,
Finance Department (Budget).

Prohibition of 'Begar' or forced labour

CIRCULAR

No. P & D 125 SCH 58, DATED BANGALORE, THE 23RD NOVEMBER 1959 (MARGASIRA 2, SAKA ERA 1881).

Begar and other similar forms of forced labour have been prohibited under Article 23 of the Constitution and any contravention of this provision has been declared an offence punishable in accordance with Law. The State Government is, however, empowered to impose compulsory service for public purposes but no descrimination, however, can be made while imposing such service on grounds only of religion, race, caste or class or any of them. forced Labour, wherever prevalent is generally practised to the disadvantage of the backward classes and the Scheduled Castes and Scheduled Tribes are generally the victims.

2. The Commissioner for Scheduled Castes and Scheduled Tribes in his Report or the year 1956-57 has recommended that wherever this 'begar' system is prevalent, it is desirable that action should be taken to eradicate it completely.

643

3. Government understand that the system is neither widely prevalent nor concentrated in any part of this State. Nevertheless to whatever extent this system might be prevalent in any part of the State, it would be exploitation of human labour which is not only illegal but immoral. The Divisional Commissioners, Heads of the Departments and the Deputy Commissioners are therefore informed that if they notice the prevalence of this evil practice of 'Begar' or forced labour anywhere in the State, they should warn the persons concerned suitable and the Scheduled Castes and Scheduled Tribe victims of this custom should be encouraged to report such illegal acts practised against them to the authorities concerned.

5. Let er from the Joint Director, Rural Industrialis tion No. RIFB. P.R. 4/59-60, dated 10th July 1959.
6. Letter from the J nt Director, Rural Industrialisation No. RIFB-P.R. 4/59-60, dated 17th August 1959.

ORDER No. CI 158 RIS 58, DATED BANGALORE, THE 10TH SEPTEMBER 1959 (BHADRAPADA 19, SAKA ERA 1881).

Consequent on the Extension of the jurisdiction of the Rural Industries Financing Bank to the integrated areas of the State, a question has arisen as to the pattern of Organis tion in the different areas for channelising the activities of the Bank. In the old Mysore area the existing Primary Rural Industrial Co-operative Societies nd Urban Industrial Co-operative Societies affiliated to the Bank, through which loans are being issued to artisans and industrialists, are being amalgamated into Taluk Rural Industrial Co-operative Societies. In South Kanara District also Taluk Rural Industrial Co-operative Societies have been formed on the model of old Mysore area and registered. These societies are proposed to be got affiliated to the Rural Industrial Financing Bank. Similarly for Coorg, one Primary Society at Mercara is proposed to be formed to cater to the needs of the entire District.

2. As regards Hyderabad Karnatak area, the Joint Director of Industries and Commerce, who had discussions in the matter with representatives of the District Central Co-operative Banks of Raichur and Gulbarga and other local officers concerned reports that these Banks are not in favour of undertaking the task of distributing Industrial Loans. It is therefore proposed that Primary Rural Industrial Co-operative Societies at Taluk level may be organised in this area also on the pattern of the old Mysore area, and that the Rural Industries Financing Bank may channelise its activities through these Primary Societies.

3. As regards the Bombay Karnatak Area, however, the concensus of opinion is that the existing District Industrial Banks of Dharwar, Belgaum and Bijapur Districts would undertake the responsibility of distributing loans to the Small Scale and Rural Industrialists and that there is no need to have any other agencies at any lower level in these Districts.

4. As for the North Kanara District there is no Industrial Bank in the District, nor is it likely that the Reserve Bank will permit one to be formed. The leading Co-operators and Industrialists of the District are in favour of having Taluka Rural Industrial Co-operative Societies as in the old Mysore Area to Channelise the loans from the Rural Industries Financing Bank. Hence it is proposed to form Primary Societies at the taluka level in this District also for that purpose.

5. It is, therefore, directed that the pattern of agencies for the channelising of loans from the Rural Industries Financing Bank to artisans, and Small Scale and Rural Industrialists shall be as follows :—

Area	*Agency*
Old Mysore Area Hyderabad Karnatak Area North Kanara District South Kanara District Coorg District Kollegal Taluk	The Primary Rural Industrial Co-operative Societies of the Taluks.
Bombay Karnatak Area (excluding North Kanara District).	The District Industrial Banks.

The Joint Director of Industries and Commerce (Rural Industrialisation), should take steps accordingly to organise Primary Rural Industrial Co-operative Societies at the Taluk level wherever they are required and get them affiliated to the Rural Industries Financing Bank.

Delegation of Powers to the Director of Animal Husbandry and Veterinary Services to fix the selling price rates of Poultry and its Products.

1. Government Order No. AFD 159 AHS 57, dated 30th August 1958.
2. Letter No. PDE 71/59-60 dated 2nd August 1959 from the Director of Animal Husbandry and Veterinary Services, Mysore, Bangalore.

ORDER NO. AFD 145 VAH 59, DATED BANGALORE, THE 9TH OCTOBER 1959 (ASVIJA 17, SAKA ERA 1881).

The Director of Animal Husbandry and Veterinary Services, Mysore, Bangalore states that the selling rates of poultry and its products will have to be according to the demand depending upon the prevailing market prices. Since the prices of poultry and its products will be fluctuating every now and then, he has to approach Government frequently for fixing up the price of poultry and its products of the Government Farms in the absence of delegation of powers in this respect. Moreover the eggs during summer season will have to be utilised more for table than for hatching and if the rates are not reduced in time according to the seasonal variation there would be wastage. The Director of Animal Husbandry and Veterinary Services in the circumstances requests Government for the delegation of power to fix up the selling rates of poultry and its products in the Government Farms.

The proposal is accepted and the Director of Animal Husbandry and Veterinary Services is authorised to fix the selling prices of poultry and its products in the Government Farms.
